Lawrence Hogue, 2012-02-01 In this wide ranging analysis W Lawrence Hogue argues that African American life and history is more diverse than even African American critics generally acknowledge Focusing on literary

representations of African American males in particular Hogue examines works by James Weldon Johnson William Melvin Kelley Charles Wright Nathan Heard Clarence Major James Earl Hardy and Don Belton to see how they portray middle class Christian subaltern voodoo urban jazz blues postmodern and gay African American cultures Hogue shows that this polycentric perspective can move beyond a racial uplift approach to African American literature and history and help paint a clearer picture of the rich diversity of African American life and culture

Jazz is fast moving and this edition clearly and concisely maps out an often dizzying web of professional associations. We find for instance that when Miles Davis was a St. Louis teenager he encountered Charlie Parker and Dizzy Gillespie for the first time. This meeting proved fateful and by 1945 a nineteen year old Davis had left Juilliard to play with Parker on 52nd Street. Knowledge of these professional alliances along with the countless others chronicled in this book are central to tracing the development of significant jazz movements such as the cool jazz that became one of Miles Davis's hallmarks. Arranged alphabetically according to last name each entry of this book chronologically lists the highlights of every jazz musician's career. Highly accessible and vigorously researched, *The Biographical Encyclopedia of Jazz* is quite simply the most comprehensive jazz encyclopedia available.
