*Lucha Loco* ,2007-11 With his collection of over 120 portraits Malcolm Venville intimately observes the complexity of the Luchadore by capturing both the human element and stage persona of each wrestler through direct uncluttered photography

*Lucha Loco* Malcolm Venville,2010-02-23 Malcolm Venville s rare deluxe Mexican wrestling volume now available in an accessible popular format Lucha Libre or free wrestling is a cultural phenomenon renowned not only for the wrestler s high flying moves but also for the mythology of their personas These masked figures a ritual dating back to Aztec culture treat their masks and the identities they embody as sacred El Santo the first luchador pop star rarely took off his mask even in retirement and was eventually buried in it It is such a significant part of the sport and the performance that the removal of an opponent s mask in the ring is grounds for disqualification Malcolm Venville fell in love with the sport after catching a show in Mexico and spent several weeks photographing and interviewing wrestlers outside the ring in a small portrait studio Alongside each portrait is the wrestler s fighting name and a signature quote from these interviews Among the subjects are an accountant and a doctor by day but Super Pinocchio and Astro Boy by night They offer such gems as American wrestling is more about the lighting My character is the fastest in Mexico but not when I m making love and I combine wrestling with stripping but wrestling s my passion The result is an even more hilarious and colorful look at this already entertaining spectacle part sport part soap opera as well as a window into the life of a luchador a world normally shrouded in mystery

**Lucha Libre, the Family Portraits** Lourdes Grobet, 2009 Lourdes Grobet has documented the spectacle of Mexican professional wrestling known as lucha libre free fighting for more than 25 years The only woman to have worked in such proximity to the sport Grobet has photographed the masked luchadores in many contexts and always in their signature disguises which practitioners have worn since 1942 when a wrestler named El Santo stepped into a Mexico City ring wearing a silver mask literally changing the face of the game forever The mask always a symbolically rich object in Mexican culture serves both as a retreat into anonymity and as an attack as a weapon with which to disconcert and terrorize the opponent Its visual appeal especially when set in scenarios outside the ring was quickly apparent to Grobet who describes El Santo as one of the teachers that most influenced me early on In *Lucha Libre The Family Portraits* Grobet shows the wrestlers with their mothers wives and girlfriends sitting for what would almost be a generic family portrait but for the fantastic costumes of the luchadores themselves By this simple recontextualizing gesture we are brought to the threshold of their identities and held there The ungainly monstrous and splendidly defiant stance they convey with this final preservation of anonymity is of course what gives Grobet's pictures their edge One of Mexico's leading contemporary photographers Lourdes Grobet was a student of artists Mathias Goeritz Gilberto Aceves Navarro and Katy Horna among others For the past 20 years she has surveyed Mexican popular culture from female wrestling northern emigration and neo Mayan architecture to Cuban immigration Her influence on younger generations of Mexican artists including Gabriel Orozco and Rubén Ortiz Torres has been considerable
