Social Perspectives on Trans Health Christy E. Newman,Anthony K J Smith,Elizabeth

Duck-Chong, Son Vivienne, Cristyn Davies, Kerry H. Robinson, Peter Aggleton, 2024-05-07 Transgender people are waiting to be seen in healthcare and waiting to be recognised as the legitimate experts on their own lives and needs This book foregrounds empirically novel and conceptually groundbreaking sociological analyses of trans health care and experiences It draws together sociological contributions focused on the lives and perspectives of trans people to provide a vision of more equitable and affirming health and social care Chapters explore how gender affirmation is imagined and enacted and how trans people creatively and collectively work to secure the care they require in countries such as Australia Aotearoa New Zealand and the United Kingdom Concluding with a commentary on trans health in the Global South by Professor Emerita Raewyn Connell this book demonstrates the urgent need for radical sociopolitical transformation grounded in a recognition of trans people as authorities in and on their own lives Social and health science students and researchers will be inspired by the critical perspectives this book provides on normative framings of gender and health and health practitioners policymakers and advocates will benefit from better understanding the challenges trans people face in securing safe and quality health care today This book was originally published as a special issue of Health Sociology Review

Giddens's Concepts for Canadian Nursing Practice - E-Book Debra (Debbie) Sheppard-LeMoine, Lisa-Marie Forcier, 2025-11-21 Learn the core concepts of Canadian nursing care and how to apply them to the clinical setting Giddens's Concepts for Canadian Nursing Practice uses a simplified intuitive approach to describe 64 important concepts relating to all areas of nursing practice in a Canadian health care context including Indigenous health racism and gender diversity Integrating the latest Canadian statistics research and cultural considerations this text emphasizes cultural safety interprofessional collaboration and health equity To reinforce understanding this book also makes connections among related concepts and links you to other Elsevier nursing textbooks Exemplars for each concept provide useful examples and models showing how concepts are successfully applied to practice Essential tools and case studies for clinical reasoning in nursing help you confidently prepare for almost any clinical nursing situation

Fertility, Family Planning, and Women's Health Joyce C. Abma, 1997 The report shows data on a wide range of topics including pregnancy and birth marriage divorce cohabitation sexual intercourse contraception infertility use of family planning and other medical services and health conditions and behavior The data are based on in person interviews with a national sample of 10 847 women 15 44 years of age Among the results the proportion of teenagers who have ever had sexual intercourse decreased slightly between 1990 and 1995 and about 8 percent of women reported that their first intercourse was not voluntary Annotation copyrighted by Book News Inc Portland OR
