Our Own Agendas Margaret Gillett, Ann Beer, 1995 *Our Own Agendas* is the second collection of essays by McGill women. The first *A Fair Shake* was published a decade ago. The second volume both reflects the current climate of openness and shows that many barriers remain to be challenged. *Our Own Agendas* makes a lively and enlightening contribution to our understanding of women's experiences and to Canadian social history. **The New Russia** Mikhail Gorbachev, 2016-06-08 After years of rapprochement the relationship between Russia and the West is more strained now than it has been in the past 25 years. Putin's motives, his reasons for seeking confrontation with the West remain for many a mystery. Not for Mikhail Gorbachev. In this new work Russia's elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin's regime and the intentions behind it. He argues that Putin has significantly diminished the achievements of perestroika and is part of an over-centralized system that presents a precarious future for Russia. Faced with this Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy. Gorbachev's insightful analysis moves beyond internal politics to address wider problems in the region including the Ukraine conflict as well as the global challenges of poverty and climate change. Above all else he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War. This book represents the summation of Gorbachev's thinking on the course that Russia has taken since 1991 and stands as a testament to one of the greatest and most influential statesmen of the twentieth century.
