Klassik F R Kids Mozart Here:

Haydn, Mozart, and the Viennese School, 1740-1780 Daniel Hertz, 1995 Historians have long tried to place the music of Haydn and Mozart in the lineage of German Lutheran music In this book Daniel Hertz shows that the first Viennese school grew from a Catholic inheritance in Italian music and from local tradition with an admixture of French currents The generation of composers led by Haydn no longer trained in Italy By the time young Mozart joined the ranks of the Viennese school its accomplishments towered above all others of the time The author's approach can be compared to viewing a majestic mountain range in its totality the highest peaks take on even greater majesty when seen in their natural context of foothills and lesser peaks This is how Haydn and Mozart were viewed by their contemporaries whose world of perception Hertz recreates using among other things the visual art of the period His focus is on music as a part of cultural history at a particular time and place Stylistic terms and a priori periods matter less to him than the common denominators of geography culture and political history Book jacket *Klassik für Kids*, 1993 **Opernwelt**, 1995 German and English Dirk Siepmann, 2020-11-29 German and English Academic Usage and Academic Translation focuses on academic and popular scientific academic usage This book's brief is both theoretical and practical on the theoretical side it aims to provide a systematic corpus based account of current academic usage in English and in German as well as of the translation problems associated with various academic genres on the practical side it seeks to equip academic translators with the skills required to produce target language text in accordance with disciplinary conventions The main perspective taken is that of a translator working from German into English but the converse direction is also regularly taken into account Most of the examples used are based on errors that occurred in real life translation jobs Additional practice materials and sample translations are available as eResources here www.routledge.com/9780367619022 This book will be an important resource for professionals aspiring to translate academic texts linguists interested in academic usage translation scholars and graduate and post graduate students *Bielefelder Katalog Klassik*, 1993 **Catalog of Sound Recordings** Sibley Music Library, 1977 **Trumpet Discography**, 1970 **International Who's who in Classical Music**, 2009 The Musical Times, 1968 **Neue Ausgabe sämtlicher Werke: Vokalwerke mit Orchester oder mit mehreren Instrumenten.
