Mafia Republic: Italy's Criminal Curse. Cosa Nostra, 'Ndrangheta and Camorra from 1946 to the Present John Dickie, 2013-05-09 In **MAFIA REPUBLIC** John Dickie Professor of Italian Studies at University College London and author of the international bestsellers **COSA NOSTRA** and **MAFIA BROTHERHOODS** shows how the Italian mafias have grown in power and become more and more interconnected with terrifying consequences In 1946 Italy became a democratic Republic thereby entering the family of modern western nations But deep within Italy there lurked a forgotten curse three major criminal brotherhoods whose methods had been honed over a century of experience As Italy grew so did the mafias Sicily's Cosa Nostra the camorra from Naples and the mysterious ndrangheta from Calabria stood ready to enter the wealthiest and bloodiest period of their long history Italy made itself rich by making scooters cars and handbags The mafias carved out their own route to wealth through tobacco smuggling construction kidnapping and narcotics And as criminal business grew exponentially the mafias grew not just more powerful but became more interconnected By the 1980s Southern Italy was on the edge of becoming a narco state The scene was set for a titanic confrontation between heroic representatives of the law and mafiosi who could no longer tolerate any obstacle to their ambitions This was a war for Italy's future as a civilized country At its peak in 1992-93 the ndrangheta was beheading people in the street and the Sicilian mafia murdered its greatest enemies investigating magistrates Giovanni Falcone and Paolo Borsellino before embarking on a major terrorist bombing campaign on the Italian mainland Today the long shadow of mafia history still hangs over a nation wracked by debt political paralysis and widespread corruption While police put their lives on the line every day one of Silvio Berlusconi's ministers said that Italy had to learn to live with the mafia suspicions of mafia involvement still surround some of the country's most powerful media moguls and politicians The latest investigations show that its reach is astonishing it controls much of Europe's wholesale cocaine trade and representatives from as far away as Germany Canada and Australia come to Calabria to seek authorisation for their affairs Just when it thought it had finally contained the mafia threat Italy is now discovering that it harbours the most global criminal network of them all

[Mafia Republic](#) John Dickie, 2014 In **MAFIA REPUBLIC** John Dickie Professor of Italian Studies at University College London and author of the international bestsellers **COSA NOSTRA** and **MAFIA BROTHERHOODS** shows how the Italian mafias have grown in power and become more and more interconnected with terrifying consequences The Financial Times described John Dickie's **MAFIA BROTHERHOODS** as Powered by the sort of muscular prose that one associates with great detective fiction and in **MAFIA REPUBLIC** John Dickie again marries outstanding scholarship with compelling storytelling In 1946 Italy became a democratic Republic thereby entering the family of modern western nations But deep within Italy there lurked a forgotten curse three major criminal brotherhoods whose methods had been honed over a century of experience As Italy grew so did the mafias Sicily's Cosa Nostra the camorra from Naples and the mysterious ndrangheta from Calabria stood ready to enter the wealthiest and bloodiest period of their long

history Italy made itself rich by making scooters cars and handbags The mafias carved out their own route to wealth through tobacco smuggling construction kidnapping and narcotics And as criminal business grew exponentially the mafias grew not just more powerful but became more interconnected By the 1980s Southern Italy was on the edge of becoming a narco state The scene was set for a titanic confrontation between heroic representatives of the law and mafiosi who could no longer tolerate any obstacle to their ambitions This was a war for Italy's future as a civilized country At its peak in 1992-93 the Ndrangheta was beheading people in the street and the Sicilian mafia murdered its greatest enemies investigating magistrates Giovanni Falcone and Paolo Borsellino before embarking on a major terrorist bombing campaign on the Italian mainland Today the long shadow of mafia history still hangs over a nation wracked by debt political paralysis and widespread corruption While police put their lives on the line every day one of Silvio Berlusconi's ministers said that Italy had to learn to live with the mafia suspicions of mafia involvement still surround some of the country's most powerful media moguls and politicians The latest investigations show that its reach is astonishing it controls much of Europe's wholesale cocaine trade and representatives from as far away as Germany Canada and Australia come to Calabria to seek authorisation for their affairs Just when it thought it had finally contained the mafia threat Italy is now discovering that it harbours the most global criminal network of them all

'Ndrangheta Charles River Editors, 2019-10-22 Includes pictures Includes a bibliography for further reading The word mafia Sicilian in origin is synonymous with Italy but Italy is home to several different mafias with three being particularly notorious While the Cosa Nostra of western Sicily is the most infamous other powerful groups include the ferocious Ndrangheta of Calabria and the Camorra the third largest mafia which is active in Naples and the Campania region A mafia is loosely defined as a criminal organization that is interested in social economic and political power combining elements of a traditional secret society with those of a business but further levels of nuance are necessary in order to understand these groups In a general sense this is because each mafia creates a myth about the development of the organization which becomes like an unquestionable truth In essence part of what makes its members so completely loyal to it is also what makes outsiders so utterly afraid of it The Ndrangheta pronounced an drang et ah is a close neighbor of the Cosa Nostra and currently considered the most powerful and difficult to spell criminal organization in Italy The Ndrangheta is centered around Calabria the most southwestern region of Italy almost touching the Sicilian city of Messina Though it began as far back as the late 19th century it was not until the 1950s that the Ndrangheta started to spread its tentacles throughout Italy and then across the entire globe forming an empire that now ranges from Australia and Turkey to Chile to Canada The fact that the Ndrangheta is overshadowed by the Sicilian Cosa Nostra as well as by the Neapolitan mafia the Camorra allowed it to grow and develop outside of the public eye For years people actually considered the Calabrian mafia to be part of the Cosa Nostra as a mere appendage rather than its own entity This false belief was perpetuated by the high profile Sicilian pentito Tommaso Buscetta and it was not until the beginning of the 21st century that the Ndrangheta came

into the public eye due to two dramatic killings the assassination of a politician and the Duisburg massacre in a small German village Nonetheless the Ndrangheta is actually the second oldest mafia in Italy and despite its origins in Calabria the poorest region of Italy it is the wealthiest of Italy's illegal criminal organizations Given that people have always been less familiar with this organization studies on the Ndrangheta have also lagged behind work done on the Camorra and the Cosa Nostra The government took an early interest in the Camorra and Cosa Nostra creating a paper trail that does not exist for the Ndrangheta and the region of Calabria suffered numerous earthquakes that destroyed what little archival evidence there was available Of course the Ndrangheta places a premium on secrecy and thus far it has only had an extremely low number of traitors who were able to testify to the organization's inner workings Finally the fact that the Ndrangheta is essentially a plural organization makes it very hard to delineate the parameters of what constitutes an Ndrangheta cell and what is simply gang activity Ndrangheta The History of Italy's Most Powerful Organized Crime Syndicate examines how one of the world's strongest mobs formed its inner workings and the events that made it feared around the globe Along with pictures of important people places and events you will learn about the Ndrangheta like never before

Italy's Most Powerful Mafias Charles River Editors, 2019-10-19 Includes pictures Includes a bibliography for further reading The word mafia Sicilian in origin is synonymous with Italy but Italy is home to several different mafias with three being particularly notorious While the Cosa Nostra of western Sicily is the most infamous other powerful groups include the ferocious Ndrangheta of Calabria and the Camorra the third largest mafia which is active in Naples and the Campania region A mafia is loosely defined as a criminal organization that is interested in social economic and political power combining elements of a traditional secret society with those of a business but further levels of nuance are necessary in order to understand these groups In a general sense this is because each mafia creates a myth about the development of the organization which becomes like an unquestionable truth In essence part of what makes its members so completely loyal to it is also what makes outsiders so utterly afraid of it Over the course of the 19th century the people of Sicily found themselves at the center of a struggle for freedom one that ended up being long and often very bloody It was during these crucial years of struggle that the Sicilian mafia La cosa nostra Our thing started to take shape The original word mafia was a part of Palermitan slang and although the origins of the word are not completely certain some linguistic historians believe it originally meant flashy One historian of the mafia Salvatore Lupo helpfully suggests that it was used in its earliest iterations to vaguely refer to a pathological relationship among politics society and criminality In the particular case of the Camorra the difficulty of understanding an underground criminal association is made all the more intense because it is so heterogeneous in terms of its development its different functions and the diversity of economic sectors in which it operates To reflect that diversity some scholars like to refer to it as Camorre the plural version of Camorra This decision is more than just a question of semantics because using the plural form helps emphasize the internal differences and

conflicts within the Neapolitan mafia which in turn helps explain the very nature of the organization itself The Neapolitan mafia is famous for its pervasive nature which is due to the fact that it is organized in a horizontal decentralized way This means there is not one single boss who dictates policy and can be more strategic in how and when violence is deployed Unlike other mafias in the Camorra there has been no long term reigning family nor extensive coordination between families to form an alliance and function as a unified mafia for their shared benefit The Ndrangheta pronounced an drang et ah is a close neighbor of the Cosa Nostra and currently considered the most powerful and difficult to spell criminal organization in Italy The Ndrangheta is centered around Calabria the most southwestern region of Italy almost touching the Sicilian city of Messina Though it began as far back as the late 19th century it was not until the 1950s that the Ndrangheta started to spread its tentacles throughout Italy and then across the entire globe forming an empire that now ranges from Australia and Turkey to Chile to Canada The fact that the Ndrangheta is overshadowed by the Sicilian Cosa Nostra as well as by the Neapolitan mafia the Camorra allowed it to grow and develop outside of the public eye For years people actually considered the Calabrian mafia to be part of the Cosa Nostra as a mere appendage rather than its own entity This false belief was perpetuated by the high profile Sicilian pentito Tommaso Buscetta and it was not until the beginning of the 21st century that the Ndrangheta came into the public eye due to two dramatic killings the assassination of a politician and the Duisburg massacre Blood Brotherhoods John Dickie, 2011 The Sicilian mafia or Cosa Nostra is far from being Italy's only dangerous criminal fraternity The south of the country hosts two other major mafias the camorra from Naples and its hinterland and the ndrangheta the mafia from the poor and isolated region of Calabria that has now risen to become the most powerful mob of all Each of these brotherhoods has its own methods its own dark rituals its own style of ferocity and corruption Their early history is little known indeed some of it has been entirely shrouded in myth and silence Until now The 'Ndrangheta and Sacra Corona Unita Nicoletta Serenata, 2014-05-13 This book covers two lesser known but important members of the Italian Mafia the Ndrangheta and the Sacra Corona Unita Italian criminal organizations in particular Mafia are one of the most commonly researched organized crime groups usually focusing on the Sicilian Mafia Cosa Nostra or the Neapolitan Mafia Camorra However Italy has other two other Mafias one in Apulia Sacra Corona Unita and the other in Calabria Ndrangheta Although an extensive literature is available on Cosa Nostra and Camorra less is known about the other two organizations particularly their operations in the United States Territory is one of the most important elements in the Mafia because the criminal organization operates its signoria territoriale controlling every illegal activity in its sphere of action This territorial power goes beyond the Italian boundaries reaching the United States of America and other non European countries with the mere aim of developing their drug weapon deals and money laundering businesses Mafia therefore is not a uniquely Italian phenomenon as it might appear but a worldwide phenomenon affecting many societies and economies This unique volume is its interest into a field as yet completely provides new information about the Ndrangheta and Sacra Corona Unita written by

an interdisciplinary group of Italian scholars It covers organizational hierarchic and operative aspects that is the role that they have in politics in their own families in business relations in Italy and abroad It also highlights the particular role that Cosa Nostra and Camorra had in their development This work will be of interest to criminology researchers studying organized crime corruption money laundering and trafficking as well as researchers from related fields such as political science economics and international relations

La Camorra Charles River Editors, 2019-09-19 Includes pictures Includes a bibliography for further reading I saw four knights with lance and buckler black capes around their shoulders They saw me and smiled At that moment I understood that I was given the task of rebuilding the Camorra on new and more efficient bases so that the tradition of our fathers would not be lost I am the reincarnation of the most glorious moments of the Neapolitan past I am the messiah for the suffering prisoners I dispense justice I am the only real judge who takes from the usurers and gives the poor I am the true law I do not recognize the Italian justice Don Raffaele Cutolo The history of Naples is long and tortured or at least for centuries that was how its history has been told Inhabited almost continuously from the Neolithic era to the present Naples was founded by the Greeks and conquered by the Romans After the fall of the Roman Empire Naples passed between various foreign rulers for its entire history prior to Italian unification Starting in 1040 when the Norman French invaders conquered Campania Naples was ruled in a dizzying succession by Germans then French then Spanish then Austrians then Spanish then French and then Spanish Nonetheless Naples does not enjoy an excellent reputation within the context of Italy or of Europe High rates of petty crime a decaying urban fabric and the infamous presence of the mafia known in Naples as the Camorra all combine to ensure fewer tourists venture to explore Naples and many Italians civilians and politicians alike consider it the ultimate problem city Nonetheless it bears keeping in mind the words of one of Naples foremost historians John Marino who noted Naples like each of Italy's cities is unique but far less different than is generally believed The word mafia Sicilian in origin is synonymous with Italy but Italy is home to several different mafias with three being particularly notorious While the Cosa Nostra of western Sicily is the most infamous other powerful groups include the ferocious Ndrangheta of Calabria and the Camorra the third largest mafia which is active in Naples and the Campania region A mafia is loosely defined as a criminal organization that is interested in social economic and political power combining elements of a traditional secret society with those of a business but further levels of nuance are necessary in order to understand these groups In a general sense this is because each mafia creates a myth about the development of the organization which becomes like an unquestionable truth In essence part of what makes its members so completely loyal to it is also what makes outsiders so utterly afraid of it In the particular case of the Camorra the difficulty of understanding an underground criminal association is made all the more intense because it is so heterogeneous in terms of its development its different functions and the diversity of economic sectors in which it operates To reflect that diversity some scholars like to refer to it as Camorre the plural version of Camorra This decision is more than just a question of semantics because using the

'Ndrangheta Anna Sergi, Anita Lavorgna, 2016-07-12 This book presents an historical and sociological account of the Italian mafia type organisation known as the ndrangheta It draws together diverse perspectives on the various ndrangheta clans and their behavioural models focusing specifically on their organisational skills their bonds with Calabrian society and Calabrian communities around the world their mobility and their characterisation as poly crime organisations The authors demonstrate that ndrangheta clans have an innovative way of being and doing mafia work through a dense network of relationships both in the upperworld and in the underworld a particularly acute sense of business a reputation built on the protection of blood and family ties and last but not least a symbiotic relationship and camouflage within Calabrian society By focusing on both the structures and the activities of the clans and with findings based on judicial documents this book explores why the ndrangheta is today labeled as the most powerful Italian mafia It will be of great interest to upper level students and scholars of organised crime and sociology

and analysis of Camorra activities abroad To build accounts of the Camorra in Germany and the Netherlands France Spain and the United Kingdom she has interviewed investigating magistrates police officers and confessed criminals done substantial mining of Italian and European police data and made extensive use of judicial investigations court records and transcripts as well as of journalistic accounts The result is the first systematic analysis of the overseas activities of this major criminal organization Mafia republic John Dickie,2016
