

Harvey City Comprehensive Case

The Harvey City Comprehensive Case consists of the last problem in each chapter from Chapters 4 through 15. Completing this case essentially requires that you account for all the transactions of a moderately complex city for a year (dealing with summary transactions) and that you prepare the basic financial statements and a significant portion of the financial section of the comprehensive annual financial report (CAFR) for that city. If you complete all of the requirements for the Comprehensive Case, you will:

- Prepare journal entries and financial statements for one or more funds of each type for Harvey City, except Permanent Funds. Like most local governments, Harvey City does not have a Permanent Fund. (Chapters 4-8 and 10-12)
- Account for Harvey City's general capital assets and general long-term liabilities. (Chapter 9)
- Account for and report the vast majority of transactions that are either unique to governments or are handled in a unique manner by governments. (Chapters 4-12)
- Determine which of Harvey City's funds are major funds. (Chapter 13)
- Prepare a complete set of fund financial statements for Harvey City, including governmental fund financial statements, proprietary fund financial statements, and fiduciary fund financial statements. (Chapter 13)
- Prepare worksheets to derive Harvey City's government-wide financial statement data from its fund financial statement data. (Chapter 14)
- Prepare a complete set of government-wide financial statements for Harvey City, including both a government-wide statement of net position and a government-wide statement of activities. (Chapter 14)
- Prepare reconciliations of Harvey City's fund financial statements and its government-wide financial statements. (Chapter 14)
- Prepare combining financial statements that articulate with Harvey City's presentations for nonmajor funds in its fund financial statements. (Chapter 15)

Except for the General Fund, the transactions and events affecting each individual fund of Harvey City are dealt with in the chapter on that fund type. Most General Fund transactions are presented in this chapter, but more advanced transactions of the General Fund are presented in Chapters 5 and 6—after the related topics have been covered.

HARVEY CITY SOLUTION APPROACH

Various approaches may be used to complete the Harvey City Comprehensive Case. We believe that the most efficient approach is to use electronic spreadsheets similar to the worksheet shown in Appendix 4-1 to this chapter in Illustration 4-13 on pages 148-149. The one difference we would suggest is that you use detailed revenue and expenditures accounts in the worksheet instead of using the control account–subsidiary ledger approach demonstrated in this chapter. The use of detailed general ledger accounts is illustrated in Appendix 4-2 and is used in several later chapters. You may want to see Illustration 7-3 for an example of a simple detailed general ledger worksheet.

Using a worksheet approach to solve the problem will be particularly helpful when you begin to prepare fund financial statements in Chapter 13 and a worksheet to derive government-wide financial statement data in Chapter 14. (Worksheet templates are available for the case.)

Again, other approaches—use of a general ledger and detailed subsidiary ledgers, for instance—are acceptable, if your professor prefers.

HARVEY CITY CHAPTER 4 REQUIREMENTS

- Enter the beginning (January 1, 20X4) trial balance of the General Fund of Harvey City in a General Fund worksheet. (A different solution approach may be used if desired by your professor.) The worksheet (which is similar to Illustration 4-13) may be set up as follows:
 - The first column should be used for account titles.
 - Columns 2 and 3 should be the debit and credit columns, respectively, for the beginning trial balance of the General Fund.
 - Column 4 of the worksheet should be a reference column to tie the journal entry *debits* to the transaction number in this problem.
