Wing, 2012-12-18 Faith Linsey comes from a highly regarded family in Jackson Mississippi As the oldest daughter of a well liked pastor and his dutiful wife her life is good and comfortable and she has no reason to question the things that take place around her When she witnesses something that shakes her to her very core she realizes that the world she's always known may not be as picture perfect as she'd always imagined and that her father may not be the respectable hero everyone

believes him to be Faith's story begins in 1946 soon after the end of World War II and moves straight into the heat of the Civil Rights Movement. She is forced to deal with the questions she has not only about her father but about the unshakable convictions that he and many of his fellow southerners share about racial equality and about the very religion she's been taught to believe in. Events that take place not only in her personal life but in the world at large and a very unsuspected and special friendship she becomes involved in will make Faith decide what it is she truly believes in, what things are important enough to fight for and what things are not. Menopause Maria Jasmine Freeman, 2015-01-20 Menopause has traditionally been defined as the timing of the cessation of menses. But it's far more complex than a series of episodes of hot flashes. Menopause isn't an illness. In as much as the onset of menses at puberty is not a disease, neither is menopause. It's a crucial end of a natural epoch of a normal woman's life. Every woman, almost half the world, will inevitably be thrown into this challenging phase. In *The Cross of Menopause*, author Jasmine shares her complex and severe odyssey of menopause and how those thirteen years turned an exuberant pediatrician into a crippled freak of pain. From the onset of her menopause while on a trip to China in September of 2011, Jasmine narrates her real-life experiences that turned into a long and symptom-filled journey. From dizziness and incapacitation to extreme hot flashes, vertigo, stupor, vomiting, chest tightness, gasps, and seizures, and more, she tells her story so other women may understand that menopause is not simply menopause. Yet she would allay their fears as their menopause would turn a nuisance in comparison.
