The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23. This all inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc. as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection. Atkinson's Evening Post and Philadelphia Saturday News, 1957-09.

The Encyclopedia of LGBTQIA+ Portrayals in American Film Erica Joan Dymond, Salvador Jiménez Murguía, 2022-09-14. A valuable reference guide for film collections and LGBTQIA studies. Library Journal Starred Review. The depictions of LGBTQIA characters in film have always varied immensely. However, the negative depictions often seem to outweigh the positive, perhaps because of the hurt they inspire or perhaps because they regrettably outnumber the positive films. The Encyclopedia of LGBTQIA Portrayals in American Film explores works from the past fifty years in order to not only discuss how LGBTQIA characters are portrayed in American film but also how these portrayals affect viewers. Contributors to this valuable reference include film and media scholars, gender studies scholars, journalists, LGBTQIA advocates, and more representing countries from around the world. This rich array of perspectives provide careful and critical examinations of more than 100 films ranging from the ethical and compassionate to the deliberately cruel and destructive. Featuring films such as American Beauty, Batman v Superman, Fight Club, The Grand Budapest Hotel, Little Miss Sunshine, and Venom, this extensive volume informs and educates scholars and general readers alike, guiding them to see

injustice more clearly and inspiring future generations to create art that is both inclusive and thoughtful
