

The background of the cover is a photograph of a sunset over a body of water. The sun is low on the horizon, creating a bright orange and yellow glow that reflects on the water. A thick, solid red horizontal band runs across the middle of the image, partially obscuring the sunset. The text is overlaid on this band and the darker areas of the image.

God Without Passions A Primer:

God Without Passions Samuel Renihan, 2015-07-01 This book deals with something that you may have never even heard of the doctrine of divine impassibility Impassibility is not a word often used in sermons Even when people are studying systematic theology impassibility tends to receive a small amount of attention So what is it And why is this important Divine impassibility is defined as follows God does not experience emotional changes either from within or effected by his relationship to creation This is a scriptural truth and a very important part of our system of theology In chapter two of our Confession Of God and the Holy Trinity we read the following in paragraph 1 The Lord our God is but one only living and true God whose subsistence is in and of himself infinite in being and perfection whose essence cannot be comprehended by any but himself a most pure spirit invisible without body parts or passions But is this doctrine important Yes This is the doctrine of God If there is a part of theology about which we should be especially careful and sensitive it should be the doctrine of God God is without passions If you are thinking I m not really sure what that phrase means then you are not alone It has become increasingly clear that many in our day are lacking study and knowledge in this area Given these factors we can conclude that we need teaching on this subject It would be a mistake to jump straight into asserting the doctrine of divine impassibility and defending it It is one piece in a system of doctrine It stands upon and connects to many other facets of the doctrine of God So what we need to do in our study is to build up to it By doing so we will appreciate not only the doctrine itself but also just why it cannot be tampered with So to start from the ground up we need to go where the doctrines grow the Holy Scriptures

In Defense of Extended Conciliar Christology Timothy Pawl, 2019-01-03 In Defense of Extended Conciliar Christology A Philosophical Essay examines the logical consistency and coherence of Extended Conciliar Christology the Christological doctrine that results from conjoining Conciliar Christology the Christology of the first seven ecumenical councils of the Christian Church with five additional theses These theses are the claims that multiple incarnations are possible Christ descended into Hell during his three days of death Christ s human will was free Christ was impeccable and that Christ via his human intellect knew all things past present and future These five theses while not found in the first seven ecumenical councils are common in the Christian theological tradition The main question Timothy Pawl asks in this book is whether these five theses when conjoined with Conciliar Christology imply a contradiction This study does not undertake to defend the truth of Extended Conciliar Christology Rather it shows that the extant philosophical objections to Extended Conciliar Christology fail

None Greater Matthew Barrett, 2019-03-05 Matthew Barrett leads us to marvel at both how much and how little we know of God Tim Challies blogger at challies.com author of Visual Theology For too long Christians have domesticated God bringing him down to our level as if he is a God who can be tamed But he is a God who is high and lifted up the Creator rather than the creature someone than whom none greater can be conceived If God is the most perfect supreme being infinite and incomprehensible then certain perfect making attributes must be true of him Perfections like

Constructing a Mediating Theology J. D. Kim, 2022-11-16 How does an almighty and all loving God respond to his beloved human creatures who are made in his image and yet implicated in sin and suffering What is the origin of human suffering Is it sin or the limitations of human beings Is God moved by our suffering If he sympathizes and co suffers with us can he deliver us out of our miseries Thousands and perhaps millions of people have asked these questions and are searching desperately for their answers Two major views have been advanced in the history of Christian theology to describe God s response to the suffering of the world divine impassibility and divine passibility More recently a third mediating position between impassibilism and passibilism has arisen which affirms both the impassibility and the passibility of God This position can be identified as modified classical theism an approach that grasps the perfect and relational nature of God Following this mediating position

this book sets out its own constructive understanding of a mediating position with the help of a new way of understanding the way in which the eternal actions and corresponding passions of the divine persons condition one another the dynamic reciprocity model **Heart of the Living God** Michael G. Nicole Eustace,2012-12-01 At the outset of the eighteenth century many British Americans accepted the notion that virtuous

sociable feelings occurred primarily among the genteel while sinful and selfish passions remained the reflexive emotions of the masses from lower class whites to Indians to enslaved Africans Yet by 1776 radicals would propose a new universal model of human nature that attributed the same feelings and passions to all humankind and made common emotions the basis of natural rights In *Passion Is the Gale* Nicole Eustace describes the promise and the problems of this crucial social and political transition by charting changes in emotional expression among countless ordinary men and women of British America From Pennsylvania newspapers pamphlets sermons correspondence commonplace books and literary texts Eustace identifies the explicit vocabulary of emotion as a medium of human exchange Alternating between explorations of particular emotions in daily social interactions and assessments of emotional rhetoric s functions in specific moments of historical crisis from the Seven Years War to the rise of the patriot movement she makes a convincing case for the pivotal role of emotion in reshaping power relations and reordering society in the critical decades leading up to the Revolution As Eustace demonstrates passion was the gale that impelled Anglo Americans forward to declare their independence collectively at first and then finally as individuals Lives of the Archbishops of Canterbury: (New series, v. 1-6).
