Misplaced Blame Bonnie Johnson,2021-10-14 *Misplaced Blame* Decades of Failing Schools Their Children and Their Teachers examines the underlying causes of why schools fail The book describes the challenges that teachers and their pupils encounter in an environment that is dictated by poverty and harsh unfunded mandates The volume illustrates that school failure reflects a lack of opportunities nothing more The book also discusses the changing role of teachers over the years and teacher led efforts to improve their students circumstances Only in New Orleans Luis Mirón,Brian R. Beabout,Joseph L. Boselovic,2015-07-22 With 2015 marking the 10th commemoration of Hurricane Katrina education reform in New Orleans continues to garner substantial local national and international attention Advocates and critics alike have continued to cite test scores new school providers and different theories of governance in making multiple arguments for and against how contemporary education policy is shaping public education and its role in the rebuilding of the city Rather than trying to provide a single unified account of education reform in New Orleans the chapters in this volume provide multiple ways of approaching some of the most significant questions around school choice and educational equity that have arisen in the years since Katrina This collection of research articles essays and journalistic accounts of education reform in New Orleans collectively argues that the extreme makeover of the city s public schools toward a new market based model was shaped by many local historically specific conditions In consequence while the city s schools have been both heralded as a model for other cities and derided as a lesson in the limits of market based reform the experience of education reform that has taken place in the city and its impacts on the lives of students families and educators could have happened only in New Orleans

Literacy in the Arts Georgina Barton,2014-04-01 This book explores the many dialogues that exist between the arts and

literacy It shows how the arts are inherently multimodal and therefore interface regularly with literate practice in learning and teaching contexts It asks the questions What does literacy look like in the arts And what does it mean to be arts literate It explores what is important to know and do in the arts and also what literacies are engaged in through the journey to becoming an artist The arts for the purpose of this volume include five art forms Dance Drama Media Arts Music and Visual Arts The book provides a more productive exploration of the arts literacy relationship It acknowledges that both the arts and literacy are open textured concepts and notes how they accommodate each other learn about and from each other and can potentially make education better It is when the two stretch each other that we see an educationally productive dialogic relationship emerge *Testing Our Children* Monty Neill,1997 Research in Education ,1973
