Knowing God God And The Human Condition:

Knowing God Frank Sheed, 2012-01-01 Atheists deny we can know God because they deny there is a God to know But even believers who affirm God's existence sometimes don't know him They don't know much about God because they neglect to think much about God and what God has revealed about himself They accept that there is a God but they don't give much thought to what God is like And even if they know a great deal about God in the sense of being able to state truths about him they don't necessarily know him personally and intimately In Knowing God previously titled God and the Human Mind the great Catholic writer teacher and publisher Frank Sheed helps readers to know that God exists to think about who and what God is and to know God personally He clears away popular misunderstandings of God often held by otherwise knowledgeable people A masterful lucid writer Sheed is not timid about tackling the most challenging questions the human mind can pose about God yet he does not reduce divine mystery to dry propositions or neglect the necessity of faith Sheed acknowledges the limits of human words and human minds when it comes to God At the same time he carefully explains the meaning of Spirit the role of theology and revelation including the place of the Bible in the Church and the experience of God in mysticism In the final section Sheed goes into the heart of the mystery of God exploring God as the Trinity and the difference the Trinity should make in understanding God and ourselves

The Human Condition Joe M. Kapolyo, 2013-05-14 Human beings are complex For all our contemporary knowledge and ability however wonderful and widely available people around the world face a crisis of human identity that calls into question the meaning of existence and the basis of moral behaviour Responding to these challenges Joe Kapolyo recognizes both the authority of the Bible which teaches that people are created in the image of God but also corrupted by rebellion and

sin and the relevance of distinctly African perspectives on what it means to be human Although he reads these perspectives critically they lead him to reaffirm the biblical vision of redeemed human life in community in Christ This vision offers a solution to the crisis of identity experienced by people who have forgotten who they are and whose they are

Explorations in Truth, the Human Condition and Wholeness Will Barno, 2015-02-13 The work *Explorations in Truth the Human Condition and Wholeness* is an unconventional gaze into the landscape of our complex inner life exploring inner experiences and testifying to the truth of life's sordid beauty and sacred dread What does it mean to live an authentic life without illusion and accept the complexities of life and death This book has woven together personal experiences existential philosophy quantum physics Jungian psychology and contemplative spirituality into a tapestry of reflections which covers the entire spectrum of the human condition and our collective quest for truth and wholeness Included is a brief look into history in a delineation of fate destiny and our longings for joy and wholeness in the context of uncertainty and finitude The author uses modern day bards primarily Bob Dylan Leonard Cohen Van Morrison and Bruce Cockburn as epigraphs to enhance his philosophy of life that is both distinctive and drastic in nature Also included are extensive commentaries on *The Odyssey* and the Book of Job peering into suffering and evil in a fashion that combines the great Western Greek and Judeo Christian traditions Finally the power of the feminine is placed firmly back into the psyche of the West which had been neglected for too long In short join me in a great adventurous approach to healing and wholeness amidst the afflictions and anguish of our human condition Will Barno willbarno gmail com 612 390 0514

Innovative Catholicism and the Human Condition Jane Anderson, 2016-05-20 *Innovative Catholicism and the Human Condition* gives an anthropological account of a progressive religious movement in the Roman Catholic Church that is attempting to reconcile religious conviction and reason and ergo modify the human condition Investigation is given to a representative group of this movement Innovative Catholics who are endeavouring to maintain the momentum for change which began in the 1960s and 1970s They now find themselves caught between traditional notions of religion and a secularised society while trying to reconcile these polarising forces to find a pathway forward While ethnographic fieldwork for this research was conducted in Australia this movement is to be found across the Western world The research is framed by the question posed by Jürgen Habermas who asks whether the democratic constitutional state is able to renew itself and recognises a benefit in learning from religion Cardinal Joseph Ratzinger subsequently Pope Benedict XVI responds by asserting the need for a common ethical basis and limits on reason This latter position however remains problematic for Innovative Catholics who are conscious of history and culture The research explores how Innovative Catholics who in taking the middle position inform this dialectic on secularization through their ideas and practices about the human condition

The Human Condition in Biblical Perspective Harold C. Warlick, 1998 A renowned Christian communicator revises portions of his previously published material and together with a newly organized thematic format and updated focus addresses the religious issues and questions of our day In today's

clamoring society Warlick applies theological reflection and ethical study to troubling and difficult issues Hal Warlick is a foremost Christian educator preacher who is not afraid to handle some of the most difficult theological and ethical issues But he writes every day language as he makes the connection between biblical concepts and emergent human conditions Each chapter is accompanied by Scripture reference and appropriate footnotes **Knowing God** Elliot N. Dorff,1996-05-01

Contemporary Jews often find meaning in Judaism s family and communal orientation its beautiful rituals its enriching culture its sense of ethnic rootedness and its moral values For the classical Jewish tradition however all of these features of Judaism depend on a belief in God Since many modern Jews do not know what to make of that belief it is often ignored They may be inspired by Judaism s high regard for education and its passion for justice but their belief in God rests on childhood images of the Almighty They are often embarrassed and uneasy for they sense that their attachment to Judaism may be based upon intellectual quicksand **Our Knowledge of God** K.J. Clark,2012-12-06

Natural theology is the project of articulating defending and CntlClzmg arguments for the existence and nature of God without the aid of special revelation Philosophical theology which employs the rational methods of natural theology is not restricted to premises that are discernible through observation and reason it may rightly employ premises that are knowable through special revelation While the project of natural theology may be construed as an attempt to demonstrate God s existence one cannot ignore the importance of using reason or experience to understand determine or assess attributes One will want to know at the conclusion of a proof in natural God s theology if one has proved the existence of God and not merely the prim urn mobilum source of moral obligation or a committee of finite designers while God may be the prime mover and designer of the cosmos none of these attributes alone is sufficient for making a claim to divinity It is therefore difficult to distinguish sharply the project of natural theology from philosophi cal theology The project of classical natural theology has been the attempt to prove God s existence and nature with arguments that employ premises that all rational creatures are obliged to accept **Knowing God**

Understanding and Knowing God Roan Rickard,2018-11-12 Though unseen and unheard the God of the Bible exists Religious wars and atrocities in the history of the Christian West may cause many to disbelieve in God or see Him in a negative light God did not cause these horrors nor is He responsible for these or any other sins of man God is in fact love as John described Him Much of popular culture today reviles God based upon spiritually na ve opinions What of pain suffering inequity and injustices How can we say that God is love in the face of this reality Understanding such difficult questions requires development of a spiritually informed perspective Consider if the God of the Bible exists God Almighty our creator surely He must be competent to reveal Himself to us Indeed He is competent and biblical scripture reveals God to mankind

Yet God is an elegant personality and scripture is an elegant message Knowing Him and comprehending His scripture require effort The mendicant seeking God and studying scripture must yield heart and mind to renewal unlearn many biases learn new and astonishing ideas and become susceptible to God s Spirit informing retraining and transforming us Spiritual objectivity is possible This book is the product of one adult life spent tenaciously seeking God The author declares that the biblical God does exist He is understandable and knowable Life with God with God dwelling with us and within us is our greatest birthright By God s design we are all children of God As children of God we have a glorious spiritual inheritance available to us if only we can lift our eyes upon it and make it our own This book has been written to help people everywhere cut through the philosophical theological social cultural and spiritual static of our times that they might walk with God as Enoch Abraham Moses David or Elijah walked Our intimacy with God can and should be as vibrant and constant as any Bible hero we could name To this end bringing people into not only relationship but also spiritual intimacy with God this book was written

Knowing God as an Evangelical Dan-Adrian Petre,2023-04-26 In the present polyphony of evangelical theological epistemology there are several authoritative approaches Yet the evangelical emphasis on sola scriptura demands that theological epistemology be subjected to the biblical canon In this book Dan Adrian Petre argues for a canonically derived theological epistemological framework that may foster a fuller understanding of theological knowledge formation within evangelicalism Specifically he explores some representative evangelical voices to identify the reasons for the contemporary epistemological variance Petre then uses a canonical epistemological methodology to outline a biblically based framework In exploring how the Scripture conceptualizes the formation of theological knowledge the book uses cognitive linguistics to grasp the conceptual meaning of the theological knowledge formation in the Bible using prototypical case studies The resulting epistemological implications outline a minimal epistemological model derived from the biblical canon Using this vantage point the author assesses the contemporary evangelical epistemological dissonance as a means of indicating a way forward for a canonical epistemological attunement

Knowing God by Name Cherith Fee Nordling,2010 Does women s experience matter for theological inquiry Elizabeth Johnson s premise is that it does Knowing God by name is a critical assessment and evaluation of this approach bringing Johnson into conversation with Catholic and feminist colleagues and with Karl Barth whose Trinitarian theology of experience maintains the divine creaturely distinction she challenges P 4 cover

Gregory of Nazianzus on the Trinity and the Knowledge of God Christopher A. Beeley,2008-06-27 Gregory of Nazianzus a 4th century bishop of Constantinople receives relatively little attention from modern Western scholars yet he is one of the most influential theologians in the history of Christian doctrine As an advocate for the conceptual understanding of the Trinity Gregory set precedents for the way his fellow and future Christians would perceive and worship God Christopher A Beeley presents the first comprehensive study in modern Western scholarship of Gregory s doctrine of the Trinity in the full range of his theological and practical vision of the Christian life

Miguel de

Unamuno's Quest for Faith Jan E Evans, 2014-06-26 Miguel de Unamuno 1864 1936 was an extraordinary Spanish thinker a philosopher linguist poet novelist short story writer essayist playwright professor university administrator and Spanish public intellectual He had great intellectual integrity and moral courage Unamuno is not an easy philosopher to read He loved paradoxes and even at times contradictions Various interpreters have called him an atheist a sceptic a Protestant a pantheist a Catholic modernist and a good Catholic Passages can be found in his writings that can be taken to support all of these interpretations In the present book Jan E Evans does an incisive and thorough job of sorting through the Unamuno corpus and arriving at a definitive interpretation of his views One great asset of Evans work is the insight she gains by comparing Unamuno's works with the philosophers whom he admired most and considered his fellow travellers in the tragic sense of life These include Blaise Pascal 1623 1662 William James 1842 1910 and especially Søren Kierkegaard 1813 1855 This book examines the life and work of Unamuno through the lens of his faith Those who are not familiar with Unamuno will find here a clear exposition of the most important themes in the thinker's work along with a framework through which one can profitably begin to read his primary texts

Imagining the Human Condition in Medieval Rome Kristin B. Aavitsland, 2017-07-05 The first monograph on the Vita Humana cycle at Tre Fontane this book includes an overview of the medieval history of the Roman Cistercian abbey and its architecture as well as a consideration of the political and cultural standing of the abbey both within Papal Rome and within the Cistercian order Furthermore it considers the commission of the fresco cycle the circumstances of its making and its position within the art historical context of the Roman Duecento Examining the unusual blend of images in the Vita Humana cycle this study offers a more nuanced picture of the iconographic repertoire of medieval art Since the discovery of the frescoes in the 1960s the iconographic programme of the cycle has remained mysterious and an adequate analysis of the Vita Humana cycle as a whole has so far been lacking Kristin B Aavitsland covers this gap in the scholarship on Roman art circa 1300 and also presents the first interpretative discussion of the frescoes that is up to date with the architectural investigations undertaken in the monastery around 2000 Aavitsland

proposes a rationale behind the conception of the fresco cycle thereby providing a key for understanding its iconography and shedding new light on thirteenth century Cistercian culture *Christian Apologetics* Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity Soul Pilgrimage James E. Taylor, Jennifer M. Taylor, 2022-03-31 I invite you to go on a pilgrimage A pilgrimage is a journey with a sacred goal The sacred goal I have in mind for you is knowing God Perhaps you re already on that pilgrimage Perhaps you already know God If so I invite you to know God better A literal religious pilgrimage involves going to a place In the Christian tradition pilgrims have journeyed to such places as Jerusalem Rome and Santiago de Compostela Going to these places requires moving your body to them But the pilgrimage I m inviting you to start or continue is a pilgrimage for your soul Your purpose on this pilgrimage will be to get your soul closer to God A pilgrimage is something you do On a literal pilgrimage you have to keep your body moving in the same direction for a long time Doing so requires using and caring for your body On a soul pilgrimage you have to keep your soul directed toward God for a long time Doing so requires the use and care of your soul by means of engaging in various spiritual practices Will you accept my invitation Will you join my wife Jennifer and me on this soul pilgrimage Faith, Form, and Fashion Paul Helm, 2014-08-14 This is a detailed examination of the theological innovations of Kevin Vanhoozer and John Franke Each proposes that doctrinal and systematic theology should be recast in the light of postmodernity No longer can Christian theology be foundational or have a stable metaphysical and epistemological framework Vanhoozer advocates a theo dramatic reconstruction of Christian doctrine replacing the timeless propositions of the purely cerebral theology of the Reformed tradition in favor of a theology that does justice to the polyphony of multiple biblical genres Franke holds that theology is part of a three way conversation between Scripture tradition and culture with an uncertain outcome This study shows that each of these proposals is based on misunderstanding and exaggeration and that the case against foundationalism is unclear and unpersuasive It is argued that Vanhoozer s appeal to revelation as divine speech acts is not as radical as he thinks and his epistemology is weak In the hands of postmodernity Christian theology abandons its exactness and the standards of care that are a notable feature of doctrinal constrictions The book will be of importance to those with interest in Reformed theology or Christian theology more generally It provides a clear assessment of the impact of the postmodern mindset on theology
