Hebrews: An Introduction and Study Guide Amy L. B. Peeler, Patrick Gray, 2020-01-09 This volume offers a compact introduction to one of the most daunting texts in the New Testament The Letter to the Hebrews has inspired many readers with its encomium to faith troubled others with its hard sayings on the impossibility of a second repentance and perplexed still others with its exegetical assumptions and operations drawn from a cultural matrix that is largely alien to modern sensibilities Long thought to be Paul the anonymous author of Hebrews exhibits points of continuity with the apostle and other New Testament writers in the letter s or sermon s vision of life in the light of the crucified Messiah but one also finds distinctive perspectives in such areas as Christology eschatology and atonement Gray and Peeler survey the salient historical social and rhetorical factors to be considered in the interpretation of this document as well as its theological liturgical and cultural legacy They invite readers to enter the world of one of the boldest Christian thinkers of the first century **Study guide: Time of the Swallows** Ruth Everson, 2023-10-15 The guide is user friendly and practical to support the teaching process of the novel as literary work in the classroom The guide has been broken down into sections of two to three chapters These are merely a reading guide as you will set your own pace in class Each section has a plot summary and some guidelines on words that may need explanation figures of speech themes and character development Each chapter has questions picking up some of the important points in the chapter These do not require a written response but can be used to facilitate discussion Each section also has a speaking or writing activity Choose the ones that most suit your class Students should not be expected to complete all of these tasks At the end of the guide there are answers to the chapter questions You will also find two contextual questions with answers and two longer questions *Where Do I Go From Here?* Miriam Neff, 2012-07-01 Life has a way of tilting Jobs are lost Children leave Homes foreclose Spouses die Everyone experiences the loss of something or someone precious at some point And more often than not a loss is unexpected certainly unwanted and can be our undoing Miriam Neff M A in counseling has experienced loss in many manifestations from her beloved soul mate Bob going home to the Lord to a close family member s incarceration Yet she has learned that good things are still possible Life is like a kaleidoscope We point our sphere toward the light peer in and see a beautiful array of glass and stones reflecting beauty diversity and contrast We adjust the lens and another beautiful yet different combination of color evolves Then suddenly the kaleidoscope is thrust to face a black hole No light means no beautiful display When you timidly maybe fearfully tilt your kaleidoscope back toward the light you ll see a new combination you ve never seen before colors you didn t know existed Location and contrast create new and unexpected beauty More than a survival book *Where Do I go From Here* raises the bar in life after loss to include love laughter and adventure This is a book about facing forward not backwards It is about purposely moving into a bolder and broader future Includes practical help and chapter discussion questions for individual or group study **Study Guide for Race to Save the Planet Telecourse, 1999 Edition** Edward C.
