Magic History Theory Practice:

Magic Ernst Schertel, 2009-05 In May of 2003 Timothy Ryback the author of *Hitler's Private Library: The Books That Shaped His Life* had an article published in *The Atlantic Monthly*. In the article he detailed several of the books held in a portion of Hitler's library at Brown University. Mr. Ryback also mentioned some of the passages Hitler marked in these books. One particular passage was worthy of attention: "He who does not carry demonic seeds within him will never give birth to a new world." That passage appeared in the book *Magic History Theory Practice* written by Dr. Ernst Schertel. Schertel was a researcher of alternative sexual practices, nudism, and the occult. After finishing his book *Magic* in 1923, he sent a dedicated copy to Adolf Hitler. Now, for the first time ever, *Magic History Theory Practice* has been translated into English with all sixty-six Hitler annotations intact.

Whisperers J.H. Brennan, 2013-06-13 From the hair-raising to the eyebrow-raising, this is a scintillating account of meetings with spirits through history. Mark Booth, *New York Times* bestselling author. It may seem incredible, but as bestselling novelist and occult expert J.H. Brennan reveals in this eye-opening new history, there is a wealth of evidence to suggest that the disembodied voices of spirits may have subtly directed the course of human events. In *Whisperers*, Brennan explores how the spirit world, whether we believe in it or not, has influenced our own since the dawn of civilization. With a novelist's flair and a scholar's keen eye, Brennan details the supernatural affinities of world leaders from King Nebuchadnezzar to Adolf Hitler, showing how the decisions and policies of each have been shaped by their supernatural beliefs and encounters. Brennan also examines the impact of visions from shamanism in native cultures to prophets such as Joan of Arc. Chronicling millennia of contact between the spirit world and our own, *Whisperers* presents an entirely new and different way to look at history. Prolific Irish author and lecturer Brennan's lifelong fascination with psychic phenomena fuels this comprehensive analysis of potential supernatural influences on history. Certain hokum for skeptics, but the more open-minded will savor this chillingly convincing testimonial. *Kirkus Reviews*. J.H. Brennan is an expert storyteller who paints an often terrifying picture of how human destiny has regularly been changed forever by individuals convinced they were in communication with intelligences from beyond. In *Whisperers*, Brennan has created a unique and timely history of spirit voices that is both brilliant and utterly chilling. Andrew Donkin, coauthor of **Hitler's Monsters**.

Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger-than-fiction truths on every page. *Daily Telegraph*. The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently

rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review Hermetic Magic Stephen Flowers,2025-09-12 Edited and introduced by Stephen Edred Flowers Ph D This book opens the gate to the use of the authentic Hermetic formulas concealed in the magical papyri of Egypt Students can use this information as a basis for developing and enacting their own magical systems Organized in four parts History Theory Practice and Operation in the form of the Magical Papyrus of Abaris Illustrated Glossary Index *Original Magic* Stephen E. The Vice of Kings Jasun Horsley,2019-01-22 In today's post truth world we are becoming inundated with fantasy fictions alternate news and grossly oversimplified and wildly exaggerated conspiracy theories that identify cryptocratic power structures ruling our fates But suppose the truth is both stranger than any fiction and more nuanced and disturbing than any theory Suppose it is not conspiracy but complicity that creates our world Beginning as an investigation into the author's childhood inside a closet aristocracy of progressive British entrepreneurs The Vice of Kings uncovers a history both disturbingly personal and shockingly universal By juxtaposing disc jockey Jimmy Savile's secret cultural criminal and political affiliations in the second half of the 20th century with the life and teachings of Aleister Crowley in the first it uncovers an alarming body of evidence that organized child abuse is not only the dark side of occultism but the shadowy secret at the heart of culture both ancient and modern
