Greek Sculpture Edmund von Mach,2023-12-28 Greek Sculpture is probably the most well known aspect of Greek art for a contemporary it expresses the most beautiful ideal and plastic perfection It is the first of the Ancient Arts that looked to free itself from the imitative constraints of the faithful representation of nature Only a small part of the production of Greek Sculpture is known to us Many of the masterpieces described by Antique literature are henceforth lost or badly damaged and a large part we know are copies more or less skillful and faithful to the Roman era Many have been restored by Western Sculptors from the Renaissance to nowadays and often in a meaning very different from the original work a discobolous is thus turned into a dying gladiator this god received the attributes of another the legs of this statue are transplanted to the torso of this other one The soul of Greek Sculpture contains in it all sculpture Its essential simplicity defies all definition We can feel it but we can not express it Open your eyes study the statues look reflect and look again is the perpetual perception of anyone who wants to learn or know about Greek Sculpture **Greek Sculpture** Edmund von Mach,2019 Greek Sculpture, Its Spirit and Principles Edmund Von Mach,2022-10-27 This work has been selected by scholars as being
