Lucid dreaming will come easy with this guide and dream journal *Lucid Dreaming* Robert Waggoner, 2008-10-01 Lucid Dreaming Gateway to the Inner Self is the account of an extraordinarily talented lucid dreamer who goes beyond the boundaries of both psychology and religion In the process he stumbles upon the Inner Self While lucid consciously aware in the dream state and able to act and interact with dream figures objects and settings dream expert Robert Waggoner experienced something transformative and unexpected He was able to interact consciously with the dream observer the apparent Inner Self within the dream At first this seemed shocking even impossible since psychology normally alludes to such theoretical inner aspects as the Subliminal Self the Center the Internal Self Helper in vague and theoretical ways Waggoner came to realize however that aware interaction with the Inner Self was not only possible but actual and highly inspiring He concluded that while aware in the dream state one has both a psychological tool and a platform from which to understand dreaming and the larger picture of man's psyche as well Waggoner proposes 5 stages of lucid dreaming and guides readers through them offering advice for those who have never experienced the lucid dream state and suggestions for how experienced lucid dreamers can advance to a new level Lucid Dreaming offers exciting insights and vivid illustrations that will intrigue not only avid dreamworkers but anyone who is interested in consciousness identity and the definition of reality
