Conceived by the Holy Spirit Rhyne R. Putman, 2024-08-01 The New Testament clearly teaches that Jesus was miraculously conceived by the Holy Spirit in the womb of a Jewish virgin named Mary This doctrine is often dismissed by modern scholars who at best see it as a misunderstood parable and at worst see it as a fabrication on the part of the biblical evangelists However for orthodox Christians around the world this doctrine is integrally linked to our understanding of God his Word and the incarnation of Jesus In Conceived by the Holy Spirit The Virgin Birth in Scripture and Theology Rhyne Putman defends the authenticity and significance of the virgin birth of Christ through a meticulous examination of biblical texts and historical context He addresses both traditional and contemporary objections to the doctrine of the virgin birth providing robust answers rooted in Scripture and reason The virgin birth transcends mere parable it stands as a testament to the profound union of God and humanity In this work Rhyne Putman demonstrates not only the truth of the virgin birth but also its necessity for orthodox theology and its implications for Christian life

The Annotated Luther, Volume 3 Paul W. Robinson, 2016-08-01 Volume 3 of The Annotated Luther series presents five key writings that focus on Martin Luther's understanding of the gospel as it relates to church sacraments and worship Included in the volume are The Babylonian Captivity of the Church 1520 The German Mass and Order of the Liturgy 1526 That These Words of Christ This is my Body etc Still Stand Firm Against the Fanatics 1527 Concerning Rebaptism 1528 and On the Councils and the Church 1539 Luther refused to tolerate a church built on human works whether it was the pope's authority or the faith or decision of individual believers This is the thread that runs through all the texts in this volume the church and sacraments belong to Christ who founded and instituted them Each volume in The Annotated Luther series contains new introductions as well as annotations illustrations and notes to help shed light on Luther's context and interpret his writings for today The translations of Luther's writings include updates of Luther's Works American Edition or entirely new translations of Luther's German or Latin writings *The Mary We Forgot* Jennifer Powell McNutt, 2024-10-15 Mary Magdalene's life was transformed when she was healed by Christ and joined his ministry from Galilee to Jerusalem The Gospels teach that she was also a witness at the cross and the first one sent by Christ to preach his resurrection Yet her story is often confused scandalized and undervalued by the church In *The Mary We Forgot* award winning church historian and theologian Jennifer Powell McNutt unpacks Scripture and history to reveal the real Mary Magdalene the first apostle of the good news and a model of discipleship for both men and women today McNutt also invites readers along on her journey through southern France tracing the path remembered by some church traditions as where Mary Magdalene spread the gospel Christians will learn from the disciple known as the apostle to the apostles how to embrace Jesus's calling to go and tell with faith and courage They'll also be encouraged by the reminder that God calls ordinary imperfect and unexpected people to share the good news of Jesus Christ The hope of remembering Mary Magdalene is ultimately to better know the one to whom she pointed the risen Christ **Love's Forgiveness** John Lippitt, 2020 Love's Forgiveness combines a discussion of

the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard s discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean s *Dead Man Walking* Thordis Elva and Tom Stranger s *South of Forgiveness* and Ian McEwan s *Atonement*

Joseph Saligoe, 2020-03-11 What really happens to the soul when people die This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer It demonstrates that Luther constantly taught over the last twenty four years of his life that death is like an unconscious sleep It also shows why this matters today for Christians Death until Resurrection is a great first step in understanding God's plan for renewal of the creation that can alleviate our common fears about death Seeing what exactly the scriptural writers meant regarding death as interpreted by one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection the nature of hell and eternal life through salvation This book offers that which very few writers on Luther have done an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death Lohse and George or Althaus and Thiselton

Luke's Rhetorical Compositions Paul Elbert, 2022-07-19 Luke's Rhetorical Compositions offers new ideas in Lukan scholarship especially in regard to Aelius Theon's first century rhetoric manual Progymnasmata and inter textual Lukan Pauline biblical studies Two chapters deserve special mention the material in chapter 3 is a groundbreaking discussion of Acts 2:38 in which its Greek verb tense speaks to the subsequent reception of the gift of the Holy Spirit following salvation not coincident with salvation In Acts 2:38 it is Luke's intention to portray Peter as promising the gift of the Holy Spirit to hearers and to those beyond narrative time as a Pentecostal experience Chapter 9 discusses Luke's use of progymnasmatic

examples in his descriptions of the salvation experience It also discusses Luke s clarification of Paul using narrative persuasion from Jesus tradition and history Also Luke s use of basic soteriological vocabulary provides clarity and plausibility His distinctive selection of examples from the Jesus tradition and his duplication of Paul s soteriological vocabulary is very helpful
