Lingo Gaston Dorren, 2015-12-01 Six thousand years Sixty languages One brisk and breezy whirlwind armchair tour of Europe bulging with linguistic trivia The Wall Street Journal Take a trip of the tongue across the continent in this fascinating hilarious and highly edifying exploration of the many ways and whys of Euro speaks its idiosyncrasies its histories commonalities and differences Most European languages are descended from a single ancestor a language not unlike Sanskrit known as Proto Indo European or PIE for short but the continent's ever changing borders and cultures have given rise to a linguistic and cultural diversity that is too often forgotten in discussions of Europe as a political entity Lingo takes us into today's remote mountain villages of Switzerland where Romansh is still the lingua franca to formerly Soviet Belarus a country whose language was Russified by the Bolsheviks to Sweden where up until the 1960s polite speaking conventions required that one never use the word you In this bubbly linguistic endeavor journalist and polyglot Dorren thoughtfully walks readers through the weird evolution of languages Publishers Weekly and not just the usual suspects French German Yiddish Irish and Spanish Here too are the esoteric Manx Ossetian Esperanto Gagauz and Sami and that global headache called English In its sixty bite sized chapters Dorren offers quirky and hilarious tidbits of illuminating facts and also dispels long held lingual misconceptions no Eskimos do not have 100 words for snow Guaranteed to change the way you think about language Lingo is a lively and insightful unique page turning book Minneapolis Star Tribune Beyond Equity at

Community Colleges Sobia Azhar Khan, Kendra Unruh, 2022-06-15 This volume proposes that the work of community colleges has expanded beyond equity into providing a true barrier free learning environment for students one that is attuned to justice The essays included here serve as evidence and examples of the productive ways in which educators may bring theory and practice to bear on each other which in turn may allow community college faculty staff and administrators to reexamine the role of a community college as a space for justice Topics explored with this volume include liberatory educational practices in and out of the classroom transforming classrooms into the site of collaboration and contestation and unique visions of how to promote opportunity for marginalized students Ultimately the goal of this edited volume is to explore and encourage community college educators to understand the integral role they play in bringing transformative justice to their students and their communities Europa de Est.
