Zu Friedrich Nietzsches Fakten Psychologische Aufklärung über einen

angeblich großen Philosophen Christian Georg, 2017-01-11 Es bringt nichts Nietzsche zu lesen als ob es sich beispielsweise bei seinem Lebensmotto Werde der du bist um eine allgemeinverständliche Aussage handelt Bei Nietzsche muss man sich hüten ihm aufs Wort zu glauben d.h. man darf sich nicht naiv darauf einlassen was er in allgemeinverständlich scheinende Worte packte Zu seinen oft geflügelten Wahrheiten über sich selbst und die Welt so wie er sie sah muss man wissen aus welcher Veranlassung und aufgrund welcher Quellen er zu seiner jeweiligen Ansicht gekommen ist denn seine zumeist totalitär vertretene Selbstmittelpunktlichkeit hatte extreme Formulierungen nötig deren Gültigkeit und Rechtfertigung nicht ohne Gefahr auf anders Veranlagte übertragen werden kann Dieses Buch verweist darauf wie und wo sich genauere Analysen des Nietzscheschen Philosophierens wenn man es denn so nennen will finden lassen **Cosmopolitan**, 1896

Robert Louis Stevenson in the Pacific Roslyn Jolly, 2009 Roslyn Jolly examines a crucial period 1887-1894 in Stevenson's life focusing on the self transformation wrought in his Pacific travel writing and political texts As his geographical and cultural horizons expanded Stevenson's professional sphere also enlarged A key feature of the study is Jolly's analysis of the resistance of Victorian readers not only to the Pacific subject matter of Stevenson's later works but also to his experiments with new styles and genres **Edgar Allan Poe and the Masses** Terence Whalen, 1999-04-25 Edgar Allan Poe has long been viewed as an artist who was hopelessly out of step with his time But as Terence Whalen shows America's most celebrated romantic outcast was in many ways the nation's most representative commercial writer Whalen explores the antebellum literary environment in which Poe worked an environment marked by economic conflict political strife and widespread foreboding over the rise of a mass audience The book shows that the publishing industry far from being a passive backdrop to writing threatened to dominate all aspects of literary creation Faced with financial hardship Poe desperately sought to escape what he called the magazine prison house and the horrid laws of political economy By placing Poe firmly in economic context Whalen unfolds a new account of the relationship between literature and capitalism in an age of momentous social change The book combines pathbreaking historical research with innovative literary theory It includes the first fully

documented account of Poe's response to American slavery and the first exposé of his plot to falsify circulation figures Whalen also provides a new explanation of Poe's ambivalence toward nationalism and exploration a detailed inquiry into the conflict between cryptography and common knowledge and a general theory of Poe's experiments with new literary forms such as the detective story Finally Whalen shows how these experiments are directly linked to the dawn of the information age This book redefines Poe's place in American literature and casts new light on the emergence of a national culture before the Civil War New England Journal of Education Thomas Williams Bicknell, Albert Edward Winship, Anson Wood Belding, 1899

After London; Or, Wild England Richard Jefferies, 2024-07-27 *After London Or Wild England* by Richard Jefferies is a visionary work of speculative fiction that paints a haunting and evocative picture of a post apocalyptic England The novel imagines a future where civilization has collapsed and nature has reclaimed the land Cities lie in ruins and the remnants of human society have reverted to a medieval state of existence The story follows Felix Aquila a young nobleman who embarks on a perilous journey through this transformed landscape Driven by a desire to win the love of Aurora a noblewoman Felix must navigate the dangers of a wild and untamed England His journey takes him through dense forests overgrown marshlands and the remains of once great cities now swallowed by nature Along the way he encounters various factions and communities each struggling to survive in this new world Jefferies *After London* is notable for its rich descriptions and contemplative tone The novel explores themes of survival the resilience of nature and the fragility of human civilization Through Felix's eyes readers witness the beauty and brutality of a world where the balance of power has shifted from humanity to the natural world This pioneering work of eco fiction remains a powerful and thought provoking read *After London Or Wild England* offers a unique blend of adventure romance and ecological reflection making it a timeless exploration of humanity's relationship with nature and the enduring consequences of societal collapse Lewis Carroll Lewis Carroll, 2017-12-06 *A Tangled Tale* is a collection of ten brief humorous stories by Lewis Carroll published serially between April 1880 and March 1885 The stories or Knots as Carroll calls them present mathematical problems In a later issue Carroll gives the solution to a Knot and discusses readers' answers The mathematical interpretations of the Knots are not always straightforward The ribbing of readers' answers giving their names was not always well received Short story Bruno's Revenge was originally published in 1867 Some years later in 1873 or 1874 Carroll had the idea to use this piece as the core for a longer story Much of the rest of the novel he compiled from notes of ideas and dialogue which he had collected over the years *What the Tortoise Said to Achilles* written by Lewis Carroll in 1895 for the philosophical journal *Mind* is a brief dialogue which problematises the foundations of logic The title alludes to one of Zeno's paradoxes of motion in which Achilles could never overtake the tortoise in a race In Carroll's dialogue the tortoise challenges Achilles to use the force of logic to make him accept the conclusion of a simple deductive argument Ultimately Achilles fails because the clever tortoise leads him into an infinite regression Charles Lutwidge Dodgson better known by the pseudonym Lewis Carroll 1832
