Libra By Don DeLillo:

Libra Don DeLillo, 1991-05-01 From the author of the National Book Award winning novel *White Noise* comes an eerily convincing fictional speculation on the events leading up to the assassination of John F Kennedy In this powerful unsettling novel Don DeLillo chronicles Lee Harvey Oswald s odyssey from troubled teenager to a man of precarious stability who imagines himself an agent of history When history presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on the life of the president will galvanize the nation against communism the scales are irrevocably tipped A gripping masterful blend of fact and fiction alive with meticulously portrayed characters both real and created *Libra* is a grave haunting and brilliant examination of an event that has become an indelible part of the American psyche Literary Contexts in Novels ,2006 **Libra. Don DeLillo** Don DeLillo, 2011 Dealey Plaza Dallas Texas Friday November 22 1963 12 30 PM Shots ring out A president dies And a nation is plunged into psychosis Don DeLillo s extraordinary *Libra* is a brilliant reimagining of the events and people surrounding the assassination of President John F Kennedy Concentrating on the lives of Lee Harvey Oswald some rogue former spooks unhappy with Kennedy s presidency and Nicholas Branch a CIA archivist trying to make sense of or draw inferences from the mass of information after the assassination *Libra* presents an unapologetically provocative picture of America in the second half of the last century

who is as hauntingly real in the book as he was elusive in reality Here he is as large and as small as life joining the marines poring over Marxist texts defecting to Russia handing out leaflets for the Fair Play Cuba committee imagining himself as an agent of history That is until history presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on JFK s life one that could be linked to Fidel Castro is the only way to put Cuba back in geopolitical play and that Oswald would be the perfect instrument for their plans Praise for *Libra* One of the most ironic intelligent grimly funny voices to comment on life in present day America The New York Times *Libra* operates at a dizzyingly high level of intensity throughout it s that true fictional rarity a novel of admirable depth and relevance that s also a terrific page turner USA Today **Incantations of the Sign** Warren Whitney, 1992 **The Play of texts in Don DeLillo's *Libra*, *Ratner's Star*, and *White Noise* (PHD).** John David Applen, 1994

Representations of Technoculture in Don DeLillo's Novels Laila

Sougri,2023-09-04 This book is the first to explore technoculture in all of Don DeLillo's novels From Americana 1971 to The Silence 2020 the American author anatomizes the constantly changing relationship between culture and technology in overt and layered aspects of the characters experiences Through a tendency to discover and rediscover technocultural modes of appearance DeLillo emphasizes settings wherein technological progress is implicated in cultural imperatives This study brings forth representations of such implication interaction through various themes particularly perception history reality space architecture information and the posthuman The chapters are based on a thematic structure that weaves DeLillo's novels with the rich literary criticism produced on the author and with the various theoretical frameworks of technoculture This leads to the formulation and elaboration on numerous objects of research extracted from DeLillo's novels namely the theorization of DeLillo's radiance in dailiness the investigation of various uses of technology as an extension the role of image technologies in redefining history the reconceptualization of the ethical and behavioral aspects of reality the development of tele visual and embodied perceptions in various technocultural spaces and the involvement of information technologies in reconstructing the beliefs behaviors and activities of the posthuman One of the main aims of the study is to show how DeLillo's novels bring to light the constant transformation of technocultural everydayness It is argued that though such

transformation is confusing or resisted at times it points to a transitional mode of being This transitional state does not dehumanize DeLillo's characters it reveals their humanity in a continually changing world The Hand of the Interpreter G. F. Mitrano, Eric Jarosinski, 2009 This collection of essays by scholars and artists of different disciplines and from different countries is designed to navigate the labyrinth of contemporary aesthetic ideologies with the aim of reassessing how we read both the way in which texts touch us and we them Theory has transformed texts into mute interlocutors exposed to infinite indeterminacy While the response to this sense of silence that undermines meaning is often informed by a nostalgia for older notions of close reading the essays in this volume work towards a re evaluation of key subjects such as reader writer and text The contributors engage with topics such as digital books popular culture alternative ways of book making visual verbal collaborations and thematic explorations of the hand in literature **The Fiction of Postmodernity** Stephen

Baker, 2000-06-07 The Fiction of Postmodernity is a significant and accessible study of the relation of postmodern fiction to theories of the postmodern Contemporary works of fiction by novelists such as Don DeLillo Toni Morrison Salman Rushdie Thomas Pynchon and Martin Amis are viewed in relation to critiques of the culture industry analyses of the postmodern condition and theories of simulacra The work of influential theorists of the postmodern such as Theodor Adorno Jean Fran ois Lyotard Fredric Jameson and Jean Baudrillard is explained and compared The book offers descriptions of the postmodern from both the Marxist critical tradition and from the perspective of postmarxism Key features in both these definitions are explained in relation to modernist and postmodern works of fiction Issues relating to the postmodern representation of history and the development of a postmodern politics are also addressed in relation to works of contemporary fiction

American Postmodernist Fiction and the Past T. Savvas, 2011-10-24 Through a close reading of the work of five prominent American postmodernist writers this book re-evaluates the role of the past in recent American fiction outlines the development of the postmodernist historical novel and considers the waning influence of postmodernism in contemporary American literature

Madness in Cold War America Alexander Dunst, 2016-08-19 This book tells the story of how madness came to play a prominent part in America's political and cultural debates It argues that metaphors of madness rise to unprecedented popularity amidst the domestic struggles of the early Cold War and become a pre-eminent way of understanding the relationship between politics and culture in the United States In linking the individual psyche to society psychopathology contributes to issues central to post-World War II society a dramatic extension of state power the fate of the individual in bureaucratic society the political function of emotions and the limits to admissible dissent Such vocabulary may accuse opponents of being crazy Yet at stake is a fundamental error of judgment for which madness provides welcome metaphors across US diplomacy and psychiatry social movements and criticism literature and film In the process major parties and whole historical eras literary movements and social groups are declared insane Reacting against violence at home and war abroad countercultural authors oppose a sane madness to irrational reason romanticizing the wisdom of the schizophrenic and paranoia's superior insight As the Sixties give way to a plurality of lifestyles an alternative vision arrives of a madness now become so widespread and ordinary that it may finally escape pathology

The Future Belongs To Crowds: Media in Don DeLillo's Libra, Mao II and White Noise Jan Riepe, 2007-08-23 Thesis M.A. from the year 2006 in the subject American Studies Literature grade 2.0 University of Freiburg Englisches Seminar course Magisterprüfung language English abstract This paper analyzes the treatment of media in novels by Don DeLillo Key concepts in the study of media will be presented and explained in regard to how they are represented in DeLillo's novels The focus will be on the novels and not on the media after all this is a master's thesis in Literary and not in Communications Studies Media and media theory in our age of information capitalism are now more than ever before a topic that deserves close scholarly attention Media theorists agree that to study the media is to study one of the most important topics of the day and that such study should be compulsory part of every citizen's liberal education Fred Inglis *Media Theory An Introduction* Oxford Basil Blackwell 1990 p. 6 Most people in their daily lives are permanently surrounded by media No matter if it is our entertainment information health knowledge memory identity dreams emotions or even our dying all have by now been incorporated by the media It is impossible to understand our acting and thinking without considering the influence of mediation The entire history of mankind is inseparable from media from language to the alphabet and the printing press all the way to today's instant electronic communication Every interpretation of anything is medially determined Arjen Mulder *Understanding Media Theory Language Image Sound Behavior* Rotterdam V2_Publishing NAI Publishers 2004 p. 179 media are our means of understanding it is through them that we try to make sense of the world As this paper will show the mass media now have an enormous

influence of both public and private life of Western culture in fact individuals as much as nations today formulate their agendas memories and identities in response to values and passions that are increasingly formed through mechanically reproduced images Lutz Koepnick *Walter Benjamin and the Aesthetics of Power* Lincoln London University of Nebraska Press 1999 p 213 Images and electronic media increase their cultural authority to the disadvantage of the print medium essentially it has been argued to the disadvantage of literature Yet this paper will show how the media are in turn incorporated into the contemporary American novel by Don DeLillo *Reading for My Life* John Leonard, 2012-03-15 Right up until his death in 2008 John Leonard was a lion in American letters A passionate erudite and wide ranging critic he helped shape the landscape of modern literature He reviewed the most celebrated writers of his age from Kurt Vonnegut and Joan Didion to Toni Morrison and Thomas Pynchon He championed Morrison s work so ardently that she invited him to travel with her to Stockholm when she accepted her Nobel Prize He also contributed many pieces on television film politics and the media which continue to surprise and impress with their fervor and prescience *Reading for My Life* is a monumental collection of Leonard s most significant writings spanning five decades from his earliest columns for the Harvard Crimson to his final essays for *The New York Review of Books* Here are Leonard s best writings many never before published in book form on the cultural touchstones of a generation each piece a testament to his sharp wit fierce intelligence and lasting love of the arts Definitive reviews of Doris Lessing Vladimir Nabokov Maxine Hong Kingston Tom Wolfe Don DeLillo Milan Kundera and Philip Roth among others display his passion and nearly encyclopedic knowledge of literature in the second half of the twentieth century His essay on Ed Sullivan and the evolution of television remains a classic Throughout Leonard s reviews and essays is a dedicated political spirit pleading for social justice advocating for the women s movement and forever calling attention to writers whose work challenged and excited him With an introduction by E L Doctorow and remembrances by Leonard s friends family and colleagues including Gloria Steinem and Victor Navasky *Reading for My Life* stands as a landmark collection from one of America s most beloved and influential critics **Our Cloud of Knowing** Amy Ashcroft, 1999 *Latent Destinies* Patrick O'Donnell, 2000-10-27 Uses a discussion of contemporary films and literary works to present an understanding of paranoia as a defining element in postmodern late capitalist structure **Counterfeit Politics** David Kelman, 2012-10-20 In *Counterfeit Politics* David Kelman reassesses the political significance of conspiracy theory Traditionally political theory has sought to banish the paranoid style from the proper domain of politics But if conspiracy theory lies outside the sphere of legitimate politics why do these narratives continue to haunt political life *Counterfeit Politics* accounts for the seemingly ineradicable nature of conspiracy theory by arguing that all political statements ultimately take the form of conspiracy theory Through careful readings of works by Ernest Hemingway Ricardo Piglia Thomas Pynchon Don DeLillo Jorge Luis Borges Ishmael Reed Jorge Volpi Rigoberta Mench and ngel Rama Kelman demonstrates that conspiracy narratives bear witness to an illegitimate or counterfeit secret that cannot be fully recognized

understood and controlled Even though the secret is not authorized to speak this silence is nevertheless precisely what gives the secret its force Kelmangoes on to suggest that all political statements even those that do not seem paranoid are constitutively illegitimate or counterfeit since they always narrate this unresolved play of legitimacy between an official or authorized plot and an unofficial or unauthorized plot a complot In short Counterfeit Politics argues that politics only takes place as conspiracy theory

Apocalyptic Transformation Elizabeth K. Rosen,2008-02-15 Since its inception the story of the apocalypse has been used as a means by which to understand the world and one's place in it The appeal of the apocalyptic myth is largely rooted in its ability to make sense of instances of crisis by incorporating those crises into a larger plan for history and an end of time that God has planned Apocalypse is both an organizing principle to be imposed on an overwhelming seemingly disordered universe and a fundamentally moral story which offers hope of a new world where good and evil can be clearly delineated and addressed But all of the traditional functions and comforts of the apocalyptic myth are challenged when the myth collides with postmodernism The characteristics that define a work as postmodern ultimately destabilize the traits that make the apocalyptic myth unique Using the work of Terry Gilliam Don DeLillo Kurt Vonnegut and other writers in the genre Apocalyptic Transformation examines the collision of the postmodern mode and the apocalyptic myth explores the process of secularizing this religious story and the reasons for doing so and asks the question What happens when an author undermines the grand narrative of the apocalypse
