of Northern slavery Alongside a team of archaeologists Griswold began a dig that would uncover a landscape bursting with stories Based on years of archival and field research as well as voyages to Africa the West Indies and Europe The Manor is at once an investigation into forgotten lives and a sweeping drama that captures our history in all its richness and suffering It is a monumental achievement *Gardens Open for Charity* Gardens Scheme National,Julia Grant,2005-02 **Reading the Landscape of Europe** May Theilgaard Watts,2009 Come along on a field trip with the esteemed American naturalist May Theilgaard Watts to see how nature history and culture have written their stories on the landscapes of Italy France Switzerland Germany Denmark Norway and Britain She makes a lively guide knowledgeable literary witty and opinionated drawing on botany ecology and geography as well as literature and folklore to explain how a place came to look and feel the way it does In this sequel to her popular book *Reading the Landscape of America* Watts explored the hills of Italy the grouse heath of Britain the Black Forest of Germany the limestone plateaus of France and much more explaining the forces that shaped these landscapes and continue to change them Illustrated with dozens of pen and ink by the author Includes a key to identifying the trees of Europe *Great Gardens of Britain* Graham Stuart Thomas,1979 This is the first book devoted exclusively to the gardens of the National trust in England Wales and Northern Ireland Many of the finest gardens in Britain belong to the National trust the thousands of visitors attracted to them every year testify to the great interest in gardens and the immense pleasure they give Taken from front jacket flap **The Gardener's Book of Sources** William B.
