EU Civil Justice Burkhard Hess, Maria Bergström, Eva Storskrubb, 2016-01-14 This seventh volume in the Swedish Studies in European Law series brings together some of the most prominent scholars working within the fast evolving field of EU civil justice Civil justice has an impact on matters involving inter alia family relationships consumers entrepreneurs employees small and medium sized businesses and large multinational corporations It therefore has great power and potential Over the past 15 years a wealth of EU measures have been enacted in this field Issues arising from the implementation thereof and practice in relation to these measures are now emerging Hence this volume will explore the benefits as well as the challenges of these measures The particular themes covered include forum shopping alternative dispute resolution simplified procedures and debt collection family matters and collective redress In addition the deepening of the field that continues post Lisbon has occasioned a new level of regulatory and policy challenges These are discussed in the final part of the volume which focuses on mutual recognition also in the broader European law context of integration in the Area of Freedom Security and Justice

Digital Development of the European Union David Ramiro Troitiño, Tanel Kerikmäe, Ondrej Hamulák, 2023-06-20 This edited volume analyses the digital development of the European Union presenting an interdisciplinary perspective from the disciplines of political science international relations economics and law The contributions address the main areas where the EU can and should act for creating an efficient and protective digital space in Europe The book highlights the responsibility of the European Union to work on the future of its digital development looking for prosperity and defending the European conception of society It explains how European values must be incorporated into the digital revolution and shows how the digital revolution of the EU will defend the Europeans from new threats The book's comprehensive approach allows the reader to understand this process without in depth knowledge of the specific discipline Therefore it is a must read for everybody interested in a better understanding of digital development European Union policy and the future of Europe

Theological Libraries and Library Associations in Europe, 2022-08-15 During the past 50 years theological libraries have confronted secularisation and religious pluralism along with revolutionary technological developments that brought not only significant challenges but also unexpected opportunities to adopt new instruments for the transfer of knowledge through the automation and computerisation of libraries This book shows how European theological libraries tackled these challenges how they survived by redefining their task by participating in the renewal of scholarly librarianship and by networking internationally Since 1972 BETH the Association of European Theological Libraries has stimulated this process by enabling contacts among a growing number of national library associations all over Europe

The New Regulatory Framework for Consumer Dispute Resolution Pablo Cortés, 2016-12-01 Consumer out of court redress in the European Union is experiencing a significant transformation indeed the current changes are the most important that have occurred in the history of the EU This is due to the recent

implementation of the Alternative Dispute Resolution ADR Directive 2013 11 EU and the Online Dispute Resolution ODR Regulation EU 2013 524 The Directive ensures the availability of quality ADR schemes and sets information obligations on businesses and the Regulation enables the resolution of consumer disputes through a pan European ODR platform The New Regulatory Framework for Consumer Dispute Resolution examines the impact of the new EU law in the field of consumer redress Part I of the volume examines the new European legal framework and the main methods of consumer redress including mediation arbitration and ombudsman schemes Part II analyses the implementation of the ADR Directive in nine Member States with very different legal cultures in consumer redress namely Belgium Ireland Italy Germany France Portugal Spain the Netherlands and the UK as well as the distinct approach taken in the US Part III evaluates new trends in consumer ADR CDR by identifying best practices and looking at future trends in the field In particular it offers a vision of the future of CDR which is more than a mere dispute resolution tool it poses a model on dispute system design for CDR it examines the challenges of cross border disputes it proposes a strategy to promote mediation and it identifies good practices of CDR and collective redress The book concludes by calling for the mandatory participation of traders in CDR

Monstrous Bodies/political Monstrosities in Early Modern Europe Laura Lunger Knoppers, Joan B. Landes, 2004 Multi disciplinary in approach cross European in scope this volume explores links between the political the monstrous in Europe from the Renaissance to the 19th century These essays stress the continual reinvention polemical applications of the monstrous

Supranational Governance of Europe's Area of Freedom, Security and Justice Christian Kaunert, John Occhipinti, Sarah Leonard, 2016-03-17 This book examines the evolution towards increased supranational governance in the EU's Area of Freedom Security and Justice AFSJ At the end of 2009 a successor programme to the Tampere and Hague Programmes was developed under the Swedish Presidency Called the Stockholm Programme it was adopted at a special EU Council Summit on 10 11 December 2009 The new agenda covers the period 2010 2014 and emphasises six areas of priority In the context of these priorities as well as the innovations introduced by the Lisbon Treaty this edited book analyses policy change in the AFSJ especially as it has been affected by the rise of supranational governance in this domain From police cooperation and crime fighting to border management and counter terrorism much has changed and the EU has taken yet another step forward in the direction of supranational governance However the various contributions also highlight that there are still problems and challenges remaining for the AFSJ Collectively this book considers how consequential the Lisbon Treaty has been for the AFSJ as well as how successful the EU has been in achieving its stated goals as expressed in the Stockholm Programme Thus this book makes a significant contribution to the scholarly investigation of the AFSJ but also to the study of European integration in general This book was published as a special issue of the Cambridge Review of International Affairs

The Philosopher in Early Modern Europe Conal Condren, Stephen Gaukroger, Ian Hunter, 2006-09-28 In this groundbreaking collection of essays the history of philosophy appears in a fresh light not as reason's progressive discovery of its universal conditions but as a series of unreconciled disputes over the proper way to conduct oneself as a philosopher By shifting focus from the philosopher as proxy for the universal subject of reason to the philosopher as a special persona arising from rival forms of self cultivation philosophy is approached in terms of the social office and intellectual deportment of the philosopher as a personage with a definite moral physiognomy and institutional setting In so doing this collection of essays by leading figures in the fields of both philosophy and the history of ideas provides access to key early modern disputes over what it meant to be a philosopher and to the institutional and larger political and religious contexts in which such disputes took place

Justice and Technology in Europe: How ICT Is Changing the Judicial Business Marco Fabri, Francesco Contini, 2001-10-31 Like systems and procedures in most areas of modern society the functioning of courts throughout the world has been enormously affected by information and communication technologies ICT It has become crucial for lawyers to keep pace with technical changes in judicial systems especially in international cases where an understanding of procedural variations from one system to another could spell the difference between success and failure This immensely valuable book has been written by experts who in various ways have actually been engaged in the planning and implementation of ICT in the courts of their respective countries To ensure information that is as homogeneous as possible and to facilitate cross border comparisons the authors have followed a common and detailed blueprint which includes a brief description of the judicial system under discussion The papers were originally

prepared for presentation at the first European Seminar on Court Technology held in September 2000 at the Research Institute on Judicial Systems IRSIG CNR in Bologna Italy The Seminar brought together delegates from the fifteen member countries of the European Union the Court of Justice of the European Communities Norway Venezuela and The World Bank to discuss topics related to court technology Overall the book offers an in depth up to date overview of methodology difficulties encountered and results so far achieved in the implementation of ICT in the European judicial systems Specific areas of court technology covered include case management systems electronic filing and electronic data interchange Although the emphasis is on EU Member States a general overview of ICT applications in some Latin American judiciaries is also provided Justice and Technology in Europe will be of great practical value to policy makers judges judicial personnel lawyers and ICT experts as well as to judicial administration scholars interested in ICT in the judicial systems and on the strategy and governance established to increase its diffusion

Examining Crime and Justice around the World Janet P. Stamatel, 2020-11-04 A thorough and timely investigation of both well established and emerging crime and punishment issues this book provides readers with compelling examples of how different countries around the world confront these problems This book offers a detailed look at 10 hot topics in crime and punishment that are shared by many countries Some of these topics are well established within the field of criminology such as patterns of criminal behavior juvenile delinquency drug trafficking policing and punishment others are emerging topics that have not been well studied across a variety of countries such as violence against women hate crimes and gun control Within each topic the book explores how eight countries experience the issue highlighting similarities across different places as well as unique treatments of the problem The chapter on punishment addresses the widespread use of incarceration as criminal punishment but also considers different philosophies with respect to the purpose of incarceration and whether or not this strategy is effective in the face of large scale criminal events such as mass atrocities The country narratives provide historical context for understanding the particular crime or punishment issue current trends and relevant statistical data for describing the extent of the issue and changes over time in addition to contemporary examples of the issue

Enforcement of Judgments in Europe Wendy A. Kennett, 2000 The idea of a European Judicial Area has gathered force since the negotiation of the Amsterdam Treaty amending the TEU and conferring competence on the European Community in relation to measures of judicial cooperation One of the areas targeted for rapid attention is improvement in the recognition and enforcement of civil judgments in Europe with plans for the mutual recognition of judgments

The Book World of Early Modern Europe Arthur der Weduwen, Malcolm Walsby, 2022-09-26 Anyone who has studied the history of the Reformation the book and communication will have come across or been influenced by Andrew Pettegree s contributions to these fields The essays in this Festschrift have been commissioned to cover the broad scope of Pettegree s areas of interest and expertise and to reflect and build upon them The pieces written by forty three scholars based at over thirty institutions are organised around nine key themes

Stuart Carroll, 2023-03-30 In this original study Stuart Carroll transforms our understanding of Europe between 1500 and 1800 by exploring how ordinary people felt about their enemies and the violence it engendered Enmity a state or feeling of mutual opposition or hostility became a major social problem during the transition to modernity He examines how people used the law and how they characterised their enmities and expressed their sense of justice or injustice Through the examples of early modern Italy Germany France and England we see when and why everyday animosities escalated and the attempts of the state to control and even exploit the violence that ensued This book also examines the communal and religious pressures for peace and how notions of good neighbourliness and civil order finally worked to underpin trust in the state Ultimately enmity is not a relic of the past it remains one of the greatest challenges to contemporary liberal democracy
