Liberalism Imperialism And The Historical Imagination Nineteenth Century Visions Of A Greater Britain:

Liberalism, Imperialism, and the Historical Imagination Theodore Koditschek, 2011-02-10 This book examines the ways in which imperial agendas informed the writing of history in nineteenth century Britain and how historical writing transformed imperial agendas Using the published writings and personal papers of Walter Scott J A Froude James Mill Rammohun Roy T B Macaulay E A Freeman W E Gladstone and J R Seeley among others Theodore Koditschek sheds light on the role of the historical imagination in the establishment and legitimation of liberal imperialism He shows how both imperialists and the imperialized were drawn to reflect back on the Empire s past as a result of the need to construct a modern multi national British imperial identity for a more economically expansive and enlightened present By tracing the imperial lives and historical works of these pivotal figures Theodore Koditschek illuminates the ways in which discourse altered practice and vice versa as well as how the history of Empire was continuously written and re written

The Cambridge History of Modern European Thought Warren Breckman, Peter Eli Gordon, 2019 In these well nigh encyclopedic volumes Warren Breckman and Peter E Gordon engage in a daunting feat They offer compact and informative introductions to essays on very many crucial dimensions of thought in the nineteenth and twentieth centuries And they furnish along with their own substantive chapters contributions from an array of prominent scholars of intellectual and cultural history all of whom demonstrate impressive expertise in their varied areas of inquiry The result is an important work of both scholarly and general interest Back cover

Royal tourists, colonial subjects and the making of a British world, 1860-1911 Charles Reed, 2016-02-01 This electronic version has been made available under a Creative Commons BY NC ND open access license This study examines the ritual space of nineteenth century royal tours of empire and the diverse array of historical actors who participated in them It suggests that the varied responses to the royal tours of the nineteenth century demonstrate how a multi centred British imperial culture was forged in the empire and was constantly made and remade appropriated and contested In this context subjects of empire provincialised the British Isles centring the colonies in their political and cultural constructions of empire Britishness citizenship and loyalty

Alternative Histories of the Self Anna Clark, 2017-12-14 Alternative Histories of the Self investigates how people re imagined the idea of the unique self in the period from 1762 to 1917 Some used the notion of the unique self to justify their gender and sexual transgression but others rejected the notion of the unique self and instead demanded the sacrifice of the self for the good of society The substantial introductory chapter places these themes in the cultural context of the long nineteenth century but the book as a whole represents an alternative method for studying the self Instead of focusing on the thoughts of great thinkers this book explores how five unusual individuals twisted conventional ideas of the self as they interpreted their own lives These subjects include The Chevalier Eon a renegade diplomat who was outed as a woman Anne Lister who wrote coded diaries about her attraction to women Richard Johnson who secretly criticized the empire that he served James Hinton a Victorian doctor

who publicly advocated philanthropy and privately supported polygamy Edith Ellis a socialist lesbian who celebrated the abnormal These five case studies are skilfully used to explore how the notion of the unique individual was used to make sense of sexual or gender non conformity Yet this queer reading will go beyond same sex desire to analyse the issue of secrets and privacy for instance what stigma did men who practiced or advocated unconventional relationships with women incur Finally Clark ties these unusual lives to the wider questions of ethics and social justice did those who questioned sexual conventions challenge political traditions as well This is a highly innovative study that will be of interest to intellectual historians of modern Britain and Europe as well as historians of gender and sexuality The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com Open access was funded by Knowledge Unlatched

Lord Dufferin, Ireland and the British Empire, c. 1820–1900 Annie Tindley, 2021-03-29 This book explores the life and career of Frederick Temple Hamilton Temple Blackwood 1st Marquess of Dufferin and Ava 1826 1902 Dufferin was a landowner in Ulster an urbane diplomat literary sensation courtier politician colonial governor collector son husband and father The book draws on episodes from Dufferin s career to link the landowning and aristocratic culture he was born into with his experience of governing across the British Empire in Canada Egypt Syria and India This book argues that there was a defined conception of aristocratic governance and purpose that infused the political and imperial world and was based on two elements the inheritance and management of a landed estate and a well defined sense of rule by the best It identifies a particular kind of atmosphere of empire and aristocracy one that was riven with tensions and angst as those who saw themselves as the hereditary leaders of Britain and Ireland were challenged by a rising democracy and in Ireland by a powerful new definition of what Irishness was It offers a new perspective on both empire and aristocracy in the nineteenth century and will appeal to a broad scholarly audience and the wider public

Liberalism, Diversity and Domination Inder S. Marwah, 2019-05-23 This study addresses the complex and often fractious relationship between liberal political theory and difference by examining how distinctive liberalisms respond to human diversity Drawing on published and unpublished writings private correspondence and lecture notes the study offers comprehensive reconstructions of Immanuel Kant s and John Stuart Mill s treatment of racial cultural gender based and class based difference to understand how two leading figures reacted to pluralism and what contemporary readers might draw from them The book mounts a qualified defence of Millian liberalism against Kantianism s predominance in contemporary liberal political philosophy and resists liberalism s implicit association with imperialist domination by showing different divergent responses to diversity Here are two distinctive liberal visions of moral and political life

form of nationalism in Europe The book draws attention to cultural and intellectual links between the Irish and the Germans during this period and what this meant for how people in either society understood their national identity in a pivotal time for the development of the historical discipline in Europe Contributing to a growing body of research on the transnationality of nationalism this new study of a hitherto unexplored area will be of interest to historians of modern Germany and Ireland comparative and transnational historians and students and scholars of nationalism as well as those interested in the relationship between biography and writing history New Delhi: The Last Imperial City D.
