Liberation Theologies In The United States An Introduction:

Liberation Theologies in the United States Stacey M Floyd-Thomas, Anthony B Pinn, 2010-03-01 Liberation Theologies in the United States reveals how the critical use of religion can be utilized to challenge and combat oppression in America. In the nascent United States, religion often functioned as a justifier of oppression. Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations, oppressed communities have also made use of religion to critique and challenge this abuse. As *Liberation Theologies in the United States* demonstrates, this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of social justice including racism, poverty, and other types of oppression. Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical development, context, theory, and goals of a range of U.S. born liberation theologies: Black Theology, Womanist Theology, Latina Theology, Nancy Pineda Madrid Hispanic/Latino Theology, Benjamin Valentin Asian American Theology, Andrew Sung Park Asian American Feminist Theology, Grace Ji Sun Kim Native Feminist Theology, Andrea Smith Native American Theology, George Tink Tinker Gay and Lesbian Theology, Robert E. Shore Goss Feminist Theology, Mary McClintock Fulkerson. An extraordinary resource for understanding the vitality of liberation theologies and their relation to social transformation in the changing U.S. context. Written in an accessible and engaged way, this powerful and informative text will inspire beginners and scholars alike. I highly recommend it. Kwok Pui-lan, author of *Postcolonial Imagination and Feminist Theology*. A delight to read and an exemplary account of the genre of liberation theologies. *Religious Studies Review*. *Liberation Theologies in the United States* Stacey M Floyd-Thomas, Anthony B Pinn, 2010-03-01. include the liberation of persons who lack full participation in society and enjoyment of the good and goods made possible by that society. The essays in this handbook employ the tools of biblical criticism, history, cultural and social analysis, religious studies, philosophy, and systematic theology in order to explore and assess the nature and impact of race, ethnicity, gender, sexuality, class, immigration, and cultural and moral pluralism in America, as well as the intersections between African American and African diasporan religious thought and life.

Christian Martyrdom and Political Violence Rubén Rosario Rodríguez, 2017-07-13 In recent years, martyrdom and political violence have been conflated in the public imagination. Rubén Rosario Rodríguez argues that martyr narratives deserve consideration as resources for resisting political violence in contemporary theological reflection. Underlying the three Abrahamic monotheistic traditions is a shared belief that God requires liberation for the oppressed, justice for the victims, and most demanding of all, love for the political enemy. Christian, Jewish, and Muslim martyr narratives that condone political violence, whether terrorist or state-sponsored, are examined alongside each religion's canon in order to evaluate how central or marginalized these discourses are within their respective traditions. Primarily a work of Christian theology in conversation with Judaism and Islam, this book aims to model religious pluralism and cooperation by retrieving distinctly Christian sources that nurture tolerance and facilitate coexistence while respecting religious difference.

Republican Theology Benjamin T. Lyner, 2014-08-01 Since the founding, American evangelicals have espoused a civil religion that sees limited government as a condition for a thriving church. This republican theology, however, also accentuates the church's capacity to elevate civic virtue. How evangelicals navigate these sometimes contradictory imperatives forms the subtext of their participation in American politics.

The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher, 2015 The Oxford Handbook of Theology, Sexuality, and Gender presents an unrivalled overview of the theological study of sexuality and gender. These topics are not merely contentious and pervasive; they have escalated in importance within theology. Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each. Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline, this authoritative collection presents and develops the latest thinking in these areas. Divided into eight thematic sections, the Handbook explores methodological approaches, contributions from neighbouring

disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research Theology and the Crisis of Engagement Jeff Nowers,Néstor Medina,2013-10-11 What does theology have to do with sociology Do the social sciences in general provide helpful assistance to theologians Does theology have anything to contribute to social theory This compendium of essays attempts to address such questions In so doing it confronts assumptions about how academic disciplines are best articulated whether within their own airtight frames or in dialogue with one another The essays in the first half of the book accomplish this from historical and methodological perspectives while the remaining essays present case studies or constructive proposals for how theology might engage the social sciences in productive ways For those particularly interested in the ongoing development of theologies of liberation this book will be timely The essays reflecting a definite international flavor are written in honor of Lee Cormie a long standing advocate of what he calls the new voices in theology that have irrupted in the wake of Vatican II Cormie has spent over three decades teaching theologies of liberation at the Toronto School of Theology on the campus of the University of Toronto This book continues the many conversations that his teaching has provoked Negotiating Feminisms Eilidh AB Hall,2021-03-04 Negotiating Feminisms examines intergenerational feminism in Chicana family life It analyses literary representations of the ways that Chicanas negotiate feminisms in the family across generations through the maintenance contestation and adaptation of traditional gender roles Using an original theoretical lens of negotiation to read the works of Ana Castillo and Sandra Cisneros this book unpacks intergenerational resistance to patriarchal oppression This book shows how the works of Cisneros and Castillo articulate a politics of negotiation that critiques the gendered ideologies and roles of the family In doing so the book s discussion not only engages with literary representations but also connects these representations to the contextual experience of Chicana family life This book calls for a rethinking of women characters beyond limited and limiting familial roles and uses the framework of feminist negotiation as a means to explore the empowering possibilities of intergenerational female relationships Latino/a Theology and the Bible Francisco Lozada Jr.,Fernando F. Segovia,2021-05-11 This book explores the use of the Bible among Latino a theologians today Latino a Theology emerged in the 1980s alongside a broad variety of contextual theological movements and discourses following the Latino a movement and the formation of Latino a Studies in the 1960s and 1970s While much work has been done on biblical interpretation in Latino a biblical criticism little can be found regarding interpretation in Latino a theological reflection To address this gap in the literature the contributors from various ecclesial affiliations and religious traditions examine the status and role of the Bible in Latino a Theology *The Histories of the Latin American Church* Joel M. Cruz,2014-11-15 Latin American Christianity is too often presented as a unified story

appended to the end of larger western narratives And yet the stories of Christianity in Latin America are as varied and diverse as the lands and the peoples who live there The unique political ecclesial social and historical realities of each nation inevitably shaped a variety of Christian expressions in each Now for the first time a resource exists to help students and scholars understand the histories of Latin American Christianity An ideal resource this handbook is designed as an accompaniment to reading and research in the field After a generous overview to the history and theology of the region the text moves nation by nation providing timelines outlines and substantial introductions to the politics people movements and relevant facts of Christianity as experienced in that nation The result is an informative and eye opening introduction to a kaleidoscope of efforts to articulate the meanings and implications of Christianity in the context of Latin America

Deconstructing Undecidability Michael Oliver,2020-02-06 Advancing current readings of the deconstructive work of Jacques Derrida *Deconstructing Undecidability* critically explores the problematic nature of decision including the inherent exclusivity that accompanies any decision In discourses where a pursuit of justice or liberation from systemic oppression is a primary concern Michael Oliver argues for an appreciation of the inescapability of making limited difficult decisions for particular forms of justice Oliver highlights a similarly precarious predicament in the context of philosophical and religious negotiations of divine decision pointing to the impossibility of safely navigating this issue While wholeheartedly affirming the problem of exclusivity that inevitably accompanies decision this book offers a renewed sense of undecidability that highlights a mistaken illusory position of indecision as a reflection of power and privilege Ultimately this book aims to gain a greater appreciation for the complexity of the problem of decision in order to be more rigorous and transparent in our continued engagement with it

A False Kind of Christianity Dan Jensen,2017-06-15 In this work Dan Jensen offers the conservative Evangelical community a no nonsense assessment of the growing and aggressive progressive Christian movement Jensen provides two chapters of personal testimony a short overview of the history behind the progressive Christian movement a brief summary of the teachings of the movement and then he clearly elucidates the fact that the progressive Christian possesses absolutely no biblical foundation Jensen makes it clear why this movement must be countered by conservative Evangelicals

Peace and Faith Cary Nelson, Michael C. Gizzi, 2021-10-26 PEACE AND FAITH Christian Churches and the Israeli Palestinian Conflict composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement's impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today hew to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti-Semitism in judging Israel's conduct What Christian values should be honored in pursuing Jesus's mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address

The Theological and the Political Mark Lewis Taylor, 2011 Princeton's Mark Lewis Taylor has always worked at the intersection of the political and theological Now in this intense and exciting work he explores in a systematic way how those two dimensions of human reality can be conceived anew and together Taylor argues that the decline of political discourse the justification of torture and preemptive war mass incarceration the misuse of religion to justify atrocity and most especially the sheer weight of suffering in the world all these developments urge us to reconceive theology itself In conjunction with the latest insights of political theory decolonial thought and spectral theories in contemporary philosophy Taylor suggests that the political is the context of the theological and a realm in which we can discern beyond simple categories of transcendence and immanence a transimmanence that is theologically illuminative and politically liberating Publisher description
