Burkholder, David Cramer, 2012-04-04 Anabaptists have often felt suspicious of American evangelicalism and in turn evangelicals have found various reasons to dismiss the Anabaptist witness Yet at various points in the past as well as the present evangelicals and Anabaptists have found ample reason for conversation and much to appreciate about each other The *Activist Impulse* represents the first book length examination of the complex relationship between evangelicalism and Anabaptism in the past thirty years It brings established experts and new voices

together in an effort to explore the historical and theological intersection of these two rich traditions Each of the essays provides fresh insight on at least one characteristic that both evangelicals and Anabaptists share an impulse to engage society through the pursuit of active Christian witness

**Holistic Mission** Hannes Wiher,2022-05-16 For the last 50 years one of the most important discussions in global evangelicalism has concerned the idea of holistic mission which proposes the integration of verbal evangelism and social engagement within Christian mission This book examines how key terms such as evangelism

and mission have been understood in contemporary evangelical declarations from 1966 to 2011 in the Bible and in the missiological debate. It adopts an in-depth approach to the historical biblical and theological analysis. The main thesis is that the different conceptions of evangelism and mission in general and that of holistic mission in particular have their root in the worldview of the various theologians and Christian leaders preparing these statements. The book evaluates the missiological conceptions of evangelism and mission proposed in the various declarations in the light of the Bible so as to derive a biblical understanding of evangelism and mission.

*The Reconciliation of Humanity in Christ* Peter Y. Hong, 2024-12-10

The Reconciliation of Humanity in Christ is essential reading for Christians who wish to lead and serve the globalized world. This book is about theological engagement with globalization. Although people are now living in a world in which a universal and inclusive society has emerged, the church has remained powerless in uniting peoples, nations, and civilizations as one in Christ. In order for the church to regain its credibility and confidence, it must address three theological issues: social justice, religious pluralism, and ethics, and the missional method. The rationale for this book is that the power of true religion becomes evident in the world when all Christians are engaging with globalization to reconcile humanity with God and with each other in preparation for the consummation of God's kingdom. In response to the problems of globalization, Christians can become agents of renewal for globalization by administering God's grace and peace for humanity. This book will educate and equip the readers to engage with the issues of globalization in the public arena. Readers will gain a biblical understanding of the church's role in fulfilling God's plan and purpose for humanity through globalization.

*Rich Christians in an Age of Hunger* Ronald J. Sider, 2015-07-28

In an age obsessed with wealth, Christians seem to have forgotten that scripture encourages believers to give to the poor. Why do 1.3 billion people live in abject poverty? And what should Christians do about it? Despite a dramatic reduction in world hunger, 34,000 children still die daily of starvation and preventable disease, and 1.3 billion people around the world remain in abject poverty. Dr. Ron Sider, a professor of theology, examines the issues of poverty and hunger in modern society. While the Bible is full of instructions to care for the poor and warns against being seduced by riches, it's been statistically proven that the richer countries become the less they give. Finding that conservatives blame what they consider to be morally reprehensible individual choices and liberals blame what they believe to be constrictive social and economic policy, Dr. Sider finds himself agreeing with both sides. First published in 1978, *Rich Christians in an Age of Hunger* has had an enormous impact on how believers and churches view questions of poverty and hunger. Dr. Sider's insights provide a compelling look at what it truly means to follow Christ. This edition of *Rich Christians in an Age of Hunger* is newly revised, expanded, and updated. Listed as one of the 100 most influential books in religion in the 20th century, a resource for Christians seeking to overcome poverty and change the economic structures of our world. In this fresh look at an age-old problem, Dr. Sider offers a detailed explanation of the causes of poverty and hunger, as well as a comprehensive series of practical solutions for Christians who want to seriously pursue their faith and become better followers of Jesus.

*Fire* Michael Wilkinson, Peter Althouse, 2014-03-15 A recent phenomenon of charismatic renewal took place in Toronto in the mid 1990s Commonly known as the Toronto Blessing and operated by the former Vineyard Church leaders John and Carol Arnott the renewal was defined by reports of uncontrollable laughter weeping speaking in tongues animal noises and falling on the floor during worship Sympathetic Christians embraced these practices while others who believed that this form of worship boarded on spectacle rejected them By the end of the 1990s most people thought that the renewal was over Yet in the first decade of the twenty first century the authors a sociologist and a theologian heard rumors that the Toronto church now known as Catch the Fire was still holding mass meetings with upwards of 2 000 people in attendance They also learned of an emerging practice of soaking prayer an adaption of Pentecostal charismatic prayer that participants and leaders claim facilitates and expands the reception of divine love in order to give it away in acts of forgiveness reconciliation compassion and benevolence Soaking the authors reveal is a metaphor for practices like resting in the Spirit prayer for spiritual gifts healing prophecy impartation and supports overall charismatic spirituality Attending Catch the Fire conferences churches and house meetings in the United States Canada Britain Australia and New Zealand Wilkinson and Althouse observed first hand how people soak what it means to soak and why soaking is considered an important practice among charismatics

**Salvation in the Flesh** David Tremontozzi, 2018-02-01 David Tremontozzi contends that conservative traditional Christianity has uncritically adopted an intellectualist i e rationally driven view of faith in its understanding and practice of salvation Throughout he maintains that an intellectualist soteriology should be rejected because it prioritizes the rational over other behavioral and affective aspects of faith An intellectualist rendering of salvation is incomplete because human experience is neither abstract nor gnostic it is embodied and experientially relevant An intellectualist soteriology simply cannot account for the dynamic and transforming possibilities of saving grace Salvation in the Flesh offers an innovative perspective on the embodied nature of faith and the centrality of the Holy Spirit in the Christian doctrine of salvation Drawing from the cognitive neurosciences and psychology Tremontozzi argues for a holistic awareness of cognition to better inform an embodied understanding of faith In dialogue with the cognitive sciences he appropriates Jonathan Edwards theology of religious affections early church practices and pentecostal spirituality to highlight the soteriological significance of orthodoxy orthopraxy and orthopathy for a renewal soteriology of embodiment In doing so Tremontozzi offers a vision of salvation that more thoroughly accounts for the multifarious ways God s saving grace interacts with human flesh and blood
