religion is not defined uniformly Humanity has always searched for a theory of everything on one hand through humanistic means one of them being religion on the other hand through scientific explorations In both realms awe is the force that prompts these investigations The author proposes the understanding of religion as based on two premises First awe is a natural positive permanent intimate life supporting emotion founded in the human experience of the unity of the universe and life whether realized or not Second religion is an expression of that unity through awe Once it is conceptualized it metastasizes through culture and civilizations into a variety of religious traditions all with a common denominator awe Through experiencing awe everyone is a religious person unified with the mysterious unity of the universe *The Genesis of Good and Evil* Mark S. Smith, 2019-01-01 For centuries the Garden of Eden story has been a cornerstone for the Christian doctrine of the Fall and original sin In recent years many scholars have disputed this understanding of Genesis 3 because it has no words for sin transgression disobedience or punishment Instead it is about how the human condition came about Yet the picture is not so simple *The Genesis of Good and Evil* examines how the idea of the Fall developed in Jewish tradition on the eve of Christianity In the end the Garden of Eden is a rich study of humans in relation to God that leaves open many questions One such question is Does Genesis 3 4 and 6 taken together support the Christian doctrine of original sin Smith's well informed close reading of these chapters concludes that it does In this book he addresses the many mysterious matters of the Garden story and invites readers to explore questions of their own **Qoheleth (Ecclesiastes)** Lisa M.
