Indo Subcontinent which is spoken broadly in the districts of Abbottabad Haripur Mansehra Attock and the cities like Peshawar Nowshera Swabi Kohat and some other cities and towns of Pakistan From the viewpoint of some scholars Hindko is a dialect of Panjabi and to the others it is a separate language Whether one can recognize it as a separate language or a dialect Hindko is a beautiful language which has its own rich historical background its own vocabulary treasure and grammatical rules and its own melodic language structure Each language of the world is an immense heritage of the mankind which should be preserved by all means whether it be a language of a little clan of the vast African jungles or the lingua franca of our times English Dying of a language is like the death of a heritage that has been achieved through the centuries and it absolutely is like the death of a living cell of the body of the mankind After some years of my studies on Hindko I realized that if something is not done like the many different languages of the world which remained as the old and forgotten names in the pages of history books or in some research books this beautiful language most likely will also be a part of old times What I could do to preserve this language it was to prepare a grammar for Hindko So I prepared this book and you will find a practical way of the Hindko grammar in this book **Learn to speak and write Urdu in 30 days**

YouGuide Ltd, *The Grammar of Focus* Georges Rebuschi, Laurice Tuller, 1999-11-15 The grammar of focus has been studied in generative grammar from its inception It has been the subject of intense detailed cross linguistic investigation for over 20 years particularly within the Principles and Parameters framework It is appropriate at this point therefore to take stock Appraisal at this particular point is all the more legitimate because it comes at a time of general evaluation of the results of the profound activity that has characterized the Principles and Parameters framework This general assessment has produced a radical new direction within that framework The volume starts off with an introductory chapter that aims to provide an outline for the assessment to be followed by an overview of the evolution of the study of focus in generative grammar and a recapitulation of the principal issues associated with focus These issues are taken up in the remaining chapters of the book where various grammatical means of marking focus as well as grammaticalization of focus marking are analyzed in a wide variety of languages [A Grammar of the Hindustani Or Urdu Language](#) John Thompson Platts, 1874

Subject Guide to Books in Print ,1983 The Oxford Handbook of Ergativity Jessica Coon,Diane Massam,Lisa deMena Travis,2017-07-13 This volume offers theoretical and descriptive perspectives on the issues pertaining to ergativity a grammatical patterning whereby direct objects are in some way treated like intransitive subjects to the exclusion of transitive subjects This pattern differs markedly from nominative accusative marking whereby transitive and intransitive subjects are treated as one grammatical class to the exclusion of direct objects While ergativity is sometimes referred to as a typological characteristic of languages research on the phenomenon has shown that languages do not fall clearly into one category or the other and that ergative characteristics are not consistent across languages Chapters in this volume look at approaches to ergativity within generative typological and functional paradigms as well as approaches to the core morphosyntactic building blocks of an ergative construction related constructions such as the anti passive related properties such as split ergativity and word order and extensions and permutations of ergativity including nominalizations and voice systems The volume also includes results from experimental investigations of ergativity a relatively new area of research A wide variety of languages are represented both in the theoretical chapters and in the 16 case studies that are more descriptive in nature attesting to both the pervasiveness and diversity of ergative patterns

from these unique institutions by both social and economic sanctions They have no other option than to educate their children either in public schools or Islamic madaris As a result inequitable educational opportunities consolidate the existing social class hierarchy *Topics in Hindi-Urdu Grammar* Bruce R.
