Knaurs Lexikon Der Symbole:

Knaurs Lexikon der Symbole Hans Biedermann, Gerhard Riemann, 1989
Biedermann, 1990 **Knaurs Lexikon der Symbole**, 2004 The Continuum Encyclopedia of Symbols Udo Becker, 2000-01-01 An alphabetical reference with more than 1 500 entries that trace symbols to their cultural religious or mythological origins and explain the hidden or encoded meaning that lies concealed beneath objects and concepts ordinary outward appearance **Encyclopedia of Comparative Iconography** Helene E. Roberts, 2013-09-05 First published in 1998 The Encyclopedia of Comparative Iconography compares the uses of iconographic themes from mythology the Bible and other sacred texts literature and popular culture in works of art through various periods cultures and genres Art historians now tend to study narrative themes depicted in works of art in relation to such subjects as gender and sexuality politics and power ownership and possession ceremony and ritual legitimacy and authority The Encyclopedia of Comparative Iconography reflects these new approaches by ordering the themes of various iconographic sources in particular biblical mythological and literary texts according to these new emphases Each handsomely illustrated entry discusses the major relevant iconographic narratives and the historical background of each theme A list of selected works of art that accompanies each essay guides the reader to examples in art that depict the theme under discussion Each essay includes a list of suggested reading that provides further sources of information about the themes A general bibliography of reference books is listed separately and can be used in association with all the essays With 119 entries written by 42 experts the Encyclopedia of Comparative Iconography is an important reference work for art historians students of art history artists and the general reader Metzler Lexikon literarischer Symbole Günter Butzer, Joachim Jacob, 2008-12-08 Mohn Glas Blau Licht Traum Kreis ber 400 Artikel erl utern die zentralen Bedeutungen der wichtigsten literarischen Symbole abendl ndischer Literatur Pflanzen Gegenst nde Farben Tiere Orte und Zust nde k nnen eine ber die konkrete Bildlichkeit hinausweisende Bedeutung annehmen Welche Literarische Beispiele von der Antike bis zur Gegenwart geben Aufschluss Zugleich zeichnet das Lexikon die Geschichte der jeweiligen Symbole nach Unverzichtbar f r die Textinterpretation **Matthias Claudius** Herbert Rowland, 1997 This book contributes to the current revision of Matthias Claudius s image by illuminating the complex of ideas that lies at the core of his thought and relating them to his art and the broader concerns that were most important to him Claudius has long had a firm place in the canon of German literature as a naive and soulful poet of folklife nature and religious faith Over the past two decades however a growing body of scholarship has uncovered aspects of his life and work that demand reconsideration of his traditional image This volume represents an attempt to contribute to the revision This volume elucidates the ideas central to Claudius s thought and views them in connection with both his work and important issues of the time Over and against the traditional image of Claudius the study projects a more accurate and balanced indeed a substantially new vision of the poet and man An Introduction to Iconography Roelof van Straten, 2012-10-02 Available

for the first time in English An Introduction to Iconography explains the ways that artists use references and allusions to create meaning The book presents the historical theoretical and practical aspects of iconography and ICONCLASS the comprehensive iconographical indexing system developed by Henri van de Waal It gives particular emphasis to the history of iconography personification allegory and symbols and the literary sources that inform iconographic readings and includes annotated bibliographies of books and journal articles from around the world that are associated with iconographic research The author of numerous articles and a four volume reference work on Italian prints Roelof van Straten is currently working on an iconographic index covering the prints of Goltzius and his school **Blurred Boundaries and Deceptive**

Dichotomies in Pre-Modern Texts and Images Dafna Nissim, Vered Tohar, 2023-12-18 This collection of essays focuses on the way blurred boundaries are represented in pre modern texts and visual art and how they were received and perceived by their audiences readers listeners and viewers According to the current understanding that opposing cognitive categories that are so common in modern thinking do not apply to pre modern mentalities we argue that individuals in medieval and pre modern societies did not necessarily consider sacred and secular male and female real and fictional and opposing emotions as absolute dichotomies The contributors to the present collection examine a wide range of cultural artifacts literary texts wall paintings sculptures jewelry manuscript illustrations and various objects as to what they reflect regarding the dominant perceptual system the network of beliefs worldviews presumptions values and norms of viewing reading hearing different from modern epistemology strongly predicated on the binary nature of things and people The essays suggest that analyzing pre modern cultural works of art or literature in light of reception theory can lead to a better understanding of how those cultural products influenced individuals and impacted their thoughts and actions *The Shadow of Dante in French*

Renaissance Lyric Alison Baird Lovell, 2020-11-09 This book presents an interpretation of Maurice Scève's lyric sequence *Dieu objet de plus haulte vertu* Lyon 1544 in literary relation to the *Vita nuova* *Commedia* and other works of Dante Alighieri Dante's subtle influence on Scève is elucidated in depth for the first time augmenting the allusions in *Dieu* to the *Canzoniere* of Petrarch Francesco Petrarca Scève's sequence of dense epigrammatic dizains is considered to be an early example prior to the Pléiade poets of French Renaissance imitation of Petrarch's vernacular poetry in a time when imitatio was an established literary practice signifying the poet's participation in a tradition While the *Canzoniere* is an important source for Scève's *Dieu* both works are part of a poetic lineage that includes Occitan troubadours Guinizzelli Cavalcanti and Dante The book situates Dante as a relevant predecessor and source for Scève and examines anew the Petrarchan label for *Dieu* Compelling poetic affinities emerge between Dante and Scève that do not correlate with Petrarch **A Heritage Of Holy Wood** Barbara

Baert, 2004-01-01 This fascinating study reconstructs the tradition of the Legend of the True Cross in text and image from its tentative beginnings in 4th century Jerusalem to the culminating expression of its multi layered cosmic content in 14th and 15th century monumental cycles in Germany and Italy **Narratives of Risk. Narrative des Risikos** Karen Patrick

Knutsen, Sigmund Kvam, Peter Langemeyer, Anastasia Parianou, Kåre Solfeld, 2012 Narratives of Risk Interdisciplinary Studies is the result of an international project involving authors from institutions of higher education in Denmark Greece Malta and Norway Twenty one contributions partly in German and partly in English discuss stories of risk circulating within different fields of research linguistics translation studies comparative literature rhetoric education theology psychology sociology and political science The concept of risk is multi faceted As these articles illustrate stories can be about risk but they can also be risky in themselves For example a technical manual can help people avoid dangerous situations however a faulty translation can lead to injury or even death Likewise a novel for young adults can persuade them to avoid risky behavior while another may actually encourage them to take chances Narrative des Risikos Interdisziplinäre Beiträge ist das Ergebnis einer Kooperation von Wissenschaftlern aus Dänemark Griechenland Malta und Norwegen Der Band thematisiert Erzählungen über Risiken aber auch Erzählungen die ein Risiko in sich bergen Beispielsweise können Gebrauchsanleitungen und ihre Übersetzung eine Hilfe für die Benutzer von technischen Geräten aber auch eine Bedrohung für Leben und Gesundheit sein Ebenso können Jugendromane vor riskantem Verhalten warnen aber auch dazu verleiten Die in diesem Band versammelten Beiträge teils in englischer teils in deutscher Sprache entstammen verschiedenen Fachgebieten wie Literaturwissenschaft Linguistik Rhetorik Erziehungswissenschaft Theologie Psychologie Soziologie und Politikwissenschaft

Schubert's Reputation from His Time to Ours Geoffrey Block, 2024-12-30 The composer Franz Schubert 1797-1828 was not bereft of early advocates from Schumann Liszt and Mahler to Sir George Grove Brahms famously heralded Schubert as the true successor to Beethoven Nevertheless it was not until the end of the twentieth century that Schubert's major instrumental works finally and fully emerged from Beethoven's shadow Critics and scholars began to reinterpret Schubert's departures from Beethoven's formal and stylistic characteristics and to see these departures not as flaws but as strengths and hallmarks of a new paradigm Schubert's alternate constructions of masculine subjectivities first described by Schumann in 1838 parallel a developing appreciation for lyricism melody and song traits historically regarded as feminine Consequently Schubert's approach is increasingly viewed as innovative and divergent rather than defective and deviant Schubert's Reputation from His Time to Ours tells the story of how and why this has happened

An Intellectual History of Science in the Renaissance Raffaele Pisano, 2025-09-09 This first of a two part volume Book I deals with a unit intellectual cultural history of science in the Renaissance within fundamental frameworks An intellectual cultural history of science examines how human and their intellectual experiences have been expressed in and emerged by scientific ideas Taking into account the excellence of the essays which cover several branches and disciplines in history and epistemology of science this book also provides perspectives on the enduring influence of a historiographical tradition e.g. the emergence of fundamental works on mathematics and geometry household's principal functions food and culture clock instrumentation surgery as a practical branch of medicine It describes the ways it differently accounted for variation in unlike countries and consequently how its

results remain still nowadays a debated question as well as due to constraints preventing an extensive exploration of its remarkable historiography This volume gathers selected and double peer review contributions by historians of physics mathematics science as new fundamental perceptions in the history of science during the Renaissance ranging across several fields of science within its intellectual and cultural history The book is an accessible avenue to understanding cultural issues to develop scientific ideas by leading authorities who offer much needed historical insights into the field of intellectual and fundamental history of science It provides an absorbing and revealing read for historians philosophers and scientists alike
