Ludwika Polish Struggle Survive Germany:

Ludwika MR Christoph Fischer, MR David Lawlor, 2015-12-02 It's World War II and Ludwika Gierz a young Polish woman is forced to leave her family and go to Nazi Germany to work for an SS officer. There she must walk a tightrope learning to live as a second class citizen in a world where one wrong word could spell disaster and every day could be her last. Based on real events this is a story of hope amid despair of love amid loss ultimately it's one woman's story of survival. Editorial Review This is the best kind of fiction it's based on the real life Ludwika's story highlights the magnitude of human suffering caused by WWII transcending multiple generations and many nations WWII left no one unscarred and Ludwika's life illustrates this tragic fact. But she also reminds us how bright the human spirit can shine when darkness falls in that unrelenting way it does during wartime. This book was a rollercoaster ride of action and emotion skilfully told by Mr Fischer who brought something fresh and new to a topic about which thousands of stories have already been told.
