Grammar Of Modern English University Paperbacks:

Oxford Modern English Grammar Bas Aarts, 2011-02-10 *Oxford Modern English Grammar* is Oxford's brand new and definitive guide to English grammar. This book has been written by a leading expert in the field, covers both British and American English, and makes use of authentic spoken and written examples. Arranged in four clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly yet authoritatively. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate and postgraduate students, and for anyone who would like a clear guide to English grammar and how it is used.

Modern English Structures - Second Edition Bernard O'Dwyer, 2006-06-14 *Modern English Structures* is a clear and accessible text that follows a structural approach to teaching basic English grammar. The book is divided into three parts: what a sentence constituent is, what a sentence constituent does, and where a sentence constituent goes. Form, Function, and Position. The objective of the book is to bring students to a better understanding of sentence constituents and sentence structures, providing them with appropriate terminology to discuss these forms and relationships. This second edition has been revised and updated throughout. The accompanying *Modern English Structures Workbook* parallels the text and provides useful training both in memorization and in higher order thinking skills.

Garner's Modern American Usage Bryan Garner, 2009-08-27 A guide to proper American English word usage, grammar, pronunciation, and style features, examples of good and bad usage from the media.

The Handbook of English Linguistics Bas Aarts, April McMahon, Lars Hinrichs, 2023-02-13 Second edition of this popular Handbook, bringing together stimulating discussions of core English linguistics topics in a single authoritative volume. Includes numerous new and thoroughly updated chapters. The second edition of the popular *Handbook of English Linguistics* brings together stimulating discussions of the core topics in English linguistics in a single authoritative volume. Written by an international team of experts, the chapters cover syntax, methodology, phonetics and phonology, lexis and morphology, variation, stylistics and discourse, and also provide discussions of theoretical and descriptive research in the field. The revised edition includes new and updated chapters on English Corpus Linguistics, experimental approaches, complements and adjuncts, English phonology and morphology, lexicography, and more. In depth yet accessible chapters introduce key areas of English linguistics, discuss relevant research, and suggest future research directions. An important academic contribution to the field, this book presents thirty-two in-depth yet accessible chapters that discuss new research findings across the field, written by both established and emerging scholars from around the world. Builds upon the very successful first edition published in 2006. Incorporates new trends in English linguistics, including digital research methods and theoretical advances in all subfields. Suggests future research directions. The *Handbook of English Linguistics* 2nd Edition is an essential reference work for researchers and students working in the field of English language and linguistics.
