Luminous Nights Journey An Autobiographical Fragment:

Luminous Night's Journey A. H. Almaas,2000-09-05 In Luminous Night's Journey Almaas shares excerpts from his personal journal which describe a certain thread in his own journey of realization and the processes involved in integrating that realization This publication marks a fortunate development in our knowledge of how Being is realized in and through the human soul The process of realization and integration of true nature described in the voice of one who articulates precisely and vividly the psychological and epistemological barriers which confront the individual consciousness as realization is integrated in the context of personal life Almaas describes how his participation in the unfolding manifestation of Being ushers him into realms that expose and transform increasingly deep ego structures and attachments Luminous Night's Journey clarifies how the unveiling of Being and the exposure of ego structures constitute one process leading to the soul's integrated realization of absolute nature and the manifestation of the human being as a personal embodiment of that nature

The Point of Existence A. H. Almaas, 2000-09-05 The founder of the Diamond Approach to Self Realization examines narcissism through a spiritual lens presenting it as our greatest barrier to understanding our truest self In this book the author explores the underlying spiritual understanding of narcissism He presents a detailed map of the steps involved in working through barriers that prevent us from recognizing the most essential nature of our true identity Almaas is one of the most significant voices for a new and remarkably integrated spiritual vision His work connects the personal the universal the psychological and the spiritual not as pieces put together but as the inseparable mandala of the sacred that we are I respect his work to the highest degree and commend it to anyone interested in living the life of the spirit Jack Kornfield Ph D author of After the Ecstasy the Laundry Diamond Heart: Inexhaustible Mystery A. H. Almaas, 2011-07-12 The final volume in A H Almaas masterwork on the contemporary spiritual path known as the Diamond Approach From one perspective we can see ourselves merely as human beings struggling in a crowded and chaotic world of suffering Inexhaustible Mystery opens our eyes to a different reality one that turns our familiar world inside out We need only explore with curiosity and love our true potential as human beings in order to discover infinite depth and creativity in our lives as we act and interact in the world When time and space expand their meaning we come to know ourselves as having infinite dimensions of being and qualities of spirit and uncover new mysteries about ourselves one another and the reality we live in This is the last of the five volume Diamond Heart series of transcribed and edited talks given by A H Almaas to inner work groups in California and Colorado

Figures of Buddhist Modernity in Asia Jeffrey Samuels, Justin Thomas McDaniel, Mark Michael Rowe, 2016-07-31 This book introduces contemporary Buddhists from across Asia and from various walks of life Eschewing traditional hagiographies the editors have collected sixty six profiles of individuals who would be excluded from most Buddhist histories and ethnographies In addition to monks and nuns readers will encounter artists psychologists social workers part time priests healers and librarians as well as charlatans hucksters profiteers and rabble rousers all whose lives reflect changes in modern

Buddhism even as they themselves shape the course of these changes The editors and contributors are fundamentally concerned with how individual Buddhists make meaning and display this understanding to others Some practitioners profiled look to the past lamenting the transformations Buddhism has undergone in recent times while others embrace these Some have adopted a new asceticism while others are eager to explore different religious traditions as they think about their own ways of being Buddhist Arranging the profiles according to these themes looking backward forward inward and outward reveals the value of studying individual Buddhists and their idiosyncratic religious backgrounds and attitudes thus highlighting the diversity of approaches to the practice and study of Buddhism in Asia today Students and teachers will welcome sections on further readings and additional tables of contents that organize the profiles thematically as well as by tradition Theravada Mahayana Vajrayana region and country Spacecruiser Inquiry A. H. Almaas, 2002-04-30 Over the past twenty five years A H Almaas widely recognized as a leader in integrating spirituality and psychology has been developing and teaching the Diamond Approach a spiritual path that integrates the insights of Sufism Buddhism Gurdjieff and other wisdom traditions with modern psychology In this new work Almaas uses the metaphor of a spacecruiser to describe a method of exploring the immediacy of personal experience a way of investigating our moment by moment feelings thoughts reactions and behaviors through a process of open ended questioning. The method is called the practice of inquiry and Spacecruiser Inquiry reveals what it means to engage with this practice as a spiritual path its principles challenges and rewards The author explores basic elements of inquiry including the open ended attitude the focus on direct knowledge the experience of not knowing and the process of questioning He describes the experience of Diamond Guidance the inner wisdom that emerges from our true nature and how it can be realized and applied In this process Almaas looks at many of the essential forms of Diamond Guidance including knowing clarity truth love intelligence compassion curiosity courage and determination Also included are exercises and guestions and answers from the original talks by Almaas on which the book is The Wiley-Blackwell Handbook of Transpersonal Psychology Harris L. Friedman, Glenn Hartelius, 2013-10-07 based THE WILEY BLACKWELL HANDBOOK OF Transpersonal Psychology The new Handbook of Transpersonal Psychology is a necessity today Many transpersonal psychologists and psychotherapists have been waiting for such a comprehensive work Congratulations to Harris Friedman and Glenn Hartelius May this book contribute to an increasingly adventurous creative and vibrant universe Ingo B Jahrsetz President The European Transpersonal Association The Handbook of Transpersonal Psychology is an outstanding comprehensive overview of the field It is a valuable resource for professional transpersonal practitioners and an excellent introduction for those who are new to this wide ranging discipline Frances Vaughan PhD Psychologist author of Shadows of the Sacred Seeing Through Spiritual Illusions Finally the vast literature on transpersonal psychology has been collected in what is clearly the essential handbook for psychologists and others who have either too apologetically endorsed or too critically rejected what undoubtedly will define psychology in the future If you are not a

The result is a richly flavored distillation of the underlying principles and active ingredients in the field The Alchemy of Freedom A. H. Almaas, 2017-03-28 Well known spiritual teacher A H Almaas uses the metaphor of the mysterious philosopher's stone to discuss a tremendous liberating power that leads to endless enlightenment For millennia alchemists sought the philosophers stone the miracle substance believed to be the key to all the secrets of existence The quest was fueled by some of the prime questions of human existence What am I Why am I here How has this world come to be A H Almaas shows that the tremendous liberating power of the mysterious philosophers stone is closer to us than we realize In fact it is the true nature of all reality in all times and all places without being limited to being anything in particular Through the philosophers stone real transformation can happen our consciousness can become free and we can open to all the possibilities of reality Almaas discusses the factors that are involved in igniting the catalytic property of the philosophers stone and then begins to unpack the properties of true nature when it is free of constraints Finally we are left with the revelation that true nature is endlessly knowable and yet nothing we can know or say about it exhausts its mystery and power The result is a new understanding of what liberation and practice are and a view of what it s like when seeking ceases and life becomes a process of continual discovery We begin to appreciate that the freedom of reality expressed in the complete and fulfilled life all human beings seek and few find is actually the simplicity of the ordinary The Unfolding Now A. H. Almaas, 2008-06-10 The keys to self knowledge and deep contentment are right here before us in this very moment if we can simply learn to live with presence and open awareness In The Unfolding Now A H Almaas presents a marvelously effective practice for developing the transformative quality of presence Through a particular method of self observation and contemplative exploration that he calls inquiry we learn to live in the relaxed condition of simply being ourselves without interference from feelings of inadequacy drivenness toward goals

struggling to figure things out and rejecting experiences we don t want Almaas explores the many obstacles that keep us from being present including defensiveness ignorance desire aggression and self hatred and shows us how to welcome with curiosity and compassion whatever we are experiencing The Power of Divine Eros A. H. Almaas, Karen Iohnson, 2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self centered way The Power of Divine Eros challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be fully real and alive in all of our interactions Runaway Realization A. H. Almaas, 2014-10-21 Spiritual teacher A H Almaas presents the highest level and most profound teachings of the Diamond Approach on the true nature of reality and the path to enlightenment The teaching in this book is off the map because reality itself cannot be captured in a map In fact reality is far more alive far more mysterious than anything we can conceive of It is always revealing itself by knowing itself and knowing reality and living it becomes the fulfillment of our life Here A H Almaas the originator of the Diamond Approach presents a new paradigm for understanding reality the view of totality He reveals that our life can become an endless revelation of reality an adventure with neither beginning nor end A H Almaas has been developing and teaching the Diamond Approach a spiritual path of self realization and maturity based on an original synthesis of modern discoveries in the field of psychology and a new paradigm about spiritual nature for more than thirty years The Diamond Approach aims to realize the truth at progressively deeper levels until one reaches the ultimate Truth the Absolute and to become integrated into that truth so that we are a living presence and embodiment of it The teachings of this path have been unfolding over time and Runaway Realization presents for the first time in print the highest level of teachings in the Diamond Approach in the most profound work by Almaas so far Almaas offers a detailed look at the true nature of reality and the nature of enlightenment He also talks about practice what it is and what it isn t and how it relates to the process of realization He looks at what it is to be a human being and what our role is in the totality of the universe The material includes a discussion of the nature of space and time as well as a view of more and more subtle levels of realization Brilliancy A. H. Almaas, 2006-05-09 Intelligence is one of the defining characteristics of human beings an inherent ability to respond to the world with awareness knowledge learning and insight

Most considerations of human intelligence are based on the notion that intelligence is a product of brain functioning A H Almaas introduces here a radically different viewpoint one that recognizes an actual quality of consciousness as the source of intelligence He calls this source the Brilliancy of our true nature The presentation of his understanding of intelligence is followed by in depth dialogues with his students on the various barriers to recognizing and embodying this essential quality In particular an unresolved relationship with one s father is found to shape the experience of Brilliancy Using a Socratic method that draws upon techniques of body centered Gestalt psychodynamic and cognitive psychologies Almaas helps participants work through their defenses and conflicts surrounding this issue and then diverging from pychotherapeutic practice guides them in discovering their own Brilliancy Diamond Heart: Elements of the Real in Man A. H. Almaas.2000-09-05 The opening installment in a five volume series on the Diamond Approach a path to greater self and spiritual realization presented by its founder Founded by spiritual teacher A H Almaas the Diamond Approach presents a unique path to enlightenment that borrows from modern psychology and therapy Through the method's core practice of inquiry practitioners engage with their inner world the very qualities and experiences that make them human as a means of unlocking their potential and discovering the true power of their spiritual nature This five volume series is a collection of Almaas lectures on the Diamond Approach In Elements of the Real Man he covers topics such as faith commitment nobility and suffering truth and compassion allowing and growing up Through these talks Almaas offers valuable guidance and advice for those on a spiritual path and he explores the challenges and psychological barriers faced by those seeking self realization
