Knowledge Christ Speculative Dogmatics Lutheran:

The Knowledge of Christ Larry Rinehart, 2015-12-17 The Knowledge of Christ comprises a series of studies on important dogmatic topics developed by commentary on traditional Christian authors including St Augustine St Bernard Meister Eckhart Martin Luther Maximus Confessor Martin Chemnitz St John of Damascus St Thomas Aquinas and Johann Gerhard These studies are also informed by a traditional metaphysical perspective philosophia perennis which is brought to bear on the meaning of the dogmatic Symbols and of the heart in which faith is said to abide As implied in its subtitle the book seeks to exemplify the use of metaphysical understanding in the practice of dogmatics within the Lutheran theological order of the Church

Kierkegaard's Kenotic Christology David R. Law, 2013-01-10 The orthodox doctrine of the incarnation affirms that Christ is both truly divine and truly human This however raises the question of how these two natures can co exist in the one united person of Christ without undermining the integrity of either nature Kenotic theologians address this problem by arguing that Christ emptied himself of his divine attributes or prerogatives in order to become a human being David R Law contends that a type of kenotic Christology is present in Kierkegaard s works developed independently of the Christologies of contemporary kenotic theologians Like many of the classic kenotic theologians of the 19th century Kierkegaard argues that Christ underwent limitation on becoming a human being Where he differs from his contemporaries is in emphasizing the radical nature of this limitation and in bringing out its existential consequences The aim of Kierkegaard s Christology is not to provide a rationally satisfying theory of the incarnation but to highlight the existential challenge with which Christ confronts each human being Kierkegaard advances existential kenoticism a form of kenotic Christology which extends the notion of the kenosis of Christ to the Christian believer who is called upon to live a life of kenotic discipleship in which the believer follows Christ s example of lowly humble and suffering service Kierkegaard thus shifts the problem of kenosis from the intellectual problem of working out how divinity and humanity can be united in Christ s Person to the existential problem of discipleship

The Task of Dogmatics Zondervan, 2017-11-21 Defining the Nature Process and Mission of Dogmatic Discourse Theologians often discuss method in a remote and preliminary way that suggests they are not yet speaking theologically when speaking methodologically But it is also possible to reflect on the work of Christian dogmatics in a way that is self consciously nourished by biblical reasoning resourced by tradition joined up with ecclesial practice and alert to spiritual dynamics Bringing together theologians who are actively engaged in the writing and editing of extended dogmatics projects The Task of Dogmatics represents the proceedings of the 2017 Los Angeles Theology Conference and seeks to provide constructive accounts of the nature of the dogmatic task The eleven diverse essays in this collection include discussions on Identifying theology s pattern and norm The validity and relativity of doctrinal statements The Apostle Paul and the task of dogmatics The retrieval of patristic and medieval theology Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different

confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future *Theological Propaedeutic* Philip Schaff, 1904 *Christian Dogmatics* John Macpherson, 1898 **Theological Propaedeutic** Philip Schaff, 2007-03-05 **Reformed Dogmatics** Herman Bavinck, John Bolt, John Vriend, 2003-10 In English for the first time Bavinck's magnum opus covers the history literature and foundations of dogmatic theology *The New Schaff-Herzog Encyclopedia of Religious Knowledge* Johann Jakob Herzog, Albert Hauck, Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1909 *Tragic Sense of Life* Miguel Unamuno, 2023-09-03 *Tragic Sense of Life* in Spanish *Del sentimiento trágico de la vida* is a philosophical work written by Miguel de Unamuno a prominent Spanish philosopher writer and existentialist of the late 19th and early 20th centuries The book delves into themes of existentialism faith and the human condition In *Tragic Sense of Life* Miguel de Unamuno grapples with the fundamental questions of human existence and the meaning of life He explores the complex and often paradoxical relationship between reason and faith intellect and emotion and the struggle to find meaning in a seemingly indifferent or hostile universe Unamuno argues that humans have an inherent desire for immortality and an eternal truth yet the uncertainty of life the inevitability of death and the limits of human understanding create a sense of existential anguish and tragedy He delves into the inner conflicts and anxieties that arise from this confrontation between the desire for certainty and the awareness of our mortal nature The author critiques the rationalism and scientific positivism of his time asserting that reason alone cannot provide ultimate answers or fulfill the deeper yearnings of the human soul He advocates for an embrace of the irrational the passionate and the unknown as crucial elements of the human experience Throughout the book Unamuno weaves in his personal struggles and experiences infusing the philosophical exploration with a sense of authenticity and introspection He invites readers to confront their own existential uncertainties and grapple with the enigma of human existence

Kierkegaard's View of Christianity W. von Kloeden, 1978 *Selected Works of Miguel de Unamuno, Volume 4* Miguel de Unamuno, 2021-03-09 The acknowledged masterpiece of Unamuno expresses the anguish of modern man as he is caught up in the struggle between the dictates of reason and the demands of his own heart **The Oxford History of Modern German Theology, Volume 1: 1781-1848** Grant Kaplan, Kevin M. Vander Schel, 2023-05-20 From the closing decades of the eighteenth century German theology has been a major intellectual force within modern western thought closely connected to important developments in idealism romanticism historicism phenomenology and hermeneutics Despite its influential legacy however no recent attempts have sought to offer an overview of its history and development Oxford History of Modern German Theology Vol I 1781 1848 the first of a three volume series provides the most comprehensive multi authored overview of German theology from the period from 1781 1848 Kaplan and Vander Schel cover categories frequently omitted from earlier overviews of the time period such as the place of Judaism in modern German society race and religion and the impact of social history in shaping theological debate Rather than focusing on individual figures alone Oxford History

of Modern German Theology Vol I 1781 1848 describes the narrative arc of the period by focusing on broader intellectual and cultural movements ongoing debates and significant events It furthermore provides a historical introduction to each of the chronological subsections that divides the book Moreover unlike previous efforts to introduce this time period and geographical region the volume offers chapters covering such previously neglected topics as religious orders the influence of Romantic art secularism religious freedom and important but overlooked scholarly initiatives such as the Corpus Reformatorum Attention to such matters will make this volume an invaluable repository of scholarship and knowledge and an indispensable reference resource for decades to come

The Knowledge of God Michael Allen, 2022-01-13 The Knowledge of God turns to consider the knowledge of God revealed in the Word of God with several essays addressing the doctrine of God then the person of Christ and finally the miracle of the church Michael Allen shows the exegetical shape of historical and dogmatic reasoning as well as the significance of thinking about these topics in their interrelationships with a range of other Christian themes not least the doctrine of the living and true God In each of these topics the theme of the promise and nature of God s presence whether in

his own life or then in the economy of the incarnation and of the church proves to be a unifying thread The gospel is shown to be rooted backward in God s own life and to have consequence forward for the ongoing life of Christ displayed in his church This volume explores what it means to learn of and come to know God who has life in himself and then shares his life with us in the coming of his Son and the ongoing presence amidst his body the church of Christ

Tragic Sense Of Life Miguel de Unamuno, 2019-11-19 In *The Tragic Sense of Life* Miguel de Unamuno explores the profound existential dilemmas inherent in the human condition through a deeply personal and philosophical lens Written in the early 20th century this work is notable for its poignant blend of lyrical prose and rigorous intellectual inquiry which resonates with the currents of existential philosophy emerging in contemporary literature Unamuno grapples with themes such as the inevitability of death the search for meaning and the tension between faith and reason illustrating how these concerns shape human existence and identity Miguel de Unamuno a Spanish writer and philosopher celebrated for his role in the Generation of 98 draws on his own experiences in a politically tumultuous Spain to inform his contemplations His background in theology and modern philosophy coupled with his personal encounters with despair and existential questioning exemplified by his struggles with faith served as fertile ground for the ideas presented in this seminal work Unamuno s blend of autobiography and philosophical treatise establishes a unique and compelling voice that captures the human spirit I highly recommend *The Tragic Sense of Life* to readers who seek a deeper understanding of existential thought and its implications on their own lives Unamuno s deft articulation of life s tragic elements invites introspection and offers a thought provoking framework that remains relevant in today s search for meaning amidst chaos
