Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style *The Encyclopædia Britannica* Hugh Chisholm, James Louis Garvin, 1926 **The Encyclopædia Britannica** ,1911 **The Encyclopaedia Britannica: Tonalite-Vesuvius** ,1911 The last great work of the age of reason the final instance when all human knowledge could be presented with a single point of view. Unabashed optimism and unabashed racism pervades many entries in the 11th and provide its defining characteristics. Despite its occasional ugliness the reputation of the 11th persists today because of the staggering depth of knowledge contained within its volumes. It is especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten except by the historians scholars. The Guardian <https://www.theguardian.com/books/booksblog> 2012 apr 10 encyclopaedia britannica 11th edition *Children* ,1956 **Classical Literature and Learning in Medieval Irish Narrative** Ralph O'Connor, 2014 This edited volume will make a major contribution to our appreciation of the importance of classical literature and learning in medieval Ireland and particularly to our understanding of its role in shaping the content structure and transmission of medieval Irish narrative. Dr Kevin Murray Department of Early and Medieval Irish University College Cork. From the tenth century onwards Irish scholars adapted Latin epics and legendary histories into the Irish language including the *Imtheachta Aeniasa* the earliest known adaptation of Virgil's *Aeneid* into any European vernacular. *Togail Troia* a grand epic reworking of the decidedly prosaic history of the fall of Troy attributed to Dares Phrygius and at the other extreme the remarkable *Merugud Uilixis meic Leirtis* a fable like retelling of Ulysses's homecoming boiled down to a few hundred lines of lapidary prose. Both the Latin originals and their Irish adaptations had a profound impact on the ways in which Irish authors wrote narratives about their own legendary past notably the great saga *Tin B C ainge* The Cattle Raid of Cooley. The essays in this book explore the ways in which these Latin texts and techniques were used. They are unified by a conviction that classical learning and literature were central to the culture of medieval Irish storytelling but precisely how this relationship played out is a matter of ongoing debate. As a result they engage in dialogue with each other using methods drawn from a wide range of
