Blood Entanglements Stephen Offutt, 2023 In many low income neighborhoods in El Salvador two groups have significant influence over the public sphere gangs and evangelical churches Members of both groups often belong to the same families use similar organizational strategies and engage each other in local marketplaces Pastors and gang leaders compete for power within communities while informally sharing community governance Entanglements even occur within formal organizations Gang members can be found in churches and faith based organizations while an evangelical presence exists within prisons and other gang controlled spaces Blood Entanglements shows the importance of religion in gang controlled neighborhoods in El Salvador through extensive empirical data and the personal stories of people who live there Stephen Offutt uses the notion of entanglement to explain how and why evangelicals have such frequent and often intimate interactions with gangs which are groups that many evangelicals believe are evil Entanglement he shows also sheds light on how evangelicals engage with Latin American society and social problems more generally The book concludes with policy recommendations for reducing gang prevalence and violence in areas with a prominent evangelical presence

Heath, David Kirwa Tarus, 2017-11-01 How should Christians respond to terrorism and terrorists in their midst Terrorism is a global problem and no society on earth faces it alone The mainly Christian society of Kenya has suffered more than most as it attempts to counter the threat of al Shabaab Some pastors have asked for permission to carry guns Many Christians support government military action while others recommend pacifist stances and strive for dialogue and reconciliation with the Muslim community In this book ten Kenyan Christian thinkers and practitioners share their experiences and insights A response section from seven others including a Kenyan Muslim scholar enrich the discussion Shelter on the Journey Priscilla Solano, 2024-04-26 This book surveys the social life and contested meanings in migrant shelters in Mexico probing the interactions between refugees humanitarian staff and outside interests The author finds that these interactions construct a human rights discourse in favor of freedom of movement *Christianity and International Law* Pamela Slotte, John D.
