Making Abortion Rare A Healing Strategy For A Divided Nation

Johanna Schoen

Making Abortion Rare A Healing Strategy For A Divided Nation:

Making Abortion Rare David C. Reardon, 1996-01-01 A kinder and gentler pro life movement which is also more emphatically pro woman *The Conscience Wars* Susanna Mancini, Michel Rosenfeld, 2018-05-31 In this work Professors Rosenfeld and Mancini have brought together an impressive group of authors to provide a comprehensive analysis on the greater demand for religious exemptions to government mandates Traditional religious conscientious objection cases such as refusal to salute the flag or to serve in the military during war had a diffused effect throughout society In sharp contrast these authors argue that today's most notorious objections impinge on the rights of others targeting practices like abortion LGBTQ adoption and same sex marriage The dramatic expansion of conscientious objection claims have revolutionized the battle between religious traditionalists and secular civil libertarians raising novel political legal constitutional and philosophical challenges Highlighting the intersection between conscientious objections religious liberty and the equality of women and sexual minorities this volume showcases this political debate and the principal jurisprudence from different parts of the world and emphasizes the little known international social movements that compete globally to alter the debate's terms *Theatre and the Macabre* Meredith Conti, Kevin J. Wetmore, Jr., 2022-03 The macabre as a process and product has been haunting the theatre and more broadly performance for thousands of years In its embodied meditations on death and dying its thematic and aesthetic grotesquerie and its sensory rich environments macabre theatre invites artists and audiences to trace the stranger darker contours of human existence In this volume numerous scholars explore the morbid and gruesome onstage from freak shows to the French Grand Guignol from Hell Houses to German Trauerspiel from immersive theatre to dark tourism stopping along the way to look at phantoms severed heads dark rides haunted mothers and haunting children dances of death and dismembered bodies From Japan to Australia to England to the United States the global macabre is framed and juxtaposed to understand how the theatre brings us face to face with the deathly and the horrific **Character Matters** Thomas Lickona, 2004-02-10 In *Why Character Matters* a leader in the character education movement and author of the landmark book *Educating for Character* Lickona now lays out 100 specific strategies that will help parents as well as teachers instill children with the values that will help them lead good and successful lives

Abortion Regret J. Shoshanna Ehrlich, Alesha E. Doan, 2019-02-15 An indispensable resource for students scholars and activists concerned about current attacks on abortion rights this book offers an unmatched account of the emergence consolidation and consequences of the antiabortion movement's paternalistic abortion regret narrative *Abortion Regret* explores the emergence and consolidation of the antiabortion movement's paternalistic efforts to protect women from abortion regret It begins by examining the 19th century physician's campaign to criminalize abortion and traces the contours of the women protective abortion regret narrative through to the 21st century Based on interviews textual analysis of primary sources and a content analysis of state antiabortion policy from 2010-2015 the authors argue that the contemporary

rise of the abortion regret narrative has armed the antiabortion movement with a unifying and compelling strategy to oppose abortion through a woman centered approach In addition to covering the historical origins of our nation s criminal abortion laws the book covers topics that include the origins and growth of crisis pregnancy centers including recent efforts provide perinatal hospice services an analysis of leading Supreme Court decisions on abortion the emergence of the pro woman pro life antiabortion platform including its deeply religious roots the infiltration of this position into the political and legal spheres in the guise of a secular rationale for limiting access to abortion and an evidence based rejoinder to the position that abortion harms women

Extremism Triumphant Darin Wiperman,2003 Generations of Americans have witnessed the political disputes over slavery and abortion the two most contentious issues in the nation s history This book surveys the origins and course of this unfortunate strife arguing that leaders on both sides of the two issues have embraced political expediency or an illogical view of the Constitution rather than viable solutions Focusing on key events and a diverse range of individuals Extremism Triumphant offers fresh perspectives while lamenting missed opportunities and bitter debate Making extensive use of Congressional debates and Supreme Court opinions the narrative takes us on a journey from before the nation s founding to the early part of the 21st Century Critical of each pole of the slavery impasse that brought civil war the book shows how the nation made numerous errors as it tried to tackle the equally passionate feud over reproductive freedom Unsurprisingly both camps of the modern abortion debate receive criticism With a willingness to question conventional wisdom dear to conservatives and liberals Extremism Triumphant challenges each side to ponder its own claim to the moral high ground

Reproductive Ethics Lisa Campo-Engelstein,Paul Burcher,2017-06-10 This book summarizes the contributions at an April 2016 conference held at Albany Medical College Reproductive Ethics New Challenges and Conversations Reproductive ethics does not suffer from a lack of challenging issues yet a few hot button issues such as abortion and surrogacy seem to attract most of the attention while other issues and dilemmas remain relatively underdeveloped in bioethics literature The goal of this book is to explore and expand the range of topics addressed in reproductive ethics This is a multi disciplinary book bringing together philosophers clinicians sociologists anthropologists and other scholars whose research or clinical interests touch reproductive issues The results of this compilation are a comprehensive and unique discussion of the evolving issues in the rapidly changing field The majority of the popular reproductive ethics anthologies were published at least 10 years ago The field of reproductive ethics would benefit from a new anthology that addresses some of the perennial dilemmas in reproductive ethics e g abortion sex selection from updated perspectives and that also covers new technologies that have emerged only in the last few years such as social egg freezing

Understanding Abortion Stephen D. Schwarz,Kiki Latimer,2012-01-01 A stunning compilation of the strongest pro choice and pro life arguments broughttogether for the first time in a single work that allows for meaningful comparisons and intelligentdialogue This gives the discerning reader an opportunity to see both sidescomprehensively and move beyond

emotionally charged mixed feelings to rational thought *Reproductive Freedom, Torture and International Human Rights* Ronli Sifris, 2013-12-13 This book contributes to a feminist understanding of international human rights by examining restrictions on reproductive freedom through the lens of the right to be free from torture and other cruel inhuman or degrading treatment Ronli Sifris challenges the view that torture only takes place within the traditional paradigm of interrogation punishment or intimidation of a detainee arguing that this traditional construction of the concept of torture prioritises the experiences of men over the experiences of women given that the pain and suffering from which women disproportionately suffer frequently occurs outside of this context She does this by conceptualising restrictions on women's reproductive freedom within the framework of the right to be free from torture The book considers the gendered nature of international law and the gender dimensions of the right to be free from torture It examines the extension of the prohibition of torture to encompass situations beyond the traditional detainee context in recent years to encompass situations such as rape and female genital mutilation It goes on to explore in detail whether denying access to abortion and involuntary sterilization constitutes torture or other cruel inhuman or degrading treatment under international law The book looks at whether limitations on reproductive freedom meet the determining criteria of torture which are severe pain or suffering being intentionally inflicted being based on discrimination linked in some way to a State official whether they constitute lawful sanctions and the importance of the concept of powerlessness In doing so the book also highlights how this right may be applicable to other gender based abuses including female genital mutilation and how this right may be universally applied to allow women worldwide the right to reproductive freedom *Abortion, Motherhood, and Mental Health* Ellie Lee, Whatever reproductive choices women make whether they opt to end a pregnancy through abortion or continue to term and give birth they are considered to be at risk of suffering serious mental health problems According to opponents of abortion in the United States potential injury to women is a major reason why people should consider abortion a problem On the other hand becoming a mother can also be considered a big risk This fine well balanced book is about how people represent the results of reproductive choices It examines how and why pregnancy and its various outcomes have come to be discussed this way The author's interest in the medicalization of reproduction its representation as a mental health problem first arose in relation to abortion There is a very clear contrast between the construction of women who have abortions implied by moralized argument against abortion and the construction that results when the case against abortion focuses on its effects on women's mental health Lee argues that claims that connect abortion with mental illness have been limited in their influence but this is not to suggest that they have not become a focus for discussion and have had no impact The limits to such claims about abortion do not by any means suggest limits to the process of the medicalization of pregnancy more broadly that is a process of demedicalization The final theme of Ellie Lee's book is the selective medicalization of reproduction Centering on the claim that abortion can create a post abortion syndrome the author examines the

medicalization of the abortion problem on both sides of the Atlantic Lee points to contrasts in legal and medical dimensions of the abortion issue that make for some important differences but argues that in both the United States and Great Britain the post abortion syndrome claim constitutes an example of the limits to medicalization and the return to the theme of motherhood as a psychological ordeal Lee makes the case for looking to the social dimensions of mental health problems to account for and understand debates about what makes women ill Ellie Lee is research fellow in the Department of Sociology and Social Policy University of Southampton Highfield United Kingdom

Feminist Constitutionalism Beverley Baines, Daphne Barak-Erez, Tsvi Kahana, 2012-04-16 Constitutionalism affirms the idea that democracy should not lead to the violation of human rights or the oppression of minorities This book aims to explore the relationship between constitutional law and feminism The contributors offer a spectrum of approaches and the analysis is set across a wide range of topics including both familiar ones like reproductive rights and marital status and emerging issues such as a new societal approach to household labor and participation of women in constitutional discussions online The book is divided into six parts I feminism as a challenge to constitutional theory II feminism and judging III feminism democracy and political participation IV the constitutionalism of reproductive rights V women's rights multiculturalism and diversity and VI women between secularism and religion

Abortion after Roe Johanna Schoen, 2015-09-28 Abortion is and always has been an arena for contesting power relations between women and men When in 1973 the Supreme Court made the procedure legal throughout the United States it seemed that women were at last able to make decisions about their own bodies In the four decades that followed however abortion became ever more politicized and stigmatized Abortion after Roe chronicles and analyzes what the new legal status and changing political environment have meant for abortion providers and their patients Johanna Schoen sheds light on the little studied experience of performing and receiving abortion care from the 1970s a period of optimism to the rise of the antiabortion movement and the escalation of antiabortion tactics in the 1980s to the 1990s and beyond when violent attacks on clinics and abortion providers led to a new articulation of abortion care as moral work As Schoen demonstrates more than four decades after the legalization of abortion the abortion provider community has powerfully asserted that abortion care is a moral good

Pro-Life Answers to Pro-Choice Arguments Randy Alcorn, 2009-01-21 As politicians citizens and families continue the raging national debate on whether it's proper to end human life in the womb resources like Randy Alcorn's Pro-life Answers to Pro-choice Arguments have proven invaluable With over 75 000 copies in print this revised and updated guide offers timely information and inspiration from a sanctity of life perspective Real answers to real questions about abortion appear in logical and concise form The final chapter Fifty Ways to Help Unborn Babies and Their Mothers is worth the price of this book alone

Secret Sin Mary Comm, 2006-08-01 Secret Sin When God's People Choose Abortion was written because abortion is one of the last great secret sins that remains in the closet And because the Church hasn't been aware of the magnitude of this secret sin or how it affects those it touches the

Church has done little or nothing to help these people suffering silently in their midst to find healing in Christ This book was written to pull back the curtain giving those within the Church an inside look into the world of the post abortive Christian with the intent of spurring them on to begin reaching out to these hurting people with the compassion of Christ The Family Roe Joshua Prager,2021-09-14 Finalist for the 2022 Pulitzer Prize for General Nonfiction Finalist for the J Anthony Lukas Book Prize Finalist for the National Book Critics Circle Award for Nonfiction One of NPR s Best Books of 2021 A New York Times Notable Book of 2021 One of TIME s 100 Must Read Books of 2021 The scope is sweeping the writing is beautiful It s an epic story worthy of the impact this one case has had on the American psyche Michel Martin NPR Stupendous If you want to understand Roe more deeply before the coming decision read it Peggy Noonan Wall Street Journal A masterpiece of reporting on the Supreme Court s most divisive case Roe v Wade and the unknown lives at its heart Despite her famous pseudonym Jane Roe no one knows the truth about Norma McCorvey 1947 2017 whose unwanted pregnancy in 1969 opened a great fracture in American life Journalist Joshua Prager spent hundreds of hours with Norma discovered her personal papers a previously unseen trove and witnessed her final moments The Family Roe presents her life in full Propelled by the crosscurrents of sex and religion gender and class it is a life that tells the story of abortion in America Prager begins that story on the banks of Louisiana s Atchafalaya River where Norma was born and where unplanned pregnancies upended generations of her forebears A pregnancy then upended Norma s life too and the Dallas waitress became Jane Roe Drawing on a decade of research Prager reveals the woman behind the pseudonym writing in novelistic detail of her unknown life from her time as a sex worker in Dallas to her private thoughts on family and abortion to her dealings with feminist and Christian leaders to the three daughters she placed for adoption Prager found those women including the youngest Baby Roe now fifty years old She shares her story in The Family Roe for the first time from her tortured interactions with her birth mother to her emotional first meeting with her sisters to the burden that was uniquely hers from conception The Family Roe abounds in such revelations not only about Norma and her children but about the broader family connected to the case Prager tells the stories of activists and bystanders alike whose lives intertwined with Roe In particular he introduces three figures as important as they are unknown feminist lawyer Linda Coffee who filed the original Texas lawsuit yet now lives in obscurity Curtis Boyd a former fundamentalist Christian today a leading provider of third trimester abortions and Mildred Jefferson the first black female Harvard Medical School graduate who became a pro life leader with great secrets An epic work spanning fifty years of American history The Family Roe will change the way you think about our enduring American divide the right to choose or the right to life **Abortion in America** Mary Ziegler,2020-03-26 Ziegler documents a shift to debates on policy costs and benefits that deepened polarization on abortion in this first legal history of the period

Abortion Rights Kate Greasley,Christopher Kaczor,2018 Presents critical and forcefully argued debate between two moral philosophers setting out strong cases on both sides of the argument *Regret* Paddy McQueen,2024 Philosopher

Paddy McQueen provides a detailed examination of the nature of regret and its role in decision making. Additionally, he explores how experiences of regret are shaped by social discourses, especially those about gender and parenthood.

Abortion in the United States Dorothy E. McBride, Jennifer L. Keys, 2018-07-20. Distinctive in its use of two disciplinary lenses, sociology and political science, *Abortion in the United States* provides a balanced scholarly analysis of the most salient issues in the pro-life/pro-choice debate. According to the CDC, more than 660,000 legal abortions were performed in the United States in 2013, yet despite these numbers, or perhaps because of them, the abortion war rages on in state legislatures, in Congress, and in courtrooms. This work offers an eye-opening look at the enduring cultural clash between reproductive rights activists who have argued that access to safe legal abortion is critical for ensuring women's equality and impassioned activists seeking to overturn *Roe v. Wade*, who fervently believe that abortion is unethical. Written for high school and college students as well as for general audiences seeking to better understand opposing viewpoints, it gives readers essential background information and addresses persistent questions regarding the abortion debate. The new Perspectives chapter features the compelling voices of those engaged in the front lines of this battle alongside those of scholars from a range of disciplinary perspectives. Notable activists and leading advocacy groups are profiled, followed by the latest data on abortion rates and public opinion. Carefully curated documents and recommended news outlets, websites, documentaries, and academic readings invite continued exploration.

Ourselves Unborn Sara Dubow, 2017. INTRODUCTION: FETAL STORIES 1. Discovering Fetal Life: 1870s–1920s 2. Interpreting Fetal Bodies: 1930s–1970s 3. Defining Fetal Personhood: 1973–1976 4.
