Supplement: 1913-1920 London Library, Charles Theodore Hagberg Wright, Christopher James Purnell, 1929 Persian and Arabic Literary Communities in the Seventeenth Century James White, 2023-06-15 Shortlisted for the 2024 British Kuwait Friendship Society Book Prize A wealth of scholarship has highlighted how commercial political and religious networks expanded across the Arabian Sea during the seventeenth century as merchants from South Asia traded goods in the ports of Yemen noblemen from Safavid Iran established themselves in the courts of the Mughal Empire and scholars from across the region came together to debate the Islamic sciences in the Arabian Peninsula's holy cities of Mecca and Medina This book demonstrates that the globalising tendency of migration created worldly literary systems which linked Iran India and the Arabian Peninsula through the production and circulation of classicizing Arabic and Persian poetry By close reading over seventy unstudied manuscripts of seventeenth century Arabic and Persian poetry that have remained hidden on the shelves of libraries in India Iran Turkey and Europe the book examines how migrant poets adapted shared poetic forms imagery and rhetoric to engage with their interlocutors and create communities in the cities where they settled The book begins by reconstructing overarching patterns in the movement of over a thousand authors and the economic basis for their migration before focusing on six case studies of literary communities which each represent a different location in the circulatory system of the Arabian Sea In so doing the book demonstrates the plurality of seventeenth century aesthetic movements a diversity which later nationalisms purposefully simplified and misread **Cat Lover's Daily Companion , Catalogue of the New York State Library, 1882** New York State Library, 1882 Catalogue of the New York State Library ... State Library,1882 *What the Victorians Made of Romanticism* Tom Mole,2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that in turn remade the public s understanding of Romantic writers Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns *What the Victorians Made of Romanticism* reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences

Anthologies of British Poetry Barbara Korte,Ralf Schneider,Stefanie Lethbridge,2000 From Tottel s Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web **Serials in the British Library** ,1988
