Transformation Audit 2011 Jan Hofmeyr, 2012-03-07 The 2011 Transformation Audit presents a collection of articles by South African thought leaders which asks how the country can set goals and achieve them in a hostile global climate that threatens developmental gains that have been painstakingly achieved For nearly two decades South Africans have conducted exhaustive analyses of the country's challenges embarked on bold scenario exercises and more recently produced forward looking strategies aimed at addressing these challenges The most eminent of these in recent years were the Department of Economic Development's New Growth Path and the National Planning Commission's Draft National Development Plan We know now what the problems are and by and large what needs to change to address them Courage is required now to forge consensus to take decisions on strategies and to start implementing them As in previous years this publication with its slightly different format and appearance seeks to provide analysis and provoke debate on how this might be achieved

Two-Edged Sword Nicholas Tracy, 2012-10-01 In the first major study of the Royal Canadian Navy's contribution to foreign policy Nicholas Tracy takes a comprehensive look at the paradox that Canada faces in participating in a system of collective defence as a means of avoiding subordination to other countries Created in 1910 to support Canadian autonomy the Royal Canadian Navy has played an important role in defining Canada's relationship with the United Kingdom the United States and NATO Initially involved with participation in Imperial and Commonwealth defence the RCN's role shifted following the Second World War to primarily ensuring the survival of the NATO alliance and deflecting American influence over Canada Tracy demonstrates the ways in which the Navy's priorities have realigned since the end of the Cold War this time partnering with the US and NATO navies in global policing Insightful detailed and grounded in solid historical scholarship A Two Edged Sword presents a complete portrait of the shifting relevance and future of a cornerstone of Canadian defence

Schoolhouse Shams Peter Downs, 2013 Written by a parent and school board member who first embraced many of the ideas of the modern school reform movement Schoolhouse Shams lays bare much of the mythology and misinformation that underpin many of the failed school reform policies of the last decade Many of the top strategies of the highly publicized school reform movement already have been tried out in St Louis with disastrous results Along with demonstrating the failure of school reform prescriptions to improve education the experience of St Louis demonstrates that the ideological premise of the reform movement that a focus on providing opportunities for private profit taking will necessarily improve schools is both wrong and conflicts with the ideals of democracy accountability and justice

The Struggle to Reform Our Colleges Derek Bok, 2017-09-05 Why efforts to improve American higher educational attainment haven't worked and where to go from here During the first decade of this century many commentators predicted that American higher education was about to undergo major changes that would be brought about under the stimulus of online learning and other technological advances Toward the end of the decade the president of the United States declared that America would regain its historic lead in the

education of its workforce within the next ten years through a huge increase in the number of students earning quality college degrees Several years have elapsed since these pronouncements were made yet the rate of progress has increased very little if at all in the number of college graduates or the nature and quality of the education they receive In *The Struggle to Reform Our Colleges* Derek Bok seeks to explain why so little change has occurred by analyzing the response of America's colleges the influence of students employers foundations accrediting organizations and government officials and the impact of market forces and technological innovation In the last part of the book Bok identifies a number of initiatives that could improve the performance of colleges and universities The final chapter examines the process of change itself and describes the strategy best calculated to quicken the pace of reform and enable colleges to meet the challenges that confront them

The Political Economy of Fossil Fuel Subsidy Removal Mariza Montes de Oca Leon, Achim Hagen, Franziska Holz, 2024-11 We study the impact of fossil fuel subsidy removal on presidential popularity using difference indifference approaches and a stylized theoretical model Analyzing macro level data for two subsidy removal events in Mexico and Bolivia in the early 2010s we find evidence of a negative impact on presidential approval Our theoretical probabilistic voting model predicts that the decline in popularity is driven by high income groups if subsidies are regressive and that lack of trust in the government lowers popularity of the removal in all income groups We confirm these predictions using micro level data for the Mexican subsidy removal event
