Utopias and Dystopias in the Fiction of H. G. Wells and William Morris Emelyne Godfrey, 2016-12-08 This book is about the fiercely contrasting visions of two of the nineteenth century's greatest utopian writers A wide ranging interdisciplinary study it emphasizes that space is a key factor in utopian fiction often a barometer of mankind's successful relationship with nature or an indicator of danger Emerging and critically acclaimed scholars consider the legacy of two great utopian writers exploring their use of space and time in the creation of sites in

which contemporary social concerns are investigated and reordered A variety of locations is featured including Morris's quasi fourteenth century London the lush and corrupted island a routed and massacred English countryside the high rises of the future and the vertiginous landscape of another Earth beyond the stars *Grand Designs* Aneta Podkalicka, Esther Milne, Jenny Kennedy, 2018-11-28 This is the first academic book to examine the long running hit series *Grand Designs* which occupies a significant place in the popular imagination internationally The authors apply an empirically grounded critical perspective to the study of television to reveal how people use the program in their everyday lives The emphasis on everyday uses and meanings combines creatively with understanding the program theoretically textually and in terms of its production structures This position challenges framings of the popular lifestyle and factual television genre that has been dominated by a neoliberal or governmentality perspective for many years Presented by British designer and writer Kevin McCloud *Grand Designs* follows the progress of home owners as they embark on design renovation and building projects at almost always dizzying scales of endeavour Understanding the program as both a text to analyse and a site of material impact the book draws on interviews with production members home renovators building practitioners and audiences as well as references to associated media formats to provide contextual depth to the analysis The authors argue that as a cultural object the program is both shaped by and enacts social discourses of home making design value and taste Navigating public commercial and promotional logics *Grand Designs* sparks new forms of cultural production and consumer markets The Brazen Serpent: Or God's Grand Design; Viz. Christ's Exaltation for Man's Salvation, in His Believing on Him, Etc John HORNE (of Lynn.), 1673 **The New Economics of Sustainable Consumption** G. Seyfang, 2008-12-11 This book offers a fresh look at sustainable consumption exploring how grassroots community action can spread ideas in society It presents a New Economics approach based on alternative measures of wealth and value examining how these are put into practice through local organic food systems low impact eco housing and complementary currencies **Mudgirls Manifesto** The Mudgirls Natural Building Collective, 2018-06-05 Building a Revolution one handful at a time In the face of widespread burnout and a world gone crazy how do we find things to say yes to rather than a resounding no On North America's West Coast there's a group of rebel women who ten years ago chose to break free from a rigged economic and social system They didn't take to the streets to lobby banks and governments to change their ways they didn't have time for that They had babies to feed and house They reckoned that if nobody else was going to change the rules to support basic human needs and respect the biosphere then we are all free to make our own rules They chose action They decided to teach themselves how to build houses using the most abundant material on earth mud They'd learn by building gathering skills and allies They'd have fun sharing whatever they learned with whoever wanted to come along for the ride The Mudgirls revolution was born Part story of rebel women grassroots self governance and community building part incendiary political and economic tract and part practical guide to building natural homes for real people *Mudgirls Manifesto* is about respecting the earth each other and
