**Eye of Truth** Lindsay Buroker,2021-03-11 After ten years at war Jev Dharrow looks forward to hanging up his sword relaxing with a cool mug of ale and forgetting that the love of his life married another man while he was gone But when his ship sails into port a beautiful woman wearing the garb of an inquisitor from one of the religious orders waits to arrest him His crime He s accused of stealing an ancient artifact with the power to start another war Jev would gladly hand over the artifact to stop more suffering but he has no idea where it is or even what it looks like The inquisitor woman definitely has the wrong person Inquisitor Zenia Cham grew up with nothing but she has distinguished herself as one of the most capable law enforcers in the city and she s next in line to become archmage of the temple All she has to do is find the Eye of Truth and her superiors are certain that Jev has it He tries to charm her with his twinkling eyes and easy smile but she s not letting any man get between her and her dreams Especially not a thief If Jev can t convince Zenia they re on the same side find the artifact and clear his name his homecoming will turn into a jail sentence Or worse **Cruising World** ,2001-01

**Understanding Wittgenstein, Understanding Modernism** Anat Matar, 2017-01-26 In the last half century Ludwig Wittgenstein's relevance beyond analytic philosophy to continental philosophy to cultural studies and to the arts has been widely acknowledged Wittgenstein's *Tractatus Logico Philosophicus* was published in 1922 the *annus mirabilis* of modernism alongside Joyce's *Ulysses* Eliot's *The Waste Land* Mansfield's *The Garden Party* and Woolf's *Jacob's Room* Bertolt Brecht's first play to be produced *Drums in the Night* was first staged in 1922 as was Jean Cocteau's *Antigone* with settings by Pablo Picasso and music by Arthur Honegger In different ways all these modernist landmarks dealt with the crisis of representation and the demise of eternal metaphysical and ethical truths Wittgenstein's *Tractatus* can be read as defining expressing and reacting to this crisis In his later philosophy Wittgenstein adopted a novel philosophical attitude sensitive to the ordinary uses of language as well as to the unnoticed dogmas they may betray If the gist of modernism is self reflection and attention to the way form expresses content then Wittgenstein's later ideas in their fragmented form as well as their ear opening contents deliver it most precisely *Understanding Wittgenstein Understanding Modernism* shows Wittgenstein's work both early and late to be closely linked to the modernist Geist that prevailed during his lifetime Yet it would be wrong to argue that Wittgenstein was a modernist tout court For Wittgenstein as well as for modernist art understanding is not gained by such straightforward statements It needs time hesitation a variety of articulations the refusal of tempting solutions and perhaps even a sense of defeat It is such a vision of the linkage between Wittgenstein and modernism that guides the present volume

**The Japan Magazine**, 1919      **The Routledge International Handbook on Fear of Crime** Murray Lee, Gabe Mythen, 2017-12-01 The Routledge International Handbook on Fear of Crime brings together original and international state of the art contributions of theoretical empirical policy related scholarship on the intersection of perceptions of crime victimisation vulnerability and risk This is timely as fear of crime has now been a focus of scholarly and policy interest for some fifty years and shows little sign of abating Research on fear of crime is demonstrative of the inter disciplinaryity of criminology drawing in the disciplines of sociology psychology political science history cultural studies gender studies planning and architecture philosophy and human geography This collection draws in many of these interdisciplinary themes This collection also extends the boundaries of fear of crime research It does this both methodologically and conceptually but perhaps more importantly it moves us beyond some of the often repeated debates in this field to focus on novel topics from unique perspectives The book begins by plotting the history of fear of crime's development then moves on to investigate the methodological and theoretical debates that have ensued and the policy transfer that occurred across jurisdictions Key elements in debates and research on fear of crime concerning gender race and ethnicity are covered as are contemporary themes in fear of crime research such as regulation security risk and the fear of terrorism the mapping of fear of crime and fear of crime beyond urban landscapes The final sections of the book explore geographies of fear and future and unique directions for this research

The Publishers' Trade List Annual, 1917      **Black Women in Interracial Relationships**

Kellina Craig-Henderson, 2017-07-28 According to the most recent U S census twice as many black men are involved in interracial relationships as black women Do black women consciously resist such involvement What motivates the relatively few women who are in these types of relationships And how do they navigate the unfamiliar terrain in intimacy One of the most popular explanations for black women s involvement in interracial intimacy is the unavailability of eligible black men This explanation focuses on the dismal statistics popularly discussed in reports that forecast lonely futures for African American females Craig Henderson explores another more provocative explanation She argues that some black women may disassociate from larger social stereotypes by consciously and strategically making choices that distance them from what is considered characteristic of the typical African American woman Scant serious attention has focused upon intimate interracial relationships perhaps because of a general reluctance to deal with two extremely provocative issues race and sex As rates of interracial relationships continue to increase discussions about interracial intimacy are relevant and timely Craig Henderson considers the continuing taboo of interracial relationships involving African Americans the way this taboo is changing and the way that contemporary race relations perpetuate longstanding stereotypes about race and sex The book includes in depth unstructured interviews with a wide range of black women currently involved in interracial intimate relationships Each individual discusses their relationships with family members beliefs about the influence of race in America unique problems associated with interracial intimacy as well as sexual attraction racial identity and children Of particular interest to specialists in race gender family and sexual issues this work is also accessible and appealing to general readers

an other Sharon Patricia Holland, 2023-07-03 In an other Sharon Patricia Holland offers a new theorization of the human animal divide by shifting focus from distinction toward relation in ways that acknowledge that humans are also animals Holland centers ethical commitments over ontological concerns to spotlight those moments when Black people ethically relate with animals Drawing on writers and thinkers ranging from Hortense Spillers Sara Ahmed Toni Morrison and C E Morgan to Jane Bennett Jacques Derrida and Donna Haraway Holland decenters the human in Black feminist thought to interrogate blackness insurgence flesh and femaleness She examines MOVE s incarnation as an animal liberation group uses sovereignty in Morrison s *A Mercy* to understand blackness indigeneity and the animal analyzes Charles Burnett s films as commentaries on the place of animals in Black life and shows how equestrian novels address Black and animal life in ways that rehearse the practices of the slavocracy By focusing on doing rather than being Holland demonstrates that Black life is not solely likened to animal life it is relational and world forming with animal lives *Nebraska* Ron Hansen, 2012-03-01

dreams myths and possibilities as vast as the Great Plains Wise and smart alecky creaking with legend and crackling with modernisms these tales are about American obsessions past and present The Washington Post Book World Just as Raymond Carver came to be identified with a Pacific Northwest populated by blue collar workers and just as Richard Ford has crafted a Montana full of drifters so Ron Hansen has carved out his own geographical niche His Nebraska is a distinctive mix of 19th century settlers and 1980s breadwinners of sudden storms and life long yearnings of lost souls stranded in the middle of nowhere USA Today Beautifully crafted stories Wickedness evil malice is called by name and for Hansen s people the snake in the garden never fails to appear The New York Times Breathtaking virtuosity These short narratives are utterly clean and smooth they click together like a collection of river washed stones that are each remarkably different yet polished by the same hand Publishers Weekly *El-Hi Textbooks & Serials in Print, 2005* ,2005 **Clear Your Space...Clear Your Mind** Linda J.
