Knowledge Of The Higher Worlds And Its Attainment

Ying Liu

Knowledge Of The Higher Worlds And Its Attainment:

Knowledge of the Higher Worlds and Its Attainment Rudolf Joseph Lorenz Steiner, 1932-01-01 There slumber in every human being faculties by means of which he can acquire for himself a knowledge of higher worlds Mystics Gnostics Theosophists all speak of a world of soul and spirit which for them is just as real as the world we see with our physical eyes and touch with our physical hands At every moment the listener may say to himself that of which they speak I too can learn if I develop within myself certain powers which today still slumber within me There remains only one question how to set to work to develop such faculties For this purpose they only can give advice who already possess such powers As long as the human race has existed there has always been a method of training in the course of which individuals possessing these higher faculties gave instruction to others who were in search of them Such a training is called occult esoteric training and the instruction received therefrom is called occult esoteric teaching or spiritual science This designation naturally awakens misunderstanding The one who hears it may very easily be misled into the belief that this training is the concern of a special privileged class withholding its knowledge arbitrarily from its fellow creatures He may even think that nothing of real importance lies behind such knowledge for if it were a true knowledge he is tempted to think there would be no need of making a secret of it it might be publicly imparted and its advantages made accessible to all Those who have been initiated into the nature of this higher knowledge are not in the least surprised that the uninitiated should so think for the secret of initiation can only be understood by those who have to a certain degree experienced this initiation into the higher knowledge of existence The question may be raised how then under these circumstances are the uninitiated to develop any human interest in this so called esoteric knowledge How and why are they to seek for something of whose nature they can form no idea Such a question is based upon an entirely erroneous conception of the real nature of esoteric knowledge There is in truth no difference between esoteric knowledge and all the rest of man's knowledge and proficiency This esoteric knowledge is no more of a secret for the average human being than writing is a secret for those who have never learned it And just as all can learn to write who choose the correct method so too can all who seek the right way become esoteric students and even teachers In one respect only do the conditions here differ from those that apply to external knowledge and proficiency The possibility of acquiring the art of writing may be withheld from someone through poverty or through the conditions of civilization into which he is born but for the attainment of knowledge and proficiency in the higher worlds there is no obstacle for those who earnestly seek them Many believe that they must seek at one place or another the masters of higher knowledge in order to receive enlightenment Now in the first place whoever strives earnestly after higher knowledge will shun no exertion and fear no obstacle in his search for an initiate who can lead him to the higher knowledge of the world On the other hand everyone may be certain that initiation will find him under all circumstances if he gives proof of an earnest and worthy endeavor to attain this knowledge It is a natural law among all initiates to withhold from no man the knowledge

that is due him but there is an equally natural law which lays down that no word of esoteric knowledge shall be imparted to anyone not qualified to receive it And the more strictly he observes these laws the more perfect is an initiate The bond of union embracing all initiates is spiritual and not external but the two laws here mentioned form as it were strong clasps by which the component parts of this bond are held together You may live in intimate friendship with an initiate and yet a gap severs you from his essential self so long as you have not become an initiate yourself You may enjoy in the fullest sense the heart the love of an initiate yet he will only confide his knowledge to you when you are ripe for it You may flatter him you may torture him nothing can induce him to betray anything to you as long as you at the present stage of your evolution are not competent to receive it into your soul in the right way The methods by which a student is prepared for the reception of higher knowledge are minutely prescribed The direction he is to take is traced with unfading everlasting letters in the worlds of the spirit where the initiates guard the higher secrets In ancient times anterior to our history the temples of the spirit were also outwardly visible today because our life has become so unspiritual they are not to be found in the world visible to external sight yet they are present spiritually everywhere and all who seek may find them Only within his own soul can a man find the means to unseal the lips of an initiate He must develop within himself certain faculties to a definite degree and then the highest treasures of the spirit can become his own He must begin with a certain fundamental attitude of soul In spiritual science this fundamental attitude is called the path of veneration of devotion to truth and knowledge Without this attitude no one can become a student The disposition shown in their childhood by subsequent students of higher knowledge is well known to the experienced in these matters There are children who look up with religious awe to those whom they venerate For such people they have a respect which forbids them even in the deepest recess of their heart to harbor any thought of criticism or opposition Such children grow up into young men and women who feel happy when they are able to look up to anything that fills them with veneration From the ranks of such children are recruited many students of higher knowledge Have you ever paused outside the door of some venerated person and have you on this your first visit felt a religious awe as you pressed on the handle to enter the room which for you is a holy place If so a feeling has been manifested within you which may be the germ of your future adherence to the path of knowledge It is a blessing for every human being in process of development to have such feelings upon which to build Only it must not be thought that this disposition leads to submissiveness and slavery What was once a childlike veneration for persons becomes later a veneration for truth and knowledge

Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner, 2006-11 Opening address Stuttgart August 20 1919 14 lectures Stuttgart August 21 September 5 1919 CW 293 2 lectures Berlin March 15 and 17 1917 CW 66 Although we can physically see children only after their birth we need to be aware that birth is also a continuation We do not want to look only at what the human being experiences after death that is at the spiritual continuation of the physical We want to be aware that physical existence is a continuation of what higher beings have done without our assistance Our form

of educating can have the correct attitude only when we are aware that our work with young people is a continuation of what higher beings have done before birth Rudolf Steiner This course on education contains some of the most remarkable and significant lectures ever given by Rudolf Steiner Because these lectures were given to teachers however they have suffered the misconception that they are useful only to teachers Any teacher who wants to teach in a way that encompasses the whole child certainly needs a functional understanding of what Steiner presents here but these lectures will also greatly benefit parents psychologists counselors or anyone else involved with child development Steiner gives his most concise and detailed account of human nature in these lectures which are absolutely essential for anyone who wants a deeper understanding of Steiner's spiritual science Those who are willing to work through this work will discover here a new powerful convincing and profoundly phenomenological anthropology of human spiritual psychology In these lectures Steiner laid out for the first time the principles that form the basis for renewing the art of teaching The Foundations of Human Experience is probably the most important text for studying and understanding the human developmental and psychological basis of Waldorf educational principles Translated from the German editions Allgemeine Menschenkunde als Grundlage der Pädagogik GA 239 appendix from Geist und Stoff Leben und Tod GA 66 An earlier translation was titled Study of Man Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner, 1932 *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner, 2016-04-24 The quintessential guide for the spiritual seeker from the deeply gifted mystic In human life joy is usually something one has not deserved through previous actions When we investigate karma by occult means we always discover that in most cases joy has not been earned and we should accept it gratefully as sent to us by the gods as a gift of the gods and to say to ourselves The joy which comes to meet us today ought to kindle in us the will to work in such a way as to take into ourselves the forces streaming to us through this joy and to apply these usefully We must look upon joy as a sort of prepayment on account for the future Love starts when we push aside our ego and make room for someone else If we do not believe within ourselves this deeply rooted feeling that there is something higher than ourselves we shall never find the strength to evolve into something higher May my soul bloom in love for all existence You will not be good teachers if you focus only on what you do and not upon who you are PREFACE TO THE EDITION OF MAY 1918 PREFACE TO THE SIXTH EDITION PREFACE TO THE THIRD EDITION I HOW IS KNOWLEDGE OF THE HIGHER WORLDS ATTAINED II THE STAGES OF INITIATION III SOME PRACTICAL ASPECTS IV THE CONDITIONS OF ESOTERIC TRAINING V SOME RESULTS OF INITIATION VI THE TRANSFORMATION OF DREAM LIFE VII THE CONTINUITY OF CONSCIOUSNESS VIII THE SPLITTING OF THE HUMAN PERSONALITY DURING SPIRITUAL TRAINING IX THE GUARDIAN OF THE THRESHOLD X LIFE AND DEATH THE GREATER GUARDIAN OF THE THRESHOLD APPENDIX *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner, 2007-05 Knowledge of the Higher Worlds and its Attainment is a publication authored by Rudolf Steiner This title focuses on Steiner's belief of the importance of studying and understanding higher worlds and

includes on how to attain knowledge from higher worlds esoteric training transforming dream life consciousness and spiritual training This is an excellent book for those who are interested in such studies as outlined above and also for those who are interested in the beliefs and new age ideas made popular in the early 20th century by Rudolf Steiner

Knowledge of the Higher Worlds Rudolf Steiner,2011-06 Rudolf Steiner Press has published a new series of re edited re typeset and re designed editions of the classic authorized translations of Rudolf Steiner s foundational books Each volume of this series is printed in a limited edition of 1 000 copies and sewn bound in high quality cloth finished with colored end papers and includes a book mark ribbon Steiner s foundational handbook for spiritual and personal development has grown more modern with time though his methods remain clearly distinguishable from many current paths of inner work First Steiner s method is based on the clarity of thought normally associated with scientific research Instead of denying clear thinking his aim is to extend it beyond its present limitations Second Steiner recognizes as do all genuine paths that the way to spiritual experience is arduous and dangerous and calls for self control in thought word and action The human being comprises a unity and we cannot develop knowledge without a corresponding development of feeling and will Steiner predicted that humanity would begin to experience a longing for forms of experience that transcended intellectual materialistic thinking More than a hundred years after the first publication of this book countless means are offered for achieving transcendental experience including Eastern meditation practices channeling remote viewing and astral projection Moreover there has been a huge increase in the number of people who report various suprasensory perceptions such as near death experiences and meetings with angels In this context Steiner s key spiritual guidebook is needed more than ever given its unique precise instructions for inner training its protective exercises and its indications for staying grounded and centered Knowledge of the Higher Worlds begins with the preconditions for personal development and guides the reader through the stages of initiation its practical aspects and its effects *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,2010-04 Knowledge of the Higher Worlds and its Attainment An Esoteric Spiritualism Initiation written by legendary author Rudolf Steiner is widely considered to be one of the greatest classic and historical texts of all time This great classic will surely attract a whole new generation of readers For many Knowledge of the Higher Worlds and its Attainment An Esoteric Spiritualism Initiation is required reading for various courses and curriculums And for others who simply enjoy reading timeless pieces of classic literature this gem by Rudolf Steiner is highly recommended Published by Classic Books International and beautifully produced Knowledge of the Higher Worlds and its Attainment An Esoteric Spiritualism Initiation would make an ideal gift and it should be a part of everyone s personal library **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner,1947 **Knowledge of the Higher Worlds** Rudolf Steiner,1976 **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner,1934 **Knowledge of the Higher Worlds (and It's Attainment)** Rudolph Steiner,2011-11-18 Knowledge of the Higher Worlds and its Attainment constitutes a

fundamental guide to the anthropological path of cognition or knowledge In human consciousness faculties are sleeping that if awakened lead to life giving wisdom With great clarity and warmth Rudolf Steiner details the exercises and moral qualities to be cultivated on the path to a conscious experience of super sensible realities *Knowledge of the Higher Worlds* Rudolf Steiner,2020-06-06 **Knowledge of the Higher Worlds and Its Attainment**Book by Rudolf Steiner **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner,1944 **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner,1937 *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,1933 **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner,1958 *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,2024-04-23 2024 Reprint of the 1947 Edition A Revised and Enlarged Edition of The Way of Initiation and Initiation and Its Results Full facsimile of the original edition and not reproduced with Optical Recognition Software Rudolf Steiner developed exercises aimed at cultivating new cognitive faculties he believed would be appropriate to contemporary individual and cultural development According to Steiner s view of history in earlier periods people were capable of direct spiritual perceptions or clairvoyance but not yet of rational thought more recently rationality has been developed at the cost of spiritual perception leading to the alienation characteristic of modernity Steiner proposed that humanity now has the task of synthesizing the rational and contemplative spiritual components of cognition whereby spiritual perception would be awakened through intensifying thinking He considered this relevant not only to personal development but as a foundation for advanced scientific research *Knowledge of the Higher Worlds and its Attainment* constitutes a fundamental guide to the anthroposophical path of cognition or knowledge In human consciousness faculties are sleeping that if awakened lead to life giving wisdom With great clarity and warmth Rudolf Steiner details the exercises and moral qualities to be cultivated on the path to a conscious experience of supersensible realities This book perhaps the most controversial of Steiner s extensive literary legacy suggests the possibility of a person in the 20th century developing sufficient skills of concentration empathy etc to be able to obtain first hand knowledge of spiritual realities consciously *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,1942 **Knowledge of the Higher World and Its Attainment** Eliza Joslin Kendall,2022-01-07 If you ve ever yearned to access the higher worlds within you Steiner s illuminating map can help you cross the threshold at a time when humanity needs it most **Knowledge of the Higher Worlds and Its Attainment** Rudolf Steiner (Philosophical Writer.),J. Davy,M. Cotterell,1963
