Why Punish?

How Much? Michael H. Tonry, 2011 Punishment like all complex human institutions tends to change as ways of thinking go in and out of fashion Normative political social psychological and legal ideas concerning punishment have changed drastically over time and especially in recent decades Why Punish How Much collects essays from classical philosophers and contemporary theorists to examine these shifts Michael Tonry has gathered a comprehensive set of readings ranging from Kant Hegel and Bentham to recent writings on developments in the behavioral and medical sciences Together they cover foundations of punishment theory such as consequentialism retributivism and functionalism new approaches like restorative communitarian and therapeutic justice and mixed approaches that attempt to link theory and policy This volume includes an accessible introduction that chronicles the development of punishment systems and theorizing over the course of the last two centuries Why Punish How Much provides a fresh and comprehensive approach to thinking about punishment and sentencing for a broad range of law sociology philosophy and criminology courses

Who Would Believe a Prisoner?

The Indiana Women's Prison History Project, 2023-04-25 A groundbreaking collective work of history by a group of incarcerated scholars that resurrects the lost truth about the first women s prison A Ms Magazine Most Anticipated Book What if prisoners were to write the history of their own prison What might that tell them and all of us about the roots of the system that incarcerates so many millions of Americans In this groundbreaking and revelatory volume a group of incarcerated women at the Indiana Women s Prison have assembled a chronicle of what was originally known as the Indiana Reformatory Institute for Women

and Girls founded in 1873 as the first totally separate prison for women in the United States In an effort that has already made the national news and which was awarded the Indiana History Outstanding Project for 2016 by the Indiana Historical Society the Indiana Women s Prison History Project worked under conditions of sometimes extreme duress excavating documents navigating draconian limitations on what information incarcerated scholars could see or access and grappling with the unprecedented challenges stemming from co authors living on either side of the prison walls With contributions from ten incarcerated or formerly incarcerated women the result is like nothing ever produced in the historical literature a document that is at once a shocking revelation of the roots of America s first prison for women and also a meditation on incarceration itself Who Would Believe a Prisoner is a book that will be read and studied for years to come as the nation continues to grapple with the crisis of mass incarceration Shame Management Through Reintegration Eliza

Ahmed,2001-10-15 This 2001 book is a follow on to John Braithwaite s best selling and influential Crime Shame and Reintegration Shame management is becoming a central concept in theoretical and practical terms This book makes a major contribution to the advancement of shame in a theoretical sense For criminology as well as for psychology sociology and other areas this accessible book serves as an introduction to the concepts of shame guilt and embarrassment Presenting research by the Restorative Justice Centre at the Australian National University the book contributes immeasurably to the development of practical alternatives to common sanctions in an effort to reduce crime and other social problems Written by the key exponents of restorative justice the book is an important re statement of the theory and practice of shaming It will develop important and often controversial debates about punishment shaming and restorative justice to a new level

What Else Works? Jo Brayford,Francis B Cowe,John Deering,2013-05-13 What Else Works has developed out of a growing awareness amongst practitioners that centralized notions of what works and one size fits all approaches to work with offenders and other groups is inevitably limited in its scope and effectiveness The book seeks to dispel the view of probation service users as offenders and socially excluded people as problems to be managed and treated and instead considers more creative alternatives to reduce both re offending and social exclusion These include working separately with women black and minority ethnic groups local community focussed projects in education and nature and conservation programmes The reader is encouraged to think about past and current policy practice and the relationship between practitioners and offenders or other socially excluded people Questions are raised as to whether and how practice could be different and contributors explore the theme of creative and change focussed practice or focus on a particular approach to a practice This book will appeal to students on criminal justice criminology and social work courses professionals operating in these fields as well as the wider audience of professionals and academics who may engage with these service users from a range of policy and practice perspectives **The SAGE Handbook of Fieldwork** Dick Hobbs,Richard Wright,2006-01-26 Fieldwork is widely practiced but little written about yet accounts of the exotic mundane complex and often dangerous are

central to not only sociology and anthropology but also geography social psychology and criminology This handbook presents the first major overview of this method in all its variety introducing the reader to the strengths weaknesses and real world applications of fieldwork techniques

The Redemptive Self Dan P. McAdams,2013-02-14 In this revised and expanded edition of *The Redemptive Self* McAdams shows how redemptive stories promote psychological health and civic engagement among contemporary American adults

Foundations for Offender Management Anne Robinson,2011-07-13 This title provides a comprehensive account of the contexts and challenges of working with people convicted of criminal offences

Offending and Desistance Beth Weaver,2015-07-16 In *Offending and Desistance* Beth Weaver examines the role of a co offending peer group in shaping and influencing offending and desistance focusing on three phases of their criminal careers onset persistence and desistance While there is consensus across the body of desistance research that social relations have a role to play in variously constraining enabling and sustaining desistance no desistance studies have adequately analysed the dynamics or properties of social relations or their relationship to individuals and social structures This book aims to reset this balance By examining the social relations and life stories of six Scottish men in their forties Weaver reveals the central role of friendship groups intimate relationships and families of formation employment and religious communities She shows how for different individuals these relations triggered reflexive evaluation of their priorities behaviours and lifestyles but with differing results

Weaver's re-examination of the relationships between structure, agency, identity and reflexivity in the desistance process ultimately illuminates new directions for research policy and practice. This book is essential reading for academics and students engaged in the study of criminology and criminal justice, delinquency, probation and criminal law. *Education in Prison* Emma Hughes, 2016-04-29. The role of education in prisons, prisoners' decisions regarding education, the impact of prison culture on either encouraging or discouraging such activities and the potential consequences of education for prisoners' reentry into society all have important implications. This extended analysis of prisoner education represents a unique contribution to an under-researched field whilst also making important and original connections between research on education in prison and the literature on adult learning in the community. Through offering crucial insights into the varied motivations and disincentives that inform prisoners' decisions to study in prison, whether it be through distance learning or prison-based classes, the reader is also able to consider factors that inform decisions to engage in a broader range of positive and constructive activities whilst in prison. These research findings provide insight into how prison culture and prison policies may impact upon rehabilitative endeavour and suggest ways in which prisons may seek to encourage constructive and/or rehabilitative activities amongst their inhabitants if desired. Based on interviews and questionnaires completed by British adult prisoners studying through distance learning, this qualitative study offers a valuable complement and counterpart to prison education studies that focus on measuring recidivism rates. The learner-centred approach used yields a nuanced and complex understanding of the varied ways in which education in prison actually operates and is experienced and considers the consequences of this for the students' lives. As such, the findings offer further insight into important evidence resulting from recidivism studies reviewed within the book whilst contributing to the re-emerging interest in studies of prison life and prison culture that are based on prisoner interviews.

The Social Impact of Custody on Young People in the Criminal Justice System Claire Paterson-Young, Richard Hazenberg, Meanu Bajwa-Patel, 2019-07-10. This book explores the journey of young people through a Secure Training Centre and more generally the criminal justice system in the UK. It examines the extent to which young people have been failed by the system at every stage of their lives, with incarceration used as a means of removing the problem from society. To explore this process, the authors utilise an integrated theoretical framework to develop a new rehabilitative approach focused on developing positive outcomes for young people. The book deploys a social impact measurement methodology to evaluate the experience and outcomes of youth justice interventions at a Secure Training Centre. Such an approach provides a fresh perspective on the youth justice debate which has traditionally utilised outcome data to measure immediate impact relating to recidivism and is therefore not focused on the young person holistically. Using a social impact framework to evaluate youth justice underpinned by an integrated theoretical framework allows for assessment to be made which places the young person at the centre of evaluation.

Parole and Beyond Ruth Armstrong, Ioan Durnescu, 2017-07-21. This book provides an assessment of contemporary international knowledge about the

experiences of life after release from prison For over 100 years people leaving prison have been supervised by probation services but little has been written about how those who are supervised experience this process or how this process influences experiences post release Research suggests that the success or failure of supervision in terms of reoffending may be related to how it is experienced but little has been written about how supervision interacts with these experiences Despite this lack of grounded knowledge post prison supervision continues to grow internationally This book addresses issues relating to life after release through providing a vision of contemporary life after prison in different social and economic climates from those who are the subjects of this growing and changing form of penal power An engaging and timely study this book will be of particular interest to scholars of criminal justice and punishment **Forensic Psychology** Graham M. Davies, Anthony R. Beech, 2017-10-23 Introduces forensic psychology to students and professionals who want to better understand psychology's expanding influence on the study of law crime and criminality Forensic psychology is a constantly growing discipline both in terms of student interest and as a profession for graduates This book highlights the often sizeable gap between media myths surrounding forensic practice and reality Editors Graham Davies and Anthony Beech present an exciting and broad range of topics within the field including detailed treatments of the causes of crime investigative methods the trial process and interventions with different types of offenders and offences Forensic Psychology Crime Justice Law Interventions Third Edition covers every aspect of forensic psychology from understanding criminal behaviour to applying psychological theory to criminal investigation analysing the legal process and the treatment of witnesses and offenders Each chapter has been thoroughly revised and updated with the latest findings The book also includes two entirely new chapters one on psychopathy and crime the other on female offenders Drawing on a wealth of experience from leading researchers and practitioners this new edition will interest and enthuse today's generation of students All chapters thoroughly revised and updated Features two brand new chapters Supplemented by additional online resource materials including related links multiple choice questions and PowerPoint slides Authored by a wide range of experienced forensic psychology professionals Forensic Psychology Third Edition is essential reading for undergraduates first encounter with the subject area and is an excellent introduction for more specialised postgraduate courses *Smart Decarceration* Matthew Epperson, Carrie Pettus-Davis, 2017-09-01 Smart Decarceration is a forward thinking practical volume that provides concrete strategies for an era of decarceration This timely work consists of chapters written from multiple perspectives and disciplines including scholars practitioners and persons with incarceration histories The text grapples with tough questions and builds a foundation for the decarceration field Female Offenders and Reentry Lisa M. Carter, Catherine D. Marcum, 2017-07-20 Often research concerning the female offender is scarce This book adds to the criminological literature on the topic of reentry for women focusing on the barriers women face as they return to society and adjust to life after incarceration Each chapter addresses specific issues challenges and obstacles affiliated with the hindrance of successful reentry processes

associated with female offenders as well as data driven empirical studies While corrections has often misunderstood or overlooked the needs of returning offenders the shortcomings of the institutions have a greater impact on women than on their male counterparts particularly regarding the occurrence of social and medical problems especially those related to mental health and substance abuse Female Offenders and Reentry helps criminal justice students and practitioners see the full picture when considering the challenges faced by female offenders reintegrating into society
