Colonizing America, Prehistory to 1754

Lesson 3 Founding the Thirteen Colonies

Review Questions: Identifying Supporting Details

DIRECTIONS: Read each main idea. Use your textbook to supply the details that support or explain each main idea.

A. Main Idea: England's first colonies were founded mainly for religious and economic reasons.

1. **Detail:** Reform of the Catholic Church led to the _____ in Europe. Some Anglicans, called _____, eventually left England for _____.
2. **Detail:** By the 1500s the increased demand for _____ left many tenant farmers homeless, so merchants formed _____ companies to set up colonies in other parts of the world.
3. **Detail:** In 1607 the Virginia Company founded the settlement of _____. The colony was nearly abandoned until settlers began growing _____. In 1619 the colonists formed a lawmaking body called _____.
4. **Detail:** Since most of the colonists in Maryland were Protestants, the assembly passed the _____ to ensure religious freedom for all Christians.

B. Main Idea: Although Pilgrims and Puritans came to America for religious freedom, they were intolerant of religious freedom for others living in their colonies.

1. **Detail:** A group of Separatists, later called _____, sailed to America in 1620 settling in Cape Cod. They named their settlement _____. A plague killed most of the settlers. Those who survived were helped by a Wampanoag man named _____.
2. **Detail:** When economic and religious hardships increased in England _____ and other stockholders of the _____ decided to found a colony in New England.
3. **Detail:** Because the Puritans did not allow religious freedom, other colonies were founded: Roger Williams and Ann Hutchinson founded _____, and _____ founded Connecticut.

C. Main Idea: When Charles II became king of England after a civil war, English colonies were founded for several reasons.

1. **Detail:** Charles II took over the Dutch colony of _____, and gave it to his brother, who renamed it _____. Later, some of this land was renamed _____.
2. **Detail:** In order to repay a debt, the king gave land to _____. He was a member of the _____, a group that believed in religious toleration.
3. **Detail:** To help England's worthy poor, or debtors, James Oglethorpe founded the colony of _____.

Guided Activity 24 2 Us History

Keengwe, Jared

Guided Activity 24 2 Us History:

Index of Bicentennial Activities American Revolution Bicentennial Administration, 1976 **Culture and International History** Jessica C. E. Gienow-Hecht, Frank Schumacher, 2004 Combining the perspectives of 18 international scholars from Europe and the United States with a critical discussion of the role of culture in international relations this volume introduces recent trends in the study of Culture and International History It systematically explores the cultural dimension of international history mapping existing approaches and conceptual lenses for the study of cultural factors and thus hopes to sharpen the awareness for the cultural approach to international history among both American and non American scholars The first part provides a methodological introduction explores the cultural underpinnings of foreign policy and the role of culture in international affairs by reviewing the historiography and examining the meaning of the word culture in the context of foreign relations In the second part contributors analyze culture as a tool of foreign policy They demonstrate how culture was instrumentalized for diplomatic goals and purposes in different historical periods and world regions The essays in the third part expand the state centered view and retrace informal cultural relations among nations and peoples This exploration of non state cultural interaction focuses on the role of science art religion and tourism The fourth part collects the findings and arguments of part one two and three to define a roadmap for further scholarly inquiry A group of commentators survey the preceding essays place them into a larger research context and address the question Where do we go from here The last and fifth part presents a selection of primary sources along with individual comments highlighting a new genre of resources scholars interested in culture and international relations can consult **Reading, Writing, and Talk** Mariana Souto-Manning, Jessica Martell, 2016-05-14 This book invites readers to consider ways in which their language and literacy teaching practices can better value and build upon the brilliance of every child In doing so it highlights the ways in which teachers and students build on diversities as strengths to create more inclusive and responsive classrooms After inviting readers to consider and better understand the diverse language and literacy practices of diverse children it offers invitations for teachers to make these practices foundational in their own classrooms and to consider meaningful possibilities for learning authentically with young children in primary grades It features chapters that focus on oral language reading and writing development all while recognizing that these are not separate In each of these chapters readers are invited to consider diverse possibilities perspectives and points of view in practice within primary grades classrooms Throughout it offers ways to foster classroom learning communities where racially culturally and linguistically diverse children are supported and valued **History of the Office of the Secretary of Defense** Alfred Goldberg, Steven L. Rearden, 1984 **Handbook of Research on Race, Culture, and Student Achievement** Keengwe, Jared, 2023-01-13 There is growing pressure on teachers and other educators to understand and adopt culturally relevant pedagogies as well as strategies to work with diverse groups of races cultures and languages that are represented in classrooms Establishing

sound cross cultural pedagogy is also critical given that racial cultural and linguistic integration has the potential to increase academic success for all learners The Handbook of Research on Race Culture and Student Achievement highlights cross cultural perspectives challenges and opportunities of providing equitable educational opportunities for marginalized students and improving student achievement Additionally it examines how race and culture impact student achievement in an effort to promote cultural competence equity inclusion and social justice in education Covering topics such as identity student achievement and global education this major reference work is ideal for researchers scholars academicians librarians policymakers practitioners educators and students

New York Magazine ,1986-05-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Defence and Discovery Andrew B. Godefroy,2011-04-01 The Cold War space race between the United States and the Soviet Union is well documented but few are aware of Canada s early activities in this important arena of global power Defence and Discovery represents the first comprehensive investigation into the origins development and impact of Canada s space program from 1945 to 1974 Meticulously researched it demonstrates the central role of the military in Canada s early space research illuminating a significant yet understudied period in Canada s growth as a nation

Defending Congress and the Constitution Louis Fisher,2011-09-07 The culmination of four decades of research and service on behalf of Congress Louis Fisher s latest work is a fitting capstone to a remarkable career as scholar and writer and presents his most articulate passionate and persuasive defense yet of Congress as an institution Our nation s leading authority on the separation of powers Fisher offers a lucid primer on our nation s government and its executive legislative and judicial branches while vigorously advocating a robust reassertion of Congress s rightful role within that system Drawing on a wide range of legislation Supreme Court rulings and presidential decisions Fisher illuminates the contentious contest among the three major branches for power and control of government presents a panorama of American history and touches on issues as wide ranging as federalism religious freedom and national security policy Fisher is especially critical of the stereotypical view of the Supreme Court s decisions as possessing a kind of effectiveness and absolute finality that transcends the efforts and powers of Congress Indeed he argues that Congress as much or more than

the judiciary has had a major positive impact on protecting individual rights in this country while the judiciary has fallen short in such areas as child labor regulation and compulsory flag salute or has attempted to settle a constitutional issue only to have it fester for years breeding anger and resentment until the political process forces the courts rethink their views He highlights legislative accomplishments in many areas often in the face of judicial opposition and obstruction but also chides Congress for not protecting its key prerogatives over the power of the purse and going to war In yielding to other branches Fishers warns lawmakers fail to represent their constituents and cripple the very system of checks and balances the Framers counted on to limit the destructive capacity of government His book offers a wealth of forceful insights and provides an important reminder of and guide to how our government should really work
