**Gore Vidal and Antiquity** Quentin Broughall, 2022-08-01 This book examines Gore Vidal's lifelong engagement with the ancient world. Incorporating material from his novels, essays, screenplays, and plays, it argues that his interaction with antiquity was central to the way in which he viewed himself, his writing, and his world. Divided between the three primary subjects of his writing: sex, politics, and religion, this book traces the lengthy dialogue between Vidal and antiquity over the course of his sixty-year career. Broughall analyses Vidal's portrayals of the ancient past in novels such as *Julian* (1964), *Creation* (1981), and *Live from Golgotha* (1992). He also shows how classical literature inspired Vidal's other fiction, such as *The City and the Pillars* (1948), *Myra Breckinridge* (1968), and his *Narratives of Empire* (1967, 2000). Beyond his fiction, Broughall examines the ways in which antiquity influenced Vidal's careers as a playwright, an essayist, and a satirist, and evaluates the influence of classical authors and their works upon him. Of interest to students and scholars in classical studies, reception studies, American politics, and literature, and the work of Gore Vidal, this volume presents an original perspective on one of the most provocative writers and intellectuals in post-war American letters. It offers new insights into Vidal's attitudes, influences, and beliefs, and throws fresh light upon his patrician self-fashioning and his mercurial output. *Gore Vidal* Steven Abbott, 2009 This bibliography documents all phases of Vidal's ongoing remarkable work. It focuses on Gore Vidal as a writer from 1940 through June 2009. In two volumes, second on CD, this is the definitive comprehensive and descriptive bibliography of his work and is a valuable reference book for libraries, collectors, scholars, booksellers, and Vidalophiles. The book is organized in user-friendly sections of which the A Books and Pamphlets, B Contributions to Books and Pamphlets, and D Foreign Language Translations of Books. Sections identify, with detailed descriptions, Vidal's books, significant textual variations within a title, by comparing different editions of a book, books and pamphlets with contributions by him and foreign translations in more than 30 languages, with full bibliographic citations of the books in French, Italian, and Spanish. More than 400 of his contributions to periodicals are listed and cross-referenced to their reappearances in books, collections, and anthologies. Also included are selected interviews with Vidal. His screenplays for film and television, both original writings and adaptations, are included, as are web postings and podcasts of essays, comments, excerpts, and reviews. The Appendices include a chronology of Vidal's life, a table of essay titles including title changes, a table of Vidal's small press appearances, a selection of critical works about him and his oeuvre, and a listing of Vidal's work as an actor. More than 650 images of the covers and title pages of a wide selection of Vidal's books are included in grayscale in Volume I and more than 1400 in color on the accompanying CD-ROM. Through this bibliography, scholars and readers interested in literature, social commentary, sexuality, media, religion, history, politics, and public life have a valuable tool for research on one of the Modern Era's most celebrated authors. *The Writers Directory*, 2013 *Hart Crane* Brian M. Reed, 2006-04-02 This volume studies the relation between globalization and inequalities in emerging societies by linking Area and Global Studies, aiming at a new theory of inequality.
