Lhypnose Textes 1886 Sigmund Freud:

Freud's Patients Mikkel Borch-Jacobsen, 2021-10-13 Portraits of the thirty eight known patients Sigmund Freud treated clinically some well known many obscure reveal a darker more complex picture of the famed psychoanalyst Everyone knows the characters described by Freud in his case histories Dora the Rat Man the Wolf Man But what do we know of the people the lives behind these famous pseudonyms Ida Bauer Ernst Lanzer Sergius Pankejeff Do we know the circumstances that led them to Freud s consulting room or how they fared how they really fared following their treatments And what of those patients about whom Freud wrote nothing or very little Pauline Silberstein who threw herself from the fourth floor of her analyst s building Elfriede Hirschfeld Freud s grand patient and chief tormentor the fashionable architect Karl Mayreder the psychotic millionaire Carl Liebmman and so many others In an absorbing sequence of portraits Mikkel Borch Jacobsen offers the stories of these men and women some comic many tragic all of them deeply moving In total thirty eight lives tell us as much about Freud s clinical practice as his celebrated case studies revealing a darker and more complex Freud than is usually portrayed the doctor as his patients their friends and their families saw him **Violence and the Oedipal**

Unconscious Nidesh Lawtoo, 2023-05-01 Representations of violence are often said to generate cathartic effects but what does catharsis mean And what theory of the unconscious made this concept so popular that it reaches from classical antiquity to the digital age In Violence and the Oedipal Unconscious Nidesh Lawtoo reframes current debates on new media violence by tracing the philosophical aesthetic and historical vicissitudes of the catharsis hypothesis from antiquity to modernity and into the present Drawing on theorists of mimesis from Aristotle to Nietzsche Bernays to Breuer Freud to Girard to Morin Lawtoo offers a genealogy of the relationship between violence and the unconscious with at least two aims First this study gives an account of the birth of the Oedipal unconscious out of a cathartic method Second it provides new theoretical foundations to solve a riddle of new media violence that may no longer rest on Oedipal solutions In the process Lawtoo outlines a new theory of violence mimesis and the unconscious that does not have desire as a via regia but rather the untimely realization that all affects spread contagiously and thus mimetically Freud Frederick Crews, 2025-06-25 From the master of Freud debunkers the book that definitively puts an end to the myth of psychoanalysis and its creator Since the 1970s Sigmund Freud s scientific reputation has been in an accelerating tailspin but nonetheless the idea persists that some of his contributions were visionary discoveries of lasting value Now drawing on rarely consulted archives Frederick Crews has assembled a great volume of evidence that reveals a surprising new Freud a man who blundered tragicomically in his dealings with patients who in fact never cured anyone who promoted cocaine as a miracle drug capable of curing a wide range of diseases and who advanced his career through falsifying case histories and betraying the mentors who had helped him to rise The legend has persisted Crews shows thanks to Freud s fictive self invention as a master detective of the psyche and later through a campaign of censorship and falsification conducted by his followers A monumental biographical study

and a slashing critique Freud *The Making of an Illusion* will stand as the last word on one of the most significant and contested figures of the twentieth century

Los pacientes de Freud Mikkel Borch-Jacobson, 2024-03-21 Todo el mundo conoce los personajes descritos por Freud en sus historiales clínicos Elisabeth von R Dora el Hombre de las ratas el Hombre de los lobos Pero se conoce a las personas reales que se ocultaban detrás de estos famosos seudónimos Ilona Weiss Bauer Ernst Lanzer Sergius Pankejeff Más en general qué se sabe de todos esos pacientes sobre los cuales Freud nunca escribió nada o muy poco Pauline Silberstein quien se suicidó tirándose desde el edificio de su analista Olga Hnig la madre del pequeño Hans Elfriede Hirschfeld el arquitecto Karl Mayreder Viktor von Dirszty la heredera lesbiana Margarethe Csonka el psíquico Carl Liebman y muchos otros Mikkel Borch-Jacobsen reconstruye aquí con precisión sus historias a veces cómicas a menudo trágicas siempre impactantes y conmovedoras En total treinta y ocho destinos que a menudo se cruzan treinta y ocho retratos vívidos de pacientes a veces desconocidos hasta ahora que nos enseñan más sobre la práctica clínica real de Freud que sus propios relatos de casos En el trasfondo revive todo un mundo desaparecido ante nosotros el de la Viena de finales del Imperio austro-húngaro como un último vals
