Making Law Work Environmental Compliance And Sustainable Development 2 Vol Set:

Environmental Crime and Collaborative State Intervention Rob White, Grant Pink, 2016-01-26 This book examines the role and practical dynamics of governmental environmental law enforcement agencies and individuals who combat environmental crime It will inform researchers about the real world experiences of practitioners and provide an intellectual space for practitioners to examine critically what it is they do and why The Yearbook of European Environmental Law Thijs Etty, Han Somsen, 2008-09-04 Academics and students will find a wealth of information in the stimulating and clearly written articles The well structured and reliable annual surveys are specifically designed to provide easy access to the very latest developments in EU environmental law Environmental Enforcement Networks Michael Faure, Peter De Smedt, An Stas, 2015-02-27 Compliance and enforcement is a fundamental issue within environmental law But despite its pertinence it is an area that has been neglected in academic research Addressing this gap this timely book considers the circumstances under which networking **Space in Support of Human Rights** Annette Froehlich, Claudiu Mihai Tăiatu, 2020-01-02 This book stems from the worrying scale and intensity of conflicts humanitarian crises and human rights violations around the world which can be seen in a wide range of global hotspots including Venezuela Yemen Syria Myanmar Sudan Eritrea and numerous others These developments are also relevant for Europe given the large scale migrations they can produce In order to effectively respond to them it has become imperative to analyse ways in which space data and technologies can be used to uphold human rights and monitor violations Various international tribunals such as the International Court of Justice ICJ and the International Criminal Court ICC are increasingly relying on satellite data and especially images when considering human rights violations cases This use of space related technologies represents a trend that promises to continue as the range and accuracy of space derived data improves Further satellite data has important legal implications because it allows the fulfilment of international obligations to be monitored and offers a powerful tool for dispute resolution Accordingly this book examines the use of satellite images for cases concerning human rights violations since the multitude of humanitarian crises worldwide demonstrate that it is of the utmost importance to analyse how space law policies and space related applications could further support the implementation and monitoring of the observance of human rights thus contributing to enhanced security and sustainable development A range of relevant areas such as migration refugees including settlements and whether they are adequately supplied with basic necessities water distribution and quality housing and settlement monitoring are crucial aspects addressed in this book In closing the use of satellite data for legal purposes is not without its fair share of problems and concerns which are also considered to guide the evolution of this emerging field **Yearbook of European Environmental Law**, 2008 Making Law Work. Vol. 2 Durwood Zaelke, Donald Kaniaru, Kružíková Eva, 2005 At head of cover title Institute for Governance International Network for Environmental Compliance and Enforcement

Bowker's Law Books and Serials in Print, 1995 Environmental Law Handbook Daniel M. Steinway, Christopher L.
