

GODS, GENES, *and* CONSCIOUSNESS

Nonhuman intervention in human history

PAUL VON WARD

Author of Our Solarian Legacy

God Genes And Consciousness Nonhuman Intervention In Human History

Robert E. Pettit

God Genes And Consciousness Nonhuman Intervention In Human History:

Gods, Genes, and Consciousness Paul Von Ward, 2004 New edition published as *We're Not Alone* Whether you call them gods, angels, ETs, aliens, or spirit entities, sufficient proof now exists to make the case that history has been influenced by beings more advanced than humans. The evidence suggests they shaped our religions, genes, technology, and cultures. In fact, the impetus for modern civilization appears due to their intervention. Analysis of all types of reported nonhuman consciousness reveals a generic category the author calls Advanced Beings or ABs. A review of sacred texts, myths, and legends and contemporary reports shows all such entities fit into a natural universe. It includes allegedly divine beings, heavenly hosts, guardians, ascended masters, and intelligences from other planets or other dimensions. Whether from the Pleiades or Yahweh's Heaven, historical, archeological, and scientific evidence now shows we've had their help along the way. While scientists, religious leaders, and governments continue to ignore or deny it, our very identity as a species and its psychological health hang in the balance. How to deal with the effects of such contacts lies at the center of a covert struggle for control of human consciousness. Startlingly, Von Ward explains why institutions do not want to address this question. And he shows how generations have been conditioned to ignore or suppress a significant part of their experience despite the fact that thousands daily still claim contact with a God or another AB. How did humans reach the point where leaders claim to speak for God in such conflicting ways? Paul Von Ward, also author of *Our Solarian Legacy*, says resolving the religious and ideological divisions that energize modern terrorism requires people East and West to re-examine the origins of notions like divine revelation, chosen people, and a supernatural religion.

You Can Avoid Physical Death Robert E. Pettit, 2009-02 There is a place you can go that is free from sickness, crime, and war. That place is not here on this Earth. Instead, it is on the New Earth. And you can choose to obtain a new body and go there. Drawing upon thirty-three years of University research and fifteen years of Subtle Energy manipulations, Dr. Pettit discusses relationships between life sciences and spirituality. By understanding the concept, ask, and you can receive, he outlines the questions to ask and your responsibilities to create a new body for ascending to the New Earth around 2012. Ascension is available for those who choose to move out of duality, consciousness with suffering and pain into a new reality of Unity Consciousness with unfathomable joy and peace. Dr. Pettit explains how you can achieve this incredible gift with the following concepts: Making a choice to ascend with your physical body; Knowing who you are and why you are on Earth; Shifting your dimensional state of consciousness; Avoiding fear; Accept change; Understand time/space; Releasing false beliefs; Sickness and pain; Understand your Mer-Ka-Ba Energy Field; Universal Laws related to your spirituality; The End Times; The Shift; and Photon Belt.

The Wisdom of Sound and Number Leeya Thompson, 2006-11 For thousands of years, the science of numerology has provided guidance, inspiration, and help with life's questions. Rooted in the ancient spiritual traditions of the Middle East, *The Wisdom of Sound and Number* accurately reveals your life patterns, giving you a window into your own soul. Armed with new knowledge about your life purpose, you will be able

to make better choices about your future A valuable spiritual tool this book can open up your life in new ways Whether seeking spiritual wisdom breaking through creative blocks resolving relationship questions or braving life s many issues The Wisdom of Sound and Number makes the challenge easier Leeya Thompson is a scholar and a visionary bringing impeccable research and fierce intellectual discipline to her work She follows the trail of the ancient art of gematria back to its earliest roots in Middle Eastern culture and creates a remarkable tool for understanding and change William Moore Educator and Reader of the Tree of Life and Tarot I recently had the privilege of experiencing a sound and numerology reading from Leeya Thompson I was grateful not only for her insight but for her ability to express what was revealed in my numbers and name sounds in ways that were both accessible and deeply meaningful Leeya uses a delightful economy of words communicating the essences that combine to create my unique portrait I found the progression of themes for each life phase especially helpful It is rare to have a reading that takes in the sweep of a life while giving precise indications as well I came away with a sense of focused hope fueling personal momentum a rare commodity in today s circumstances And a testament to Leeya s skill and wisdom Anne Oliver Counselor of Mediation The “Nonsense” Papers James W. Astrada,2013-11-01 In the first volume of his Nonsense Papers series James W Astrada explored the controversial discussion of extraterrestrial influence on the human species and planet Earth Now on the precipice of the Digital Age humanity is evolving at an astonishing ratebut are we evolving quickly enough to be entrusted with our advances As we face the estimate that the human population may swell to ten billion by 2050 we must demand debate on how this finite planet can handle humanitys uncontrolled growth This second installment of Astradas series continues to focus on humanitys perilous journey to connect with the power cosmic and abandon our primitive and ignorant beliefs of the paranormal and the mystic It also looks at the origins of humanity Darwinism geo engineering the dangers inherent as humans try to control the weather and more The race is on for the individual to ascend this reality we live in to finally reconnect with the galactic families of sentient beings that await us if we try to master our humanity and all of its obstacles Are we the greatest threat to our own existence Are we ready for contact from another world *Beyond the Indigo Children* P. M. H. Atwater,2005-09-29 Connects the arrival of a new type of children with the fulfillment of the Fifth World of the Mayan Calendar and other great prophecies Provides detailed information about the world changes that will take place before and after December 21 2012 Explores the seven root races representing the genetic gene pool of the human family and the phenomenon of soaring intelligence Explains the grand sweep of human evolution and the worldwide ascension of energy now occurring which will take humanity to the next level of development According to prophecy the fifth sun or fifth world of the Mayan calendar moves into a higher octave of vibration or ascension on December 21 2012 This date represents a gateway of planetary development that will open humanity to new ways of living and new worlds of opportunity Ancient traditions have foretold that our successful passage through this gateway depends on the fifth root race new stock in the human gene pool destined to help us through the exciting and

massive changes ahead In *Beyond the Indigo Children* P M H Atwater illuminates the characteristics of the fifth root race the capstone being the extraordinary new children those brilliant and irreverent kids born since 1982 She explores the relationship of the new children to the prophecies in the Mayan calendar and other traditions providing extensive background information about the seven root races the sixth and seventh of which haven't yet appeared and the great shifting of consciousness already underway She reveals the connection of the seven root races to the seven chakras and how the fifth chakra the chakra of willpower will be opened for humankind as the new children grow to maturity She also discusses the phenomenon of soaring intelligence and undeveloped potential and provides concrete guidance and tools for those who seek to understand and help the new children achieve their full potential *Beyond the Indigo Children* is the first major study of today's children and their place in our rapidly changing world that combines objective research with mystical revelation and prophecy

Physical Body Ascension to the New Earth Robert E. Pettit, 2010-06-01 There is a place you can go that is free from sickness crime and war That place is not here on this Earth Instead it is on the New Earth And you can choose to obtain a new body and go there Drawing upon thirty three years of University research and fifteen years of Subtle Energy manipulations Dr Pettit discusses relationships between life sciences and spirituality By understanding the concept ask and you can receive he outlines the questions to ask and your responsibilities to create a new body for ascending to the New Earth around 2012 Ascension is available for those who choose to move out of duality consciousness with suffering and pain into a new reality of Unity Consciousness with unfathomed joy and peace Dr Pettit explains how you can achieve this incredible gift with the following concepts Making a choice to ascend with your physical body Knowing who you are and why you are on Earth Shifting your dimensional state of consciousness Avoiding fear accept change understand time space Releasing false beliefs sickness and pain Understand your Mer Ka Ba Energy Field Universal Laws related to your spirituality The End Times The Shift and Photon Belt

Hidden Fields Charles Ford, 2008-02 Poetry can give the readers a chance to make better choices in their lives *Hidden Fields* prepares them to examine their self religion and philosophy by the spirit of poetry Charles Ford wants to share his many life experiences with readers and invite them into his home by his every thought word and action So they may know him and discover something special and unique about themselves He wrote poems for people throughout history rather than to them Poems offer for people even for readers who know little poetry All are unique alive or dead In *Hidden Fields* Charles brings to readers his experiences and his individuations which he expresses wonderfully by his ever deepening imagination and understanding that he has about poetry These poems about self embodied metaphysics of his faith hope and love Charles writes poems about religion and philosophy they are also in the vein of metaphysics These poems reveal his profound spiritual growth that he achieved in his life He experienced a religious conversion at three He shares this experience and many others with readers so they may know he writes poems from his heart by inspiration and love he has for God and man

Más allá de los niños índigo P. M. H. Atwater, 2008-01-07 Según la profecía el quinto sol o quinto mundo del calendario maya entra en ascenso el 21 de diciembre de 2012 Esta fecha representa una puerta de acceso en el desarrollo planetario que exponerá a la humanidad a nuevas formas de vivir y nuevos mundos de oportunidades Las predicciones de la antigüedad indican que nuestra transición satisfactoria a través de esta puerta de acceso depende de la quinta raza raza la nueva expresión de la reserva genética humana destinada a ayudarnos a sobrellevar los enormes y emocionantes cambios que nos aguardan En Más allá de los niños índigo P M H Atwater arroja luz sobre las características de los extraordinarios nuevos niños de la quinta raza raza esos chicos brillantes e irreverentes que han nacido desde 1982 La autora explora la relación de los nuevos niños con las profecías del calendario maya y otras tradiciones proveyendo amplia información de antecedentes acerca de las siete razas raza la sexta y séptima de las cuales aún no han surgido y la gran transformación de la conciencia que ya está teniendo lugar La autora revela la conexión existente entre las siete razas raza y los siete chakras y la manera en que la humanidad verá abrirse el quinto chakra el de la voluntad a medida que los nuevos niños lleguen a la madurez Analiza además el fenómeno de la inteligencia creciente y el potencial sin desarrollar y ofrece orientaciones y herramientas concretas para los que procuran comprender y ayudar a los nuevos niños a realizar todo su potencial Más allá de los niños índigo es el primer estudio importante de los niños de hoy y del lugar que ocupan en nuestro mundo rápidamente cambiante combina la investigación objetiva con la revelación mística y las profecías *Bibliography of Agriculture*, 1998 *The God Gene* Dean H. Hamer, 2005-09-27 The overwhelming majority of Americans believe in God this conviction has existed since the beginning of recorded time and is shared by billions around the world In *The God Gene* Dr Dean Hamer reveals that this inclination towards religious faith is in good measure due to our genes and may even offer an evolutionary advantage by reducing stress preventing disease and extending life Popular science at its best *The God Gene* is an in depth fully accessible inquiry into research that can change the way we see ourselves and the world around us Written with balance integrity and admirable scientific objectivity this is a book for readers of science and religion alike Fascinating A compelling case that spirituality very well may be part and parcel of our genetic structure Los Angeles Times Challenges some basic assumptions we may have and certainly goads us into reflection about human nature The News Observer **Genes, Genesis, and God** Holmes Rolston, 1999-02-13 Can the phenomena of religion and ethics be reduced to the phenomena of biology Holmes Rolston says no and in this sweeping account of the subject written with considerable verve and clarity he challenges the sociobiological orthodoxy that would naturalize science ethics and religion The book is thoroughly up to date on current biological thought and is written by one of the most well respected figures in the philosophy of biology and religion It is likely to provoke considerable controversy among a wide range of readers in such fields as philosophy religious studies and biology as well as

being suitable for courses on science and religion The Genetic Gods John C. Avise, 2009-06-30 They mastermind our lives shaping our features our health and our behavior even in the sacrosanct realms of love and sex religion aging and death Yet we are the ones who house perpetuate and give the promise of immortality to these biological agents our genetic gods The link between genes and gods is hardly arbitrary as the distinguished evolutionary geneticist John Avise reveals in this compelling book In clear straightforward terms Avise reviews recent discoveries in molecular biology evolutionary genetics and human genetic engineering and discusses the relevance of these findings to issues of ultimate concern traditionally reserved for mythology theology and religious faith The book explains how the genetic gods figure in our development not just our metabolism and physiology but even our emotional disposition personality ethical leanings and indeed religiosity Yet genes are physical rather than metaphysical entities Having arisen via an amoral evolutionary process natural selection genes have no consciousness no sentient code of conduct no reflective concern about the consequences of their actions It is Avise's contention that current genetic knowledge can inform our attempts to answer typically religious questions about origins fate and meaning The Genetic Gods challenges us to make the necessary connection between what we know what we believe and what we embody Table of Contents Preface Prologue 1 The Doctrines of Biological Science 2 Geneses 3 Genetic Maladies 4 Genetic Beneficence 5 Strategies of the Genes 6 Genetic Sovereignty 7 New Lords of Our Genes 8 Meaning Epilogue Notes Glossary Index Reviews of this book Our genes Avise says are responsible not only for how we got here and exist day to day but also for the core of our being our personalities and morals It is our genetic make up that allows for and formulates our religious belief systems he argues Avise does not eschew spirituality but seeks a more informed less confrontational approach between science and the pulpit Science News Reviews of this book For the general scientific reader the book is an excellent distillation of a broad and increasingly important field a course of causation that cannot be ignored From advising expectant parents to getting innocent people off death row genetics increasingly dominates our lives The sections on genetics are expertly written particularly for those readers without in depth knowledge The author explains slowly and carefully just how genetics operates using multiple metaphors His genetic discourse proceeds in a neighborly fashion as one might tell stories while sitting in a rocking chair at a country store He seems to be invigorated by genes and just can't wait to tell about them David W Hodo Journal of the American Medical Association Reviews of this book As a whole this book is quite informative and stimulating and sections of it are beautifully written Indeed Professor Avise has a real gift for prose and scientific expositions and I would suspect that he must be a formidable lecturer At its core The Genetic Gods is a survey and a very nice one at that of evolutionary genetics the field of the author's major research interests There is a strong sociobiological cast to the arguments and the work and ideas of E O Wilson figure prominently The presentation of evolutionary genetics is imbedded in a more general discussion of modern human and molecular genetics However this book is most of all a philosophical treatise that attempts admittedly with the bias of a biologist to examine the intersection of the

fundamental premises of evolution and religion Professor Avise has given us plenty to think about in this book and it was a real pleasure to wrestle with the ideas he was presenting I would suggest that other readers give it a try Charles J Epstein Trends in Genetics Reviews of this book Avise's account of the role genes play in shaping the human condition is wholly involving paying particular attention to issues of reproduction aging and death In addition to presenting ample biological information in a form accessible to the nonspecialist Avise does a superb job of discussing many of the ethical implications that have arisen from our growing knowledge of human genetics Just a few of the topics covered are genetic engineering the patenting of life genetic screening abortion human cloning gene therapy and insurance related controversies Publishers Weekly Reviews of this book Avise explains thoroughly how evolution operates on a genetic level His goal is to show that humans can look to this information as a way to answer fundamental questions of life instead of looking to traditional religious beliefs Avise includes some very interesting discussions of ethical concerns related to genetic issues Eric D Albright Library Journal This is a splendid account of a subject that affects us all the breathtaking increase in understanding of human genetics and the insight it provides into human evolution John Avise speaks with authority of molecular evolutionary genetics and with affecting compassion of what it might mean Douglas J Futuyma State University of New York at Stony Brook The Genetic Gods is many things It is a wonderful introduction to modern molecular biology by a man who knows his subject backwards It is a stimulating account of the ways in which genetics impinges on human nature our thinking and our behavior It is a remarkably level headed and sympathetic account of the implications of our new findings for traditional and not so traditional issues in philosophy and religion In an age of genetic counseling cloning construction of new life forms the book is worth its weight in gold for this alone But most of all it is a huge amount of fun to read you want to applaud or argue with the author on nigh every page Highly recommended Michael Ruse University of Guelph The Genetic Gods makes a valuable contribution to the on going task of sorting out the implications of evolutionary biology and genetics for human self understanding Avise addresses with authority and grace the most consequential intellectual issues of our time A challenging and insightful book Loyal Rue Harvard University A wonderfully informative and engaging book Avise offers a lucid accessible primer on our genes angelic and demonic and examines religious and ethical issues all too human now confronted by genetic science He makes a compelling case that anyone seeking to Know Thyself should study the DNA molecular scriptures our most ancient and universal legacy Dudley Herschbach Harvard University Nobel Laureate in Chemistry

Genes, Genesis, and God Holmes Rolston,1999 *The God Genes Decoded* R. A. Waldron,R. Z. Shakur,2008 **The God Genes Decoded Leatherette Bound Hard Back** Ricardo Waldron,2008 **The God Genes Decoded Volume II** Ricardo Waldron,2008 [The God Who Doesn't Exist](#) Fergus McGinley,2025-02-01 Welcome to The God Who Doesn't Exist Drawing on insights from parenting education theoretical physics evolutionary philosophy psychology comparative religion biblical exegesis and political theory an eclectic and original approach the author playfully describes as anti theology The

amazing story unfolds of two Gods one who doesn't exist whom we created ourselves and one who does exist whom we didn't create. The first of these gods is the familiar God of human history the God or gods we believed in just about forever then very recently dumped. An unpredictable and judgmental God who seemed occasionally to do right by us but more often went AWOL just when we needed them the most. We lived in constant fear of offending them and were terrified that if we didn't play our cards right in this life they'd consign us to hell in a handcart in the next Good riddance to the God who doesn't exist. The God who exists however is a very different god to the one who doesn't. Their primary quality seems to be something vastly more urgent for the human race than providing daily bread saving us from enemies and forgiving our sins it is selfless love teaching. Yes the acquisition of the capacity for intentional selfless cooperation is a fundamental evolutionary imperative essential for our survival and flourishing generally especially critical right now when we seem to be on the brink of self destruction. Self destruction yes will we survive the latest threats of global warming nuclear pandemic uncontrolled development of AI. Will the selfless love teaching God who exists ride to our rescue just in the nick of time. Read on then if you dare and find out.

Playing God? Ted Peters, 2014-04-04. Since the original publication of *Playing God* in 1996 three developments in genetic technology have moved to the center of the public conversation about the ethics of human bioengineering. Cloning the completion of the human genome project and most recently the controversy over stem cell research have all sparked lively debates among religious thinkers and the makers of public policy. In this updated edition Ted Peters illuminates the key issues in these debates and continues to make deft connections between our questions about God and our efforts to manage technological innovations with wisdom.

Dawkins' GOD Alister E. McGrath, 2004-11-30. Alister E. McGrath is one of the world's leading theologians with a doctorate in the sciences. Richard Dawkins is one of the bestselling popular science writers with outspoken and controversial views on religion. This fascinating and provoking work is the first book length response to Dawkins' ideas and offers an ideal introduction to the topical issues of science and religion. Addresses fundamental questions about Dawkins' approach to science and religion. Is the gene actually selfish? Is the blind watchmaker a suitable analogy? Are there other ways of looking at things? Tackles Dawkins' hostile and controversial views on religion and examines the religious implications of his scientific ideas making for a fascinating and provoking debate. Written in a very engaging and accessible style ideal to those approaching scientific and religious issues for the first time. Alister McGrath is uniquely qualified to write this book. He is one of the world's best known and most respected theologians with a strong research background in molecular biophysics. A superb book by one of the world's leading theologians which will attract wide interest in the growing popular science market similar to Susan Blackmore's *The Meme Machine* 1999.

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, Dive into the World of **God Genes And Consciousness Nonhuman Intervention In Human History** . God Genes And Consciousness Nonhuman Intervention In Human History Introduction

God Genes And Consciousness Nonhuman Intervention In Human History Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. God Genes And Consciousness Nonhuman Intervention In Human History Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. God Genes And Consciousness Nonhuman Intervention In Human History : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for God Genes And Consciousness Nonhuman Intervention In Human History : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks God Genes And Consciousness Nonhuman Intervention In Human History Offers a diverse range of free eBooks across various genres. God Genes And Consciousness Nonhuman Intervention In Human History Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. God Genes And Consciousness Nonhuman Intervention In Human History Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific God Genes And Consciousness Nonhuman Intervention In Human History, especially related to God Genes And Consciousness Nonhuman Intervention In Human History, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to God Genes And Consciousness Nonhuman Intervention In Human History, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some God Genes And Consciousness Nonhuman Intervention In Human History books or magazines might include. Look for these in online stores or libraries. Remember that while God Genes And Consciousness Nonhuman Intervention In Human History, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow God Genes And Consciousness Nonhuman Intervention In Human History eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the God Genes And Consciousness Nonhuman Intervention In

Human History full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of God Genes And Consciousness Nonhuman Intervention In Human History eBooks, including some popular titles.

FAQs About God Genes And Consciousness Nonhuman Intervention In Human History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. God Genes And Consciousness Nonhuman Intervention In Human History is one of the best book in our library for free trial. We provide copy of God Genes And Consciousness Nonhuman Intervention In Human History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with God Genes And Consciousness Nonhuman Intervention In Human History. Where to download God Genes And Consciousness Nonhuman Intervention In Human History online for free? Are you looking for God Genes And Consciousness Nonhuman Intervention In Human History PDF? This is definitely going to save you time and cash in something you should think about.
