**Ethnomusicology** Jennifer C. Post, 2013-09-05 Ethnomusicology A Contemporary Reader is designed to supplement a textbook for an introductory course in ethnomusicology It offers a cross section of the best new writing in the field from the

last 15 20 years Many instructors supplement textbook readings and listening assignments with scholarly articles that provide more in depth information on geographic regions and topics and introduce issues that can facilitate class or small group discussion These sources serve other purposes as well they exemplify research technique and format and serve as models for the use of academic language and collectively they can also illustrate the range of ethnographic method and analytical style in the discipline of ethnomusicology Ethnomusicology A Contemporary Reader serves as a basic introduction to the best writing in the field for students professors and music professionals It is perfect for both introductory and upper level courses in world music

**Cataloging Library Resources** Marie Keen Shaw, 2017-01-26 While there are many cataloging texts very few are written specifically for library support staff This is the one and only book purposefully aligned with the new American Library Association Library Support Staff Certification LSSC competency standards for Cataloging and Classification Written in clear language by someone who teaches cataloging in a library support staff program and featuring practical examples Cataloging Library Resources An Introduction will help library support staff become effective catalogers Other books on this topic are written for professional librarians rather than support staff And although 85% of library support staff do not hold professional degrees many are expected to do the complex and technical work of catalogers This book provides many examples that support staff can use to learn how to catalog all types of library print media and digital materials using the most up to date Library of Congress standards Using this handbook as a guide readers will be able to perform the ALA LSSC cataloging and classification competencies and the new RDA FRBR and BIBFRAME standards listed below Apply and manage the appropriate processes computer technology and equipment for cataloging and classification Apply principles of Resource Description and Access RDA and the Functional Requirements for Bibliographic Records FRBR when creating cataloging records Apply principles of the Bibliographic Framework Initiative BIBFRAME and utilize the BIBFRAME model to create cataloging records Use the basic cataloging and classification tools both print and online including bibliographic utilities and format standards Understand the value of authority control and its basic principles and can identify and apply appropriate access points for personal names corporate bodies series and subjects Explain the value and advantages of cooperative or collaborative cataloging practices to enhance services Know the basics of standard metadata formats and cataloging rules to select review and edit catalog records and to generate metadata in various formats And more

*Library 3.0* Tom Kwanya, Christine Stilwell, Peter Underwood, 2014-12-09 The emerging generation of research and academic library users expect the delivery of user centered information services Apomediation refers to the supporting role librarians can give users by stepping in when users need help Library 3 0 explores the ongoing debates on the point oh phenomenon and its impact on service delivery in libraries This title analyses Library 3 0 and its potential in creating intelligent libraries capable of meeting contemporary needs and the growing role of librarians as apomediators Library 3 0 is divided into four chapters The first chapter introduces and places the topic in context The second chapter considers point oh

libraries The third chapter covers library 3.0 librarianship while the final chapter explores ways libraries can move towards 3.0 Focuses on social media in research and academic libraries Gives context to the discussion of apomediation in librarianship and information services provision Provides a balance between more traditional and more progressive approaches

*E-books in Libraries* Kate Price, Virginia Havergal, 2011 Despite the fact that e books have been in existence for decades in various guises and added to library collections for several years now there has been a noticeable lack of published manuals on the subject This is doubtless owing to the rapidly evolving nature of the market There is now a plethora of different types of digital object that may be termed e books and a bewildering number of business and access models to match Moreover the pace of change shows no sign of abating but there is an increasing amount of popular interest in e books and what is needed is practical information to assist library and information professionals managing collections of e books and doing their best to inform their users right now The book is divided into five parts The production and distribution of e books Planning and developing an e book collection Delivering e books to library readers Engaging readers with e books The future of e books Virginia Havergal BA Hons MSc MEd FIFL is a Learning Centres and e Resources Manager for Petroc a further education college in Devon Prior to this role she was an e Learning Advisor with JISC with a particular focus on Learning Resources

Kate Price BA Hons MA MCLIP is Head of E Strategy and Resources at the University of Surrey **Encyclopedia of Library and Information Science, Second Edition** - Miriam Drake, 2003-05-20 A revitalized version of the popular classic the Encyclopedia of Library and Information Science Second Edition targets new and dynamic movements in the distribution acquisition and development of print and online media compiling articles from more than 450 information specialists on topics including program planning in the digital era recruitment information management advances in digital technology and encoding intellectual property and hardware software database selection and design competitive intelligence electronic records preservation decision support systems ethical issues in information online library instruction telecommuting and digital library projects *Perspectives on ICT4D and Socio-Economic Growth Opportunities in Developing Countries*

Ndayizigamiye, Patrick, Barlow-Jones, Glenda, Brink, Roelien, Bvuma, Stella, Minty, Rehana, Mhlongo, Siyabonga, 2020-10-09 Technology has been hailed as one of the catalysts toward economic and human development In the current economic era of the Fourth Industrial Revolution information acquisition transformation and dissemination processes are posed to be the key enablers of development However in the context of developing countries there is a need for more evidence on the impact that ICT has on addressing developmental issues Such evidence is needed to make a case for investments in ICT led interventions to improve people's lives in developing countries *Perspectives on ICT4D and Socio Economic Growth Opportunities in Developing Countries* is a collection of innovative research on current trends that portray the ICT and development nexus ICT4D from economic and human development perspectives within developing countries While highlighting topics including mobile money poverty alleviation and consumer behavior this book is ideally designed for economists government officials

policymakers ICT specialists business professionals researchers academicians students and entrepreneurs      **National Library of Medicine Programs and Services** National Library of Medicine (U.S.),1992      *Financial Services and General Government Appropriations for 2008* United States. Congress. House. Committee on Appropriations. Subcommittee on Financial Services and General Government,2007      **Advancing Library Education: Technological Innovation and Instructional Design** Sigal, Ari,2013-06-30 As learning moves into a more innovative and technological environment it becomes increasingly important that library education continues to adapt and understand the resources that are available Advancing Library Education Technological Innovation and Instructional Design aims to provide relevant theoretical frameworks empirical research and new understandings for those interested in Library and Information Science and the impact new techniques and technologies are having in this area Librarians academics and researchers will benefit from this careful look into current advancements in their field      **Library and Information Science in Developing Countries: Contemporary Issues** Tella, A.,2011-11-30 The field of library and information science is experiencing significant and continued transformation as a result of advancements in digital technology Adapting to new technologies is crucial for librarians and other information professionals but there exists a particularly acute gap in technology adoption among developing countries Library and Information Science in Developing Countries Contemporary Issues explores the relationship between global technology development and the impact of new technologies on library practice library education and information science Book chapters and case studies in this work provide insight to and support for practitioners and executives concerned with the management of knowledge information and organizational development in different types of work environments and learning communities      Information Resources in the Humanities and the Arts Anna H. Perrault Ph.D.,Elizabeth S. Aversa,Sonia Ramírez Wohlmuth,Cynthia J. Miller,Cynthia F. Miller,2012-12-10 This familiar guide to information resources in the humanities and the arts organized by subjects and emphasizing electronic resources enables librarians teachers and students to quickly find the best resources for their diverse needs Authoritative trusted and timely Information Resources in the Humanities and the Arts Sixth Edition introduces new librarians to the breadth of humanities collections experienced librarians to the nature of humanities scholarship and the scholars themselves to a wealth of information they might otherwise have missed This new version of a classic resource the first update in over a decade has been refreshed to account for the myriad of digital resources that have rewritten the rules of the reference and research world and been expanded to include significantly increased coverage of world literature and languages This book is invaluable for a wide variety of users librarians in academic public school and special library settings researchers in religion philosophy literature and the performing and visual arts graduate students in library and information science and teachers and students in humanities the arts and interdisciplinary degree programs      *Library Journal* ,2004      *OERI Bulletin* ,1994      Mobile Assisted Language Learning Across Educational Contexts Valentina Morgana,Agnes Kukulska-Hulme,2021-02-10

This concise collection critically reflects on mobile assisted language learning research across educational stages from early childhood through to university settings The volume traces the development of MALL practices through researchers and teachers efforts to make sense of the impact of mobile technologies on formal and informal second language learning and development The chapters explore a range of topics around mobile learning design implementation and affordances across different educational and geographic contexts drawing on both qualitative and quantitative perspectives In so doing the book creates a broader conversation around the importance of continuity in the successful integration of MALL practices into L2 learning curricula across the educational lifespan This book will appeal to students and scholars in applied linguistics and language teaching and learning especially to those with a specific interest in mobile technologies
