Grafityp Csr Manual:

The ICCA Handbook on Corporate Social Responsibility Judith Hennigfeld, Manfred Pohl, Nick Tolhurst, 2006-10-02 The world's leading companies have realized that success in the long term requires them not only to make an economic profit but also to contribute to the societies in which they operate. As a result, Corporate Social Responsibility (CSR) has moved to the top of the business agenda. Yet questions remain. Sceptics ask whether provided an organization's activities conform to legislation there is a business case for going beyond this. This unique Handbook from the Institute for Corporate Culture Affairs (ICCA) offers an invaluable combination of lessons learned and best practice for the future. It explores the general concept of CSR, investigates approaches to implementation and provides first-hand insights from well-known CEOs, academics and organizations. Above all, it stresses the fact that CSR must spring from a corporate culture implying values and norms which in themselves endorse sustainable ways of doing business. Without this shift of emphasis from shareholder returns to sustainable value, CSR can never be more than a diversion. Featuring contributions from Ben Verwaayen, CEO BT Group, Fujio Mitarai, President and CEO Canon, Sir Geoffrey Chandler, Founder Amnesty International, Business Group and Yoshio Shirai, Managing Director Toyota, as well as experiences from inside leading organizations like Volkswagen, Credit Suisse, The Body Shop and the UK Government, the ICCA Handbook of Corporate Social Responsibility showcases CEOs and companies that have seized the opportunities offered by CSR. It is intended to stimulate further exchange and development in the field. For now, it captures the state of the CSR art. The Board of Editors who have worked on this book include Katja Böhmer, Aron Ghebremariam, Judith Hennigfeld, Sandra S. Huble, Dirk Matten, Manfred Pohl, Nick Tolhurst, Wayne Visser. **Handbook of Integrated CSR Communication** Sandra Diehl, Matthias Karmasin, Barbara Mueller, Ralf Terlutter, Franzisca Weder, 2016-12-29 This handbook pursues an integrated communication approach. Drawing on the various fields of organizational communication and their relevance for CSR, it addresses innovative topics such as big data, social media and the convergence of communication channels, as well as the roles they play in a successfully integrated CSR communication program. Further aspects covered include the analysis of sector-specific, cross-cultural and ethical challenges related to the effective communication of CSR. This handbook is unique in its consistent focus on integrated communication. It is of interest not only for the scientific discourse but will also benefit those corporations that not only seek to operate in a socially responsible manner but also to communicate their efforts to their various stakeholders. Besides its significant value for researchers and professionals, the book can also be used as a reference for undergraduate and graduate students interested in successful CSR communication. **The A to Z of Corporate Social Responsibility** Wayne Visser, Dirk Matten, Manfred Pohl, Nick Tolhurst, 2009-08-27 This is the world's first complete reference on CSR compiled by the Institute for Corporate Cultural Affairs, the ICCA. The entries have been written by leading experts, leading global thinkers and CSR practitioners. In these pages lie the answers to questions such as: What do we mean by CSR? In what way are organizations viewed as citizens?

of the countries in which they operate How does a company know when it is operating in a sustainable way What is ethical investment The reference also lists and describes the most important organizations and landmarks in the field of CSR The book comprises 339 terms which are split into core concepts key words and definitions to form the standard reference for managers academics teachers students officials and volunteers in the field of CSR This is a timely and innovative contribution to the field of Corporate Social Responsibility the definitive terminology reference on CSR business society relations and the organizations and standards in the field *Manual for Your First CSR Strategy*, 2021 **Model Bank CSR Training Manual with Trainers Guide**, 2011 **The A to Z of Corporate Social Responsibility** Wayne Visser, Dirk Matten, Manfred Pohl, Nick Tolhurst, 2010-05-20 CSR has now moved beyond the stage of specialist or niche subject to become an integral part of global business and society This timely edition is destined to become the definitive guide to CSR Sustainability Business Ethics and the organizations and standards in the field The A to Z of Corporate Social Responsibility is a unique publication and is the culmination of over a hundred of the world's leading thinkers opinion formers academic and business people providing an easy to use guide to CSR from general concepts such as sustainability stakeholder management business ethics and human rights to more specific topics such as carbon trading microfinance biodiversity the Base of the Pyramid model and globalisation In addition to definitions of the most important terms across the wide range of CSR associated topics this book also covers all the most important codes and guidelines such as the Equator Principles the UN Global Compact and ISO standards as well as providing background on organizations such as the World Business Council for Sustainable Development and Transparency International and profiles of CSR in particular industries and regions This paperback edition includes all the latest developments in CSR as well as incorporating new sections on boardroom pay the sub prime market and the financial crisis Praise for the first edition A complete reference guide offers an invaluable combination of lessons learned and best practice for the future provides first hand insights Forum CSR International October 2008 This is a timely and innovative contribution to the field of Corporate Social Responsibility Retail Leisure International February 2008 a handy reference to have on the shelf behind your desk Ethical Performance February 2008 You will not find a wider display of today's key global players and their action programs than here CSR News net May 2008 The book contains a great deal of detailed research Supply Management May 2008 ISO 26000 Lars Moratis, Timo Cochius, 2011-05 Over the last ten years Corporate Social Responsibility CSR has grown from being criticised as a management fad to being endorsed as good business practice by the majority of the world's leading companies It has also become ever more complex and the majority of companies are now in need of clarity and guidance to actively engage with CSR in practice to develop strategies that reflect the unique context in which each company operates and to embed CSR within their values ISO the International Organization for Standardization began developing an International Standard providing guidelines for social responsibility SR in 2005 This long awaited guidance standard was finally published in November 2010 as ISO 26000 Developed by
