The hidden messages in Renaissance art are an inexhaustible source of fascination even if their interpretation nearly always remains uncertain and subject to revision. The sixteen somewhat uneven papers in *Renaissance Religions*, which endeavours to bring out the variety of religious expressions in Italy in the sixteenth and seventeenth centuries, contain various examples. Francesca Mattei examines certain Renaissance palaces—Palazzo Naselli and Palazzo Contughi in Ferrara, Palazzo Bocchi in Bologna, Palazzo Grimani in Venice, and Palazzo Thiene in Vicenza. Palazzo Naselli, clearly modelled on palaces in Rome but original in Ferrara, has four epigraphs on the façade taken from the *Adagia* of Erasmus and eighteen inscriptions in the *cortile* derived mainly from classical (but also more recent) authors, while Palazzo Contughi has five inscriptions on the façade, again from the *Adagia*, but in Latin, Greek, and Hebrew. Mattei suggests that they were influenced by the humanist Celio Calcagnini, a friend of both Giuliano Naselli and Girolamo Maria Contughi. There is little doubt that Calcagnini, whose library included the works of Melanchthon, Ulrich von Hutten, and Reuchlin, had evangelical leanings. This also seems to have applied to Achille Bocchi, and it was long thought that the inscriptions drawn from the Psalms and Horace in his palace in Bologna were an expression of sympathies with the Reformation and aimed “to convey a cryptic message to a small circle of the elect.” More recently, however, the interpretation has changed and the inscriptions have been seen as a perfectly orthodox “passion for allegory typical of the years of Gregory XIII.” Giovanni Grimani too fell under suspicion at a time when Venice was particularly open to the ideas of the Reformers, and the wall paintings and inscriptions in his palace have been seen as a confirmation of his own tendencies. Various members of the Thiene family, finally, were clearly committed to Protestantism, and of this commitment there are traces in the decoration of their palace in Vicenza. Something similar can be observed in the case of Stefano Sauli and the church of Santa Maria Assunta di Carignano in Genoa studied by Rebecca Gill. Sauli, an apostolic protonotary, was close to a number of Italian ‘evangelicals’—Marcantonio Flaminio, for example, and above all Gian Matteo Giberti—and he had hatched a plan with the architect Galeazzo Alessi to have a eucharistic tabernacle erected in the middle of the quincunx church, thus following the example of Giberti in Verona. But the tabernacle never seems to have been built. All that we have is a sketch.

Other examples are given by Serena Quagliaroli who discusses one of the lesser known forms of Renaissance art—organ shutters. As organs grew more

Cassidy-Welch,2019-07-01 In this book Megan Cassidy Welch challenges the notion that using memories of war to articulate and communicate collective identity is exclusively a modern phenomenon War and Memory at the Time of the Fifth Crusade explores how and why remembering war came to be culturally meaningful during the early thirteenth century By the 1200s discourses of crusading were deeply steeped in the language of memory crusaders understood themselves to be acting in remembrance of Christ s sacrifice and following in the footsteps of their ancestors At the same time the foundational narratives of the First Crusade began to be transformed by vernacular histories and the advent of crusading romance Examining how the Fifth Crusade was remembered and commemorated during its triumphs and immediately after its disastrous conclusion Cassidy Welch brings a nuanced perspective to the prevailing historiography on war memory showing that remembering war was significant and meaningful centuries before the advent of the nation state This thoughtful and novel study of the Fifth Crusade shows it to be a key moment in the history of remembering war and provides new insights into medieval communication It will be invaluable reading for scholars interested in the Fifth Crusade medieval war memory and the use of war memory *The Publishers Weekly* ,1898 *The Vampire Almanac* J.
