Governor James Rolph And The Great Depression In California:

Governor James Rolph and the Great Depression in California James Worthen, 2010-07-27 In 1911 when businessman James Rolph first ran for mayor of San Francisco he promised I will be mayor of the whole city and not the mayor for any particular section This statement seemed to characterize Rolph s political career After serving an unprecedented five terms as mayor he went on to win California s 1930 gubernatorial election Rolph however had severely underestimated the challenges he would be up against as a Depression era governor A genuine love of people and desire to help had gotten him as far as the governor s office but could do little to help him solve the new problems he found Lack of a firm agenda coupled with an unrealistic or perhaps idealistic governing style left him at odds with the legislature and found his chief lieutenants forming into warring cliques Ultimately Rolph in spite of good intentions and a love of civil service was unable to translate his mayoral triumph with all its charm and style into a gubernatorial success This biography relies heavily on primary sources such as contemporary newspaper articles and firsthand recollections Beginning with Rolph s mayoral career the book enumerates the qualities which led to his phenomenal success as San Francisco s top politician The work then examines the criticisms levied against Rolph as governor and the ways in which these complaints were and were not justified The unfortunate historical timing of Rolph s governorship is also discussed In many ways Rolph s attempt to translate from prosperous 20s mayor to Depression era 30s governor was simply ill fated from the very beginning A detailed bibliography and index is also provided

California After Arnold Stephen D. Cummings, Patrick B. Reddy, 2009 Much has been written and will surely be written on California politics but no other work will contain such a comprehensive collection of demographic and politics data relying on actual election returns Census data and exit polls as the attached charts and proposal indicate The book will illustrate how Democrats and Republicans have won the different strategies they have used and why The book will look at the prospective candidates in 2010 and also at the long term prospects of both parties and various ethnic and interest groups

San Francisco's Queen of Vice Lisa Riffin, 2017-10-01 Lisa Riffin tells the story of the rise and fall of 1940s San Francisco abortionist Inez Brown Burns who made a fortune by providing her services to desperate women throughout California before the city s newly elected district attorney Edmund G Pat Brown exposed the hidden yet not so secret life of backroom deals political payoffs and corrupt city cops

The Elusive Eden Richard B. Rice, William A. Bullough, Richard J. Orsi, Mary Ann Irwin, Michael F. Magliari, Cecilia M. Tsu, 2019-09-13 California is a region of rich geographic and human diversity The Elusive Eden charts the historical development of California beginning with landscape and climate and the development of Native cultures and continues through the election of Governor Gavin Newsom It portrays a land of remarkable richness and complexity settled by waves of people with diverse cultures from around the world Now in its fifth edition this up to date text provides an authoritative original and balanced survey of California history incorporating the latest scholarship Coverage includes new material on political upheavals the global

banking crisis changes in education and the economy and California's shifting demographic profile This edition of *The Elusive Eden* features expanded coverage of gender class race and ethnicity giving voice to the diverse individuals and groups who have shaped California With its continued emphasis on geography and environment the text also gives attention to regional issues moving from the metropolitan areas to the state's rural and desert areas Lively and readable *The Elusive Eden* is organized in ten parts Each chronological section begins with an in depth narrative chapter that spotlights an individual or group at a critical moment of historical change bringing California history to life *Endangered Dreams* Kevin Starr,1996 History of California in the 1930s discussing topics that include the depression Upton Sinclair's campaign for governor Harry Bridges and the San Francisco general strike and the public and private relief programs for the more than one million emigrants from the dust bowl **Unwanted Mexican Americans in the Great Depression** Abraham Hoffman,1974 Discouraged by widespread unemployment and alarmed by anti Mexican sentiment nearly five hundred thousand Mexican Americans returned to Mexico between 1929 and 1939 Historian Abraham Hoffman captures the despair of these thousands of people of Mexican descent including those with U S citizenship who were actively coerced into leaving the country Prior to 1931 many Mexican Americans left the United States voluntarily prompted by homesickness unemployment and the Mexican government's offer of free small land parcels As the Great Depression deepened repatriation pressures increased Anglo groups lobbied for laws that excluded aliens from jobs and welfare benefits Many businessmen government officials and social workers believed that removing Mexican Americans would open up jobs for U S citizens and alleviate some of the burden placed on relief agencies The Department of Labor's federal deportation drive launched in 1931 created an atmosphere of fear and tension in Mexican American communities Immigration agents conducted surprise searches for people who had entered the country illegally and Mexicans who had crossed the border before restrictive legislation was passed became prime targets of the deportation campaign Welfare agencies throughout the United States organized repatriation programs The Los Angeles County Welfare Bureau with the most extensive program was responsible for the removal of more than thirteen thousand Mexican Americans A few well publicized deportations had frightened Mexicans who were unsure of their immigration status Many chose repatriation over possible deportation Using much archival material and many previously unpublished government documents Hoffman focuses on the repatriation experience in Los Angeles The city's large Mexican American population provides an excellent case study of the entire movement He also surveys the process of Mexican repatriation throughout the entire United States *California's Lamson Murder Mystery: The Depression Era Case that Divided Santa Clara County* Tom Zaniello,2016-10-17 On Memorial Day 1933 Stanford executive David Lamson found his wife Allene dead in their Palo Alto home The only suspect he became the face of California's most sensational murder trial of the century After a judge sentenced him to hang at San Quentin a team of Stanford colleagues stepped in to form the Lamson Defense Committee The group included poets Yvor Winters and Janet

Lewis as well as the Sherlock Holmes of Berkeley criminologist E O Heinrich They managed to overturn the verdict and incite a series of heated retrials that gripped and divided the community Was Lamson the victim of aggressive prosecutors or was he a master of deception whose connections helped him get away with murder Author and Stanford alum Tom Zaniello meticulously examines the details of a notorious case with a lingering legacy [California Progressivism Revisited](#) William Deverell, Tom Sitton, 1994-05-31 Embracing issues of ethnicity gender and ideology this collection of essays demonstrates how California was an important focus for the development of the progressive reform movement in the USA during the early part of the 20th century *A. P. Giannini: Banker of America* Felice A. Bonadio, 2024-02-07 It is rare for a banker to win national acclaim or even recognition J P Morgan apart it is hard to think of a banker who achieved this kind of status A P Giannini had it on the West Coast but even though he remained a regional banker his influence was national Felice A Bonadio describes him as the Henry Ford of banking While recognizing that Giannini was no saint Mr Bonadio accepts him at his own valuation as the people s banker There is no question that in creating the world s largest bank he greatly benefited California much of the state s explosive growth in this century having been financed by Bank of America And as Mr Bonadio points out by extending easy credit more broadly than anyone else he expanded the boundaries of life for millions To do so was his dream and the realization of it justifies the effort Mr Bonadio has put into this book William L O Neill The New York Times Giannini who began his career as a wholesaler of fruit and vegetables became a financial giant As early as 1920 his San Francisco bank had 220 000 depositors Competing bankers joined fundamentalist Protestant groups in charging him with fomenting a Catholic Italian plot to take over the West s financial institutions Giannini s 410 branch banking octopus did indeed engage in such tactics The author uncovered internal bank memos documenting quite ruthless attempts to capture the bank accounts of immigrant school children and women family members The investments which the Bank of America backed included the movie business In addition to becoming Walt Disney s first financial sponsor Giannini helped to subsidize the building of the Golden Gate bridge Bonadio gives one a real sense of what it meant for the warm hearted but sometimes volatile Giannini to help finance such huge enterprises Bonadio s narrative is direct and forceful The description of Giannini s personal character moves the story along skillfully Andrew Rolle Italian Americana By starting a bank and nurturing it into the biggest bank in the world Amadeo Peter Gianninni became possibly the most spectacular entrepreneur of the early part of the twentieth century His story is inspiring and of interest to anyone who wants to understand the history of the West or the development of financial institutions in the United States This book should be a part of every complete library on the history of the west or financial history Lynne Pierson Doti The Journal of Economic History Until this biography appeared we have had to rely on a very old and limited account of the Bank of America Felice A Bonadio has made what appears to be thorough use of the bank s archives to go far beyond that old account He adds much to our knowledge of Giannini s enterprises which included not only his early ventures as a produce merchant but also his major involvement with the film

industry throughout the 1920s and 30s Bonadio writes well and knows how to tell a story Richard M Abrams Pacific Historical Review Bonadio s accomplishment rests on the careful presentation of archival resources and of a large secondary literature The clarity of the story is reinforced through the use of extensive quotes a well documented business biography Gunther Barth Montana Magazine of Western History Those interested in the reconstruction of one financier s view of his world will find in Bonadio s book much to think about Kerry Odell The American Historical Review Campaigns Inc. Cayce Myers,2025-06-26 Set against the changing and turbulent politics of California from the 1930s through the 1950s Campaigns Inc Leone Baxter Clem Whitaker and the Invention of Political Consulting examines the life and work of Leone Baxter and her husband Clem Whitaker During this era Baxter and Whitaker invented and refined the field of campaign consulting a form of public relations practice that manages reputation image and communication during a political campaign This book details their work and the development of their successful political consulting firm Campaigns Inc They worked for mainly conservative and Republican clients and it was through this work that Campaigns Inc set the standard for how campaigns would be structured and run through the next century The book begins with an overview of Baxter and Whitaker s core philosophy of communication campaigns and politics Cayce Myers details their early work in California s Central Valley and their first big campaign against Democratic nominee Upton Sinclair who ran for California Governor in 1934 The book then examines Baxter and Whitaker s campaign for the successful 1942 Gubernatorial candidacy of Earl Warren The Warren campaign served as a template for building a campaign around a candidate and not a party Following that election Baxter and Whitaker s work transformed to focus on defeating compulsory health insurance reforms They successfully defeated healthcare reform initiatives by California Governor Earl Warren and later President Harry Truman by shaping public sentiment against the specter of socialized medicine **Gendered Politics** Linda Van Ingen,2017-02-07 This book explores women s campaign strategies when they ran for state and national office in California from their first opportunity after state suffrage in 1911 to the advent of modern feminism in 1970 Although only 18 won nearly 500 women ran on the primary ballots changing the political landscape for both men and women while struggling against a collective forgetfulness about their work Mostly white and middle class until the 1960s the women discussed in this book are notable for their campaign innovations which became increasingly complex even if not consciously connected to a usable past They re gendered politics as political firsts pursued high hopes for organizational support from their women s clubs accommodated to opportunities created through incumbency and issue politics and explored both separatist and integrationists politics with their parties In bringing these campaigns to light this study explores the history of California women legislators and the ways in which women on the ballots sought to transcend gendered barriers supporting women s equality while also recognizing the political value of connections to men in power Organized in a loose chronology with the state s governors this study shows the persistent nature of women s candidacies despite a recurring historical amnesia that complicated their progress

Remembering this history deepens our understanding of women running for office today and solidifies their credibility in a long history of women politicians

Black San Francisco Albert S. Broussard, 1993 This work explores race relations in the city of San Francisco where whites for the most part were outwardly civil to blacks while denying them employment opportunities and political power The author argues that it is essential to understand the nature of the racial caste system

The 1936 Berlin Olympics: Race, Power, and Sportswashing Jules Boykoff, 2023-01-06 When Adolf Hitler hosted the 1936 Summer Olympics in Berlin he used the Games to rally political support in Germany and abroad for his white supremacist worldview In doing so Hitler not only ruptured the myth that politics and sports do not mix but he also initiated the first major instance of sportswashing hosting a sports mega event to launder one s stained reputation on the

world stage The 1936 Berlin Olympics Race Power and Sportswashing situates these controversial Games in the longer political history of the Olympics and examines the behind the scenes machinations that led to the International Olympic Committee handing these Games to Germany in the first place In the United States the Berlin Olympics catalyzed a raucous if ultimately unsuccessful boycott campaign that raised serious concerns about racialized repression in the host country The Berlin Games furnished a high profile testing ground for racial theories rooted in white supremacy the marrow in the Nazis ideological bones where Black athletes like Jesse Owens thrived The Games also brought innovations like the Olympic Torch Relay that were subsequently woven into Olympic tradition Sportswashing is a significant concern in modern day sports studies this book demonstrates how the Olympic Games have long been both a potential pedestal for autocrats to boost their unsavory regimes and a flashpoint for human rights criticism Although history does not gift the present moment with crisp facsimiles from the past thinking through history illuminates patterns and possibilities that can help make sense of the whirling swirl of today

[Belle Baranceanu](#) Jennifer Peoples Hernandez, 2023-01-20 In this first biography of artist Belle Goldschlager Baranceanu Jennifer Peoples Hernandez tells the extraordinary story of a woman who rose from humble beginnings to become the most important female muralist in San Diego during the Great Depression and a prominent California Modern artist Her meteoric rise in the art world began in Chicago in the 1920s but the onset of the Great Depression nearly ended her career Drawing from previously unpublished letters and archival records Hernandez skillfully weaves Baranceanu's resilient story into the larger history of the Depression and New Deal in Chicago and San Diego and highlights the success of the government's work relief programs For Baranceanu and others fortunate enough to work for the New Deal art projects the Depression turned out to be a golden age in American art history with a level of government patronage that has been unmatched ever since

West of Jim Crow Lynn M. Hudson, 2020-09-28 African Americans who moved to California in hopes of finding freedom and full citizenship instead faced all too familiar racial segregation As one transplant put it The only difference between Pasadena and Mississippi is the way they are spelled From the beaches to streetcars to schools the Golden State in contrast to its reputation for tolerance perfected many methods of controlling people of color Lynn M Hudson deepens our understanding of the practices that African Americans in the West deployed to dismantle Jim Crow in the quest for civil rights prior to the 1960s Faced with institutionalized racism black Californians used both established and improvised tactics to resist and survive the state's color line Hudson rediscovers forgotten stories like the experimental all black community of Allensworth the California Ku Klux Klan's campaign of terror against African Americans the bitter struggle to integrate public swimming pools in Pasadena and elsewhere and segregationists

preoccupation with gender and sexuality Nature, Class, and New Deal Literature Stephen Fender, 2011-08-25 Working through close rhetorical analysis of everything from fiction and journalism to documents and documentaries this book looks at how popular memory favors the country Depression over the economic crisis in the nation's cities and factories Over eighty years after it happened the Depression still lives on in iconic images of country poor whites in the novels of John Steinbeck the photographs of Dorothea Lange and Arthur Rothstein the documentary films of Pare Lorenz and the thousands of share croppers life histories as taken down by the workers of the Federal Writers Project Like the politicians and bureaucrats who accomplished the New Deal's radical reforms in banking social security and labor union law the artists novelists and other writers who supported or even worked for the New Deal were idealists well to the left of center in their politics Yet when it came to hard times on the American farm something turned them into unwitting reactionaries Though they brought these broken lives of the country poor to the notice and sympathy of the public they also worked unconsciously to undermine their condition How and why Fender shows how the answer lies in clues overlooked until now hidden in their writing their journalism and novels the life histories they ghost wrote for their poor white clients the bureaucratic communications through which they administered these cultural programs even in the documentary photographs and movies with their insistent captions and voice overs This book is a study of literary examples from in and around the country Depression and the myths on which they drew
